Tarot & Oracle Wisdom

Heart - Ten of Portals

*This is a time for happiness, harmony and fulfilment.
Let yourself be lit up by what you love, and the bliss in your
heart will overflow into the world.*

This card is a beautiful sign of much love, bliss and harmony in your current relationships, including with yourself. There is an inner sense of happiness and joy, and everyone is getting on well with each other. Bonds are strong, and you feel like you can relax and enjoy each other's company. It may also signify a new relationship or the deepening of a current one.

Take a moment to fully appreciate this idyllic moment in time. In this place, your heart is open and lit up. Anchor this feeling in your body, you can navigate future choices by activating this blissful state. Following your heart is key to living a purposeful life. The more you follow the whispers of your soul, the louder and clearer they will get and the more your full potential unfolds. As you shine brightly through your heart, you help light up more of the world, inspiring others to shine!

The Mystic Rose

Compassion Devotion Humility Humanity Grace

The rose was a symbol of the Goddesses of old. Mother Mary is associated with the rose. Perhaps the reason Mary is so beloved is because she was the only Mother Goddess who could be worshipped safely and as such carries with her the devotion and yearning of all those who longed to worship the Goddess in a feminine form.

This is a card of compassion, devotion, and grace. It encourages us to soften toward humanity and to endeavour to see the world, and even those who have hurt us, with understanding, an open heart, and deep humility.

SOUL INQUIRY

*How are you being called to
show compassion today?*

Crystal Wisdom

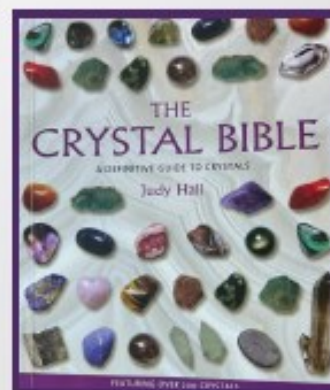

ATTRIBUTES Translucent Selenite has a very fine vibration and brings clarity of mind, opening the crown and higher guidance. Pure Selenite is a link to the light body, helping to anchor it in the earth vibration. Selenite is a calm stone that instills deep peace and is excellent for meditation or spiritual work. Telepathy is enhanced by each person holding a piece of pure vibration Selenite. The purest translucent white Selenite has an ethereal quality and is said to inhabit the place between light and matter. An ancient stone, it is nevertheless one of the most powerful crystals for the new vibration on earth.

Selenite can be used to form a protective grid around a house, creating a safe and quiet space that does not allow outside influences in, use internally in the corners of the house. A large piece of Selenite placed in the house ensures a peaceful atmosphere.

Psychologically, Selenite assists judgement and insight. Mentally, it clears confusion and aids in seeing the deeper picture. It brings about a conscious understanding of what has been occurring at the subconscious level. This is a powerful dispenser and stabilizer for erratic emotions.

Healing
Selenite aligns the
spinal column and
promotes flexibility.
Its finest healing
occurs at the
energetic levels.
