

Our Values:

Individual Rights: The program promotes individual rights to freedom of expression, self-determination and decision-making and actively prevents abuse, harm, neglect and violence.

Participation and Inclusion: The program works with individuals and families, and carers to promote opportunities for meaningful participation and active inclusion in society.

Individual Outcomes: Programming is planned, delivered and reviewed to build on individual strengths and enable individuals to reach their goals.

Feedback and Complaints: Regular feedback is sought and used to inform individual and organization-wide service reviews and improvement.

Service Access: The service manages access, commencement and leaving a service in transparent, fair, equal and responsive way.

Leadership: The service has effective and accountable service management to maximize outcomes for individuals.

OUR MISSION :

Improving the quality of life for individuals living with an acquired brain injury by fostering independent living skills and community re-integration.

PROGRAM ELIGIBILITY

To qualify for services, individuals must meet the following eligibility criteria:

- have a diagnosis of moderate to severe acquired brain injury supported by medical records and are medically stable.
- reside in the (former) Sunrise Health Region and eligible for Saskatchewan health coverage.
- are open to willingly participate in goal-directed rehabilitation.

Special Notes: Individuals are prioritized for services based on time since injury with priority given to those whose injury occurred in the last three (3) years. Individuals who have a congenital brain injury or one that is a result of a progressive condition are not eligible for services under this program.

REFERRAL PROCESS

Referrals to the program are made by Saskatchewan Health Authority Acquired Brain Injury Community Coordinator ONLY.

Once a person is determined to help themselves, there is nothing that can stop them
~ Nelson Mandela
