## Message from the President

### Greetings Sorors!

This sorority year kicks off with excitement and enthusiasm, with the anticipation of a lot of zoom meetings and plenty of work ahead. The Meditation Team set the tone in the first chapter meeting with an amazing theme, **"New Beginning and New Day of Work,"** using as a background Scripture, "I must work the works of him who sent me while it is day: the night cometh no man can work (John 9:4). It was awesome. Many thanks to the Meditation Committee and National President-Elect Soror Charlotte Berry for their participation.

Psi Chapter hosted its first in-person/zoom meeting simultaneously. This was an extraordinary meeting for all the sorors to stay connected, those at home and others in person, at the same time. Psi Pearls to Soror Wonda Traylor for taking leadership in this effort with the support of President Reeves, Vice President Moore, and the entire Executive Committee. This was just the beginning; there is much more to come.

The Membership Committee is off to a great start. Psi Pearls to Soror Collette Jones-Chair and her entire Membership Committee for planning the first Informational Session and delivering an informative program.

Sorors, our calendar is filling up. The "President's Workshop,"

"Chat and Chew" and "The Soror of the Year Celebration" is nearby. Let's get involved. Support these events and continue Building on a Solid Foundation, Empowering and Strengthening Sisterhood in Business.

As you know, October is National Breast Cancer Awareness Month. Let's spread the word on taking steps to detect breast cancer through annual mammograms and self-examinations.

Also, remember those affected by domestic violence. Continue to encourage them to seek help through counseling, support groups, shelters, and other resources.

*Sisterly*

# Jazz, Emeralds and Pearls

3D Virtual Art Gallery and Fundraiser

On October 2<sup>nd</sup>, Iota Phi Lambda Sorority, Inc. Psi Chapter held an exciting virtual fundraiser event “Jazz, Emeralds & Pearls-Opening Night at the Gallery”. This fabulous event featured a phenomenal young artist, Ms. Cicely Miller of Cicely Jazzy’s Art and the launch of her beautiful virtual 3-D Art Gallery Exhibition. Psi Chapter Sorors helped set the tone for the “Opening Night” by dressing up in their beautiful after five attire and displaying their beautiful emeralds and pearls. Attendees also had a chance to enjoy some relaxing jazz music provided by Soror Daphne Hornbuckle. Soror Beverly Moore added to the ambience for the evening by sharing the recipe and making a favorite Psi cocktail “The Turtltini”. Sorors Joyce Hodges and Collette Jones displayed their beautiful and unique charcuterie boards.

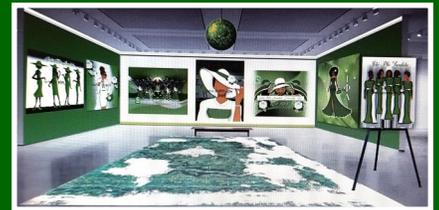

The highlight of the evening was the interview of our featured artist, Ms. Cicely Miller by Soror Judy Dossman Jenkins. During the interview, Ms. Miller shared the inspiration behind some of her beautiful art pieces. She also provided a detailed tour of her 3 D Art Gallery which included an Iota Phi Lambda Room, a Divine Nine Room, Freedom Room, and an HBCU Room.

Special thanks to approximately 60 attendees and to those who have made purchases already. We are especially appreciative of the support of the “Divine 9 Sororities” and our out-of-town guests who attended virtually.

If you were not able to attend, we are inviting you to support Ms. Cicely Miller and Psi Chapter through your purchases at [www.cjagallery.com](http://www.cjagallery.com). Psi Chapter’s “Jazz, Emeralds, & Pearls Gallery” will be open through the end of the month (October 31<sup>st</sup>). With the holidays fastly approaching, this is a wonderful opportunity to purchase that unique and custom gift for that someone special. Looking forward to seeing you in “Our Gallery”.

## P.R.N. – Parliamentary Rules Noted

### The Parliamentarians of Psi

#### The Role of the Presiding Officer

The presiding officer of an assembly (i.e., chair or president) should be chosen principally for the ability to preside. This person should be well versed in parliamentary law and should be thoroughly familiar with the bylaws and other rules of the organization.

It is the duty of the presiding officer of an assembly:

1. To open the meeting at the appointed time by taking the chair and calling the meeting to order after determining that a quorum is present.
2. To announce in proper sequence the business that comes before the assembly.
3. To recognize members who are entitled to the floor.
4. To state and to put to vote all questions that legitimately come before the assembly as motions.
5. To protect the assembly from obviously dilatory motions by refusing to recognize them.
6. To enforce the rules relating to debate and those relating to order and decorum within the assembly.
7. To expedite business in every way compatible with the rights of members.
8. To decide all questions of order, subject to appeal, unless submitted to the assembly for decision.
9. To respond to inquiries of members relating to parliamentary procedure or factual information.
10. To authenticate by his or her signature, when necessary, all acts, orders, and proceedings of the assembly.
11. To declare the meeting adjourned when the assembly so votes or at the time prescribed in the program or when an emergency warrants.

2021 Community Health Fair  
By Soror Rhonda Jones

**OCTOBER IS BREAST CANCER  
AWARENESS MONTH**

**Parkland Mammogram Bus Joins Salem  
for a Community Health Fair**

Salem Institutional Baptist Church hosted a phenomenal health fair on Saturday, October 2, 2021, which featured the Parkland Mammogram Bus. The community was welcomed by Salem with a continental breakfast and delicious hot dogs for lunch grilled by the deacons and men’s ministries of Salem.

