

## ***Transportation***

You can have a driver for the duration of your visit and we strongly recommend using him. The cost is US\$ 125.00 per day plus the cost of fuel. Your driver will be able to take you on short trips to play golf or visit the nearby beaches, medium length trips to downtown Montego Bay, or longer excursions.

Each day, you'll have your driver for 9 hours starting between 7:00a and 9:00a depending on your needs. Additional time can be arranged with your driver for an additional US\$25.00 per hour. The driver can provide vehicles with capacity of up to 16 persons.

If you decide to rent a car, we can have our driver stand down. Please note that he is generally available for your entire stay or none of it. That way, he can make other arrangements when we don't need him. A rental will not be cheaper than using the driver and will be a lot more stressful – parking, finding your way around, dealing with Jamaica's notoriously aggressive drivers, etc.
