

## **SIGN Guide to Online Programs and Activities July/August 2020**

SIGN staff is working from home to ensure the safety and health of clients and staff during the Covid-19 pandemic, and the SIGN buildings on Broadway Street West and North Street remain closed.

But that doesn't mean that SIGN services are no longer available! SIGN staff continues to keep in touch with users of our services by telephone, text messages and video conferencing, to make sure that those who need help can receive it.

The same holds true for our services that regularly host group meetings or events, only now that is done online. We know that is not the same as being together in person, but for the time being, it is how we can best keep in touch with you.

On the following pages you will find information about SIGN services that are available online during July and August.

This information will be updated on our website at [signyorkton.ca](http://signyorkton.ca) and on our Facebook page, [facebook.com/signyorkton](https://facebook.com/signyorkton), when changes occur.

We continue to look for innovative ways to provide services while adhering to safety protocols and standards. We thank you for your patience and understanding during this challenging time.

### **Rock the Talk (in three parts)**

Want to keep your kids safe but don’t know how to have those “uncomfortable” conversations? Are you wondering if your child’s sexual health is “normal” and developmentally appropriate for their age? Do you want tips on how to set boundaries and protect your children? Designed for parents, caregivers, and front-line workers that work with children, this series discusses how to have conversation with your child about body safety, personal boundaries, and sexual health. We also discuss appropriate words, challenge myths and discuss real ways to be an “askable” parent/adult. The three programs are divided into Early Years 2-5 years, Grade School 6-12, and Teens 13-17. Great way as adults to get comfortable with an uncomfortable topic.

### **Adult Relationships and Intimacy**

An in-depth conversation about healthy communication and adult sexual health. We have a real discussion on pornography, sexual health, consent in adult relationships, boundaries, safety planning, and we challenge myths and biases.
