

What is CleanSave 2?

CLEANSAVE 2 is a powerful, grease-cutting anti-bacterial detergent, formulated for spray and wipe cleaning, that rapidly attacks and removes soilage from hard surfaces.

CLEANSAVE 2 is a part of the CLEANSE Closed Loop Chemical and Dispensing System which prevents cleaners from having contact with the concentrated chemicals.

CleanSave Range

CLEANSAVE is a range of performance driven, concentrated chemicals that are supplied in tamper-proof packaging for dispensing automatic dilution systems. Each convenient 2.4L bottle comes fitted with a safety insert that stops cleaners from being able to access the concentrate. The products can only be diluted through dispensers which provides complete control over dilution, stopping over-dosing and product wastage and improving safety.

Key Benefits

- ✓ Highly concentrated to get more out of each bottle
- ✓ Virtually no product wastage or 'over dosing'
- ✓ Has a powerful cleaning action
- ✓ Makes surfaces hygienically sanitised
- ✓ Rapidly removes soilage
- ✓ Provides control over dilution
- ✓ Colour and number coded for ease of use and safety
- ✓ Environmentally responsible, biodegradable and phosphate-free
- ✓ Concentrates reduce packaging, transport and storage requirements

How Does It Work?

CLEANSAVE 2 is a fast-working cleaner which easily attacks and removes soilage from hard surfaces. CLEANSE 2 is excellent for cleaning all types of walls, stoves, painted surfaces, shower recesses, table tops, laminex, vinyl and all other hard surfaces.

It is designed to wipe off in one pass with no residues or 'films' being left on the surface. The popular perfume stays on the clean surface to let people know it has been cleaned.

Technical Data

Properties

COLOUR – Clear colourless liquid
ODOUR – Citrus fragrance with good lingering qualities
pH = 12 – 13

Environmental Care

CLEANSAVE 2 conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. CLEANSE 2 is non-flammable and biodegradable. CLEANSE 2 containers can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996
SAI Certificate No.: QEC7358

Application

The ready-to-use solution of CLEANSE 2 is available from your Agar Detergent Dispenser for bottle fill. Simply select the product and push the button while holding the hose in your bottle.

Spray the solution onto the surface and wipe off with a clean, dry cloth. Or spray onto the cloth first and then wipe. Rinsing with water is not normally required.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
