

## Oceanside Geniuses Relocate To New Home And Become San Diego Geniuses

**San Diego, California, August 10, 2021** – The newly founded American Basketball Association expansion team Oceanside Geniuses has agreed to relocate to the city of San Diego. The American Basketball Association has agreed to the relocation switch between the San Diego Surf and Oceanside Geniuses. The Surf will now be the Oceanside Surf, and the Geniuses will now be the San Diego Geniuses.

“This is a big move, and we are happy this worked out. Hopefully we can grow and improve the culture of basketball in San Diego, and the American Basketball Association as well. We would like to showcase our best brand of basketball to many of those deserving fans in the community who’ve been looking for a team to cheer for and support. Much respect to the city of Oceanside for allowing us to call them home for the time we were there, our organization appreciates it.” Lester Mayo, CEO of Ahead Of The Game Academy Inc. & Ahead Of The Game Academy Nation LLC.

The San Diego Geniuses were originally scheduled to play in Oceanside after new ownership was acquired on March 16, 2021. After few meetings and talks between ABA owners and management members, both the Surf and Geniuses organization were able to work out a relocation process that would allow both owners to move and market in their home town.

“Being born and raised in San Diego, while being able to build and create a legacy out here is really special. I never thought it would be this way. Our city has never really had a championship, and we would like to have that feeling here.” Added Lester Mayo, CEO of Ahead Of The Game Academy Nation LLC & Ahead Of The Game Academy Inc.