The inaugural event was held on Saturday October 9, 2021 at Salem Institutional Baptist Church located at 3918 Crozier St., Dallas, Texas, 75215 and is pastored by Reverend Todd Atkins. Soror, Rhonda Jones and Pelatis Esther Louise Williams who are faithful members were excited to assist in hosting this community event.

Parkland Memorial Hospital is located at 5201 Harry Hines Blvd., Dallas, TX. The hospital is Dallas County’s only public hospital and one of the country’s largest.

There were free health screenings as well as flu shots available. The men were also represented with a booth on male awareness.

Several informational tables with valuable community resources could also be found at the event.

Parkland Hospital was very well represented with knowledge staff as they were there to let the community know that the best detection is early detection.

**20TH ANNUAL  
SISTER TO SISTER  
FITNESS FESTIVAL 2021**

Breast cancer is one of the leading cancer killers of African American women. One out of eight women at some point in their lifetime are likely to get breast cancer. The latest statistics from the American Cancer Society state that African American women have a 46% higher mortality rate from breast cancer than any other ethnic group. We want to help make a difference in these statistics.

On October 2, 2021, Soror Brenda Napier joined in the fight against breast cancer by walking the 5K in the 20th year anniversary Sister to Sister Fitness Festival. The activities took place at the Alan E. Sims Cedar Hill Recreation Center, 310 E. Parkerville Road, Cedar Hill, Texas 75104. This year's event was both onsite and virtual to allow participants to run or walk anywhere. The race was hosted by the Celebrating Life Foundation, a 501(c) (3) non-profit organization. This organization's mission is to make breast cancer powerless by educating, encouraging, and empowering those most impacted by the disease. She was able to complete the race by keeping in her head the race theme "One Step at a Time". Studies have shown that walking can help you maintain a healthy body weight. For women, walking lowers hormone levels that increase the risk for breast and endometrial cancers.

## HEALTH TIPS

By Soror Ross, RN

## Awareness Month Healthy Lung Month 2021

October is a month set aside for lung awareness. It's National Healthy Lung Month.

In support of **Healthy Lung Month**, let's raise awareness about the rapid escalation of lung disease in the United States.

The notion that harmful air pollutants exist only outdoors is false. Some pollutants occurring in the home can be more harmful than those commonly encountered outdoors. Modern homes harbor many sources of respiratory irritation, but it's not terribly difficult to lung-proof your home. Some common lung irritants found indoors are lead, formaldehyde, radon, cleaning agent vapors, and fire-retardants. Natural pollutants also make their way into the home, including pet dander, dust mites, and mold. Here are a few simple ways the people, especially those with lung disease, can avoid these lung damaging agents.

- **Clean the Air:** Buy a vacuum with a HEPA filter to reduce lead, chemical build-up, and allergens such as pet dander in the home. Follow this step by mopping with a microfiber mop to soak up any leftover particles.
- **Green Your Space:** Fill your place with plants! Indoor plants help purify the air, removing toxins such as formaldehyde, benzene, toluene, and xylene. Spider plants and aloe vera plants are good choices for the home.
- **Go Natural:** Fragrances in cleaning products, laundry detergents, and air fresheners can all damage the lungs opt for fragrance-free whenever possible.

**Test for Radon:** Make sure your home has a radon detector. This colorless, odorless gas is the second leading cause of lung cancer in the United States today.

The **Lung Health Institute**, is here to help those with pulmonary disease maximize their lung health.

## COVID-19 Guideline Updates

Sorors, I want to thank you for adhering to the guidelines set to ensure that Iota operated in a manner that put the safety of our members in the forefront of everything we do. I know that it has been frustrating and a struggle to not be able to meet as a chapter or to fellowship together. As we said at the beginning of this ordeal, you are expected to follow the CDC guidelines, in addition to the ones set by this organization

Remember, in addition to our national Bylaws and Standing Rules, all sorority members are expected to abide by any guidelines/regulations developed by the National Board for the safety of our members. We will still plan for a September 1 opening, but with an overwhelming need to move ahead with caution to ensure the wellbeing of our members. With the highly contagious Delta Variant circulating throughout the country, we highly recommend that all members get the vaccine and to continue with virtual meetings where the infection rate is exceptionally high. After discussion with the National Executive Board and taking in consideration our diverse membership and the fact that we cannot guarantee that all of our members are vaccinated we are recommending the following:

### CHAPTER & AUXILIARIES MEETINGS:

1. Facilities should be large enough to accommodate social distancing and have good circulation of air. Everyone must wear a mask, whether they are vaccinated or not.
2. We will not ask for documentation, but we highly recommend that only vaccinated members attend in-person chapter meetings and activities.
3. If you choose to go in-person, we recommend that you provide call in or login capability for members who are unable to attend the meetings due to compromised immune systems.

### CHAPTER & AUXILIARIES ACTIVITIES:

1. Chapter/Auxiliaries may resume social and community gathering with caution. \*Recommend the wearing of mask and social distancing for all activities.
2. You may resume participation in community activities wearing Iota gear and a mask. Please practice social distancing for your and your family's safety.
3. May resume **partial in-person membership recruitment** with limited contact; remember everyone has not been vaccinated. We highly recommend virtual informational and study groups. In-person meetings should be limited to outdoor activities. We highly recommend wearing a mask and social distancing during all interaction with prospective members and members of the Lomepa Club.

### FUTURE IOTA LEADERS:

1. Because most youth under 18 have not been vaccinated, all FIL meetings will remain virtual.

We will continue to assess the situation and make changes as needed.

Sisterly,

*Dorothy M. White*
