COMMUNITY SERVICE PROJECT

Psi Chapter Sorors and breast cancer survivors, Stevette Bauman and Daphne Hornbuckle, volunteered for the 5th Annual Pink Diamonds Breast Cancer Awareness Bike Ride, on Saturday, Oct 11, 2025. The Sorors pasted out Gatorade and fruit to the riders at one of the rest points. This bike ride and health fair, at Duncanville High School, raised funds to support those diagnosed with breast cancer. Soror A. Crawford

On October 19, 2025, the Future Iota Leaders (FIL) meeting began with a prayer, followed by FIL Ariel Smith reciting the inspiring poem "Attitude" by Charles Swindoll. Guest speaker Teneque Gabriel, a former Iota GEM, Iota scholarship recipient, and 10-year owner of Mathnasium a math tutorial company shared her journey as an entrepreneur.

She emphasized that entrepreneurship is rewarding but requires wearing "many hats," or developing a wide range of skills, to bring your dreams to life. Using a creative hat demonstration, Ms. Gabriel illustrated the various roles and responsibilities entrepreneurs must master. Both Sorors and FIL participants were captivated by her engaging presentation. First

Vice President Soror Danielle Daniels-Young presented the guidelines for the Evelyn D. Wilkey Iota Essay Contest. She encouraged participation and reminded attendees that applications and essays are due by November 16th to the Psi Chapter Education and Scholarship Committee.

Alzheimer's Disease
Submitted by: Soror N. Robinson**

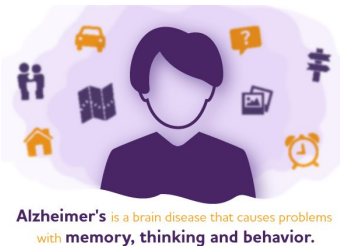

November is a time to spotlight Alzheimer's disease, a progressive brain disorder that affects memory, thinking, and behavior. According to the Alzheimer's Association, Alzheimer's is the most common cause of dementia, accounting for 60–80% of cases. It is not a normal part of aging, though age is the greatest known risk factor.

Most individuals diagnosed are 65 and older, but younger-onset (or early-onset) Alzheimer's can affect

those under 65. Symptoms gradually worsen over time, eventually interfering with daily tasks and independence.

While there is currently no cure, recent treatments—donanemab (Kisunla™) and lecanemab (Leqembi®)—offer hope by slowing cognitive decline in early stages through the removal of beta-amyloid from the brain. Let's continue to raise awareness, support caregivers, and honor those affected by this disease.

**Diabetes Awareness Month
Submitted by: Soror R. Jones**

**NOVEMBER IS DIABETES AWARENESS MONTH
YOU CAN THRIVE WITH DIABETES**

A diabetes diagnosis doesn't define you. With the right tool and mindset, you can live a healthy, active life. The American Diabetes Association (ADA) offers support every step of the way—whether you're newly diagnosed, caring for someone with diabetes, or simply learning how to stay well.

Stay Active Regular physical activity is one of the best ways to manage diabetes. Walking, swimming, dancing—any movement you enjoy—can help lower blood sugar, boost energy, and improve overall health.

If you're new to exercise, start slowly and talk with your doctor before increasing intensity—especially if you have complications. Even light activity counts, and consistency matters more than perfection.

Manage Your Weight Maintaining a healthy weight reduces the risk of heart disease, kidney issues, and stroke. You don't need a fad diet—just balance nutritious foods, portion control, and regular movement. Losing even a few pounds can make a big difference in how you feel and how you manage your diabetes.

Safety First Check your blood sugar before and after workouts, stay hydrated, and listen to your body. Your healthcare team can help design a safe fitness plan that works for you.

Remember: diabetes is part of your life, not your whole story. With smart choices and steady effort, you can thrive—every step of the way.

Ariel Takes Flight: Psi Chapter Mentorship Inspires Future Aviator

When FIL Ariel Smith shared her growing interest in aviation, Soror Collette of Psi Chapter made sure she had the chance to explore it firsthand by taking her to Girls in Aviation Day Dallas, on Saturday, October 11, 2025, held at the Victor N. Agather Hangar. The event, hosted by Women in Aviation International, offered young girls a closer look at aircraft, flight careers, and inspiring women in the field.

Ariel enjoyed hands-on exhibits, met female pilots, and learned more about the possibilities in aviation. Psi Chapter continues to take pride in nurturing curiosity and ambition among its youth, with Soror Collette's mentorship showing how one conversation can help a young girl's dream take flight.

On **Saturday, October 25, 2025**, Psi Chapter partnered with **Parkland Healthy Start, Hope Supply Co., and School of Women, Inc.**, to support young mothers at the Dallas Public Library.

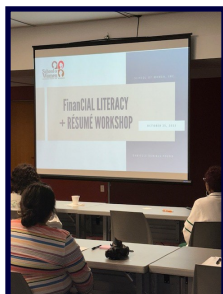

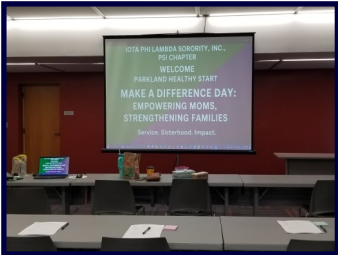

Sorors led a hands-on **Financial Literacy & Résumé Power Hour**, guiding participants through a simple five-line budget, one “money win,” and two CAR/STAR résumé bullets they can use immediately. We shared a Dallas local resource list and closed with a **self-care reset (M.E.A.L.S.)**.

M.E.A.L.S. is a five-step, zero-cost self-care checklist: **Move** for 2 minutes, **Exhale** with 4-4-6 breathing once a day, **Ask** for 15 minutes of help, morning **Light & Liquids** (sunlight + water), and a simple **Sleep** cue (same wind-down each night).

Thanks to community partners, families received essential **self-care kits and baby care items**—reinforcing that small steps create big change.

Impact: Served **25 mothers** and distributed **25 kits** with practical tools for budgeting and job readiness. **22 Sorors** volunteered **3 hours** to make this day a success. Special thanks to our partners and the Dallas Public Library for space and support.
