

# Build Days

## Build a strong team, while building homes and hope for families living in need

Habitat for Humanity Regina builds year-round. An investment in our build is an investment in your people, your community, and your corporate brand.

The Haultain Crossing build site can accommodate up to 15 people with customizable tasks that best suit the physical abilities of your crew.

Volunteers of all skill levels are invited to join us on our build sites. No construction experience is required and all tools and safety equipment is provided! Volunteering can help your corporation to meet its social responsibility objectives.

Spending a day on the Habitat for Humanity Regina's Haultain Crossing Build site is a unique team-building experience, and a fun, interactive way to give back to the community.
