Dear Mrs. Beall:

I am glad to mail you a copy of my history of the Lord and Fogleman Families.

There is no charge for this copy, for you contributed generously to it by the information on the family which you gave to me.

The price to others is \$4.00 per copy.

Gratefully yours,

Clyde W. Lord

Mrs. Beall, your card carrying a note concerning the arrival of the historical marker came in the mail today before I mailed the above letter.

Thank you for your suggestion that I make the dedicatory speech should I be able to attend. I would like very much to be present and take part in an humble way in this service of the church which was instrumental in the salvation of both my mother and father and in which my father surrendered to the call to preach the gospel. Circumstances are such, however, that I cannot be there. My dear wife, Grace, has been very seriously ill, underwent surgery the first of November and isn't well yet. We are thankful for her improvement.

You have done a very important work in the research for the Bethel-New Hope Marker, and also we again thank you for your research on the Lord and Fogleman church relationships.

Sincerely,

Clyde Lord
