30 YEARS BEFORE COVID-19 OUTBREAK

FADE IN: ON SCREEN VERY MODERN HOME OF ITS TIME

TENN TUX is a teenager TENNY opens the front door of his home and there is a ghost army troop training in the front yard barely visible like a haze of them.

FADE SCENE OUT:

ARMY TROOP re-appears in the front yard this time they are all clothed in sniper garments stationed out in the yard with camouflaged nets over themselves.

EXIT SCENE

CUT TO: BREAKFAST TABLE TENNEY FATHER MOTHER

BEN

(FATHER)

The grass is growing pretty now
that the Rainey season is upon us.
Tenny mow the lawn as soon as you
get home from high school.

MELISSA

(MOTHER)

I think you should pick up some gas
yesterday I was in the garage and the
can was empty.

TENNY

I can't anyway this afternoon because of
football practice. Coach says we
need to practice real hard to win
in the North West Playoffs.

BEN

No problem on the way home from work
I will pick up some gas in the can.
Tomorrow afternoon you can mow the
lawn.

EXIT SCENE:

EXT. MELISSA TENNY MOWING LAWN

The following day outside MELISSA is picking some
strange COVID COCOONS attached to two giant evergreen
plants. TENNY is mowing the lawn puts the lawn mower
in idle position.

TENNY

(NOTICES MOTHER OVERWORKING)

Hey mom that seems like a lot of those
shells on that bush. Are you sure you
can pick them all off! What is it
anyways?

MELISSA

(LOOKS UP AT THE SKY)

They are Cocoons I think they came
from outer space. These Evergreen
plants gives off a lot of life
force to our home and yard.
We have to protect it, it's vital.

TENNY

(AMAZED LAUGHS)

Can you explain what you just said?

MELISSA

Its a terrible Covid flu disease son
nothing to laugh over. I think they
are planted. The government will
be able to use it as a security
war device. It flew into our yard
and attached itself to these plants
to feed off us and the land.

TENNY

Sorry about that mom. You mean
the army don't you?! I saw
something very strange a few weeks
ago out here in this yard. It was a
A sniper ghost a r m y.!?

MELISSA

Your father and I have both know
for several years. Its part of a world
security system. We did not want to
say anything to anyone. We are pretty
sure it is security personnel that
has died but can still manipulate
and make things happen for their cause.
They have been exercising around our
place I think because of our family tree.
Your ancestors go back to the beginning of
time on your fathers side.

EXIT YARD:

INT. DINNER TABLE BEN TENNY MELISSA

They are having dinner

TENNY

(TO HIS DAD)

Mom told me about something yesterday
really strange Dad yesterday.

BEN

Oh what was that?

TENNY

I was mowing the lawn yesterday and
Mother was picking some strange Cocoons
off our Evergreen plants. She said
they flew in like it just all of
a sudden started attacking our two
Evergreen bushes. Like its just
stationed itself here in the front
yard. What do they want?

BEN TAKES A BIG BREATH AND SITS BACK IN HIS CHAIR

BEN toys with his food in his plate. He looks at his
wife and stretches out his hand and covers hers with
his. The PHONE RINGS hanging on the wall. TENNY
jumps to retrieve it but his father motions for him to
let it ring TENNY sits back down and the phone RINGS
till it stops. Dead silence

BEN

I Know I know your mother and I
are aware it's a disease for sure.
They have a giant ghost lab in the back
yard experimenting on stuff for years.
The reason you cannot see it obviously,
because it is in another dimension.
But then at odd times we have both
witnessed it. (LOOKS AT WIFE FOR APPROVAL)

We are one of the richest families in
Tennessee so they, how can I say this
politely. They need us!

unless an enemy can use it to kill us.
Don't you see it had to be done!

PRESIDENTS WIFE BECKY

Harold what are you talking about?

INSIDE THE PRESIDENTS DREAM A COVID SPIRIT

The SPIRIT is inside the dream dressed in a cape to
disguise its wicked designs of a living creature made
partly from animal flesh and human desires to kill as
a soldier

THE PRESIDENT

Can't you wait on another President
we will help you hide. Just move
along. I am sure there is another
line you can wait in.

SPIRIT OF COVID

Now is your chance to destroy the
white devil and his children. Aren't

are too aggressive for you right!?

PRESIDENT HAROLD

Don't remind me of that you are too smart!

SPIRIT OF COVID

the money. Who gave you money,
who gave you money? Give it to me
I can give it to some charity no one
will know baby. Give me the money!!!

PRESIDENT HAROLD

(HAZY)

The pharmaceutical companies gave
us the money so we would follow their
will. Everyone was saying we had to
have it, it's a necessity. We will
now use it as a switch to beat the
masses into submission.

PRESIDENT WIFE BECKY

Submission are you crazy. This is America
people here are wild and free, you can't do
that! You fool, Honey we do not need
the money. Who are you talking to in there?

MR. STEWART

This is going to be the biggest mess
on this planet. First the streets will
all of a sudden become like a grave.

BOBBY

All I want out of this is to be able to
call my girlfriend on the phone each
night, We are planning on getting
married this coming spring.

MR. STEWART

Well you can forget about a cake in a
resort or and exotic cruise for your
Honeymoon because everything you can
think of besides the grocery store
and drug store is going to have a
big fat sign on it saying closed with
a lock on the front door.

BOBBY

Why are they doing this?

MR. STEWART

A large part of the military and government got careless with a Covid-19 flue drug they were going to use in warfare if it became necessary. Now the Covid-19 is out on the street and willing to kill anyone and everything in its path.

BOBBY

Does that mean my wife may die?

MR. STEWART

If the germ catches up to her and she lays down for it sure. And you too if you get too close to her.

BOBBY

That is insane, how can I stay married to her if she has the Covid`?

MR STEWART

That's it Bobby my boy. It's gonna destroy a lot of little people like you and your immediate plans.

BOBBY

This is definitely not fair is
everything really going to be
closed down???

MR. STEWART

piece of cake!?!?

The campus is completely deserted

STAFFORD is at a podium teaching
class.

MEANING OF EXISTENCE POSTER PODIUM

PROFESSOR STAFFORD

Heads up students. (SHOUTING)

I SAID HEADDDDDSSSS UPPPPPPPP!

No one responds at first then all heads up

PROFESSOR STAFFORD

I am happy that all of you A list
students have made it to our special
class on the plague of the Covid-19.
Its a partially man made disease to
be used on an invading army out of control.
I see that we have everyone on the roster
present. I know you are the most elite
pick of students on the campus from

last semester grade scoring system. I also know there is a lot of controversy and have decided to let all students give themselves their own grade.

JIM

(A BRIGHT WELL DRESSED STUDENT)

There is a large part of the population saying that this flu is a scam. Just a device set on the planet that's fake. Students are saying its a curse to control and scare us into obedience, control the population a cleansing.

PROFESSOR STAFFORD

Oh is it very real son and it kills very rapidly. This is part why we are meeting today to discuss alternatives for the population. We are meeting and discussing until the curfew is lifted on the problem you are facing and the available solutions you find every day combating the virus.

SHERRY

Can my dog give it to me?

EVERYBODY LAUGHS

PROFESSOR STAFFORD

Funny I know to think but in reality
no your dog cannot give it to you if
you are practicing good hygiene.

BILL

What do you mean good hygiene?

EVERYONE LAUGHS AGAIN BUT NOT AS LOUD

PROFESSOR STAFFORD

Seriously students lets get down to
business. Soap on pokes, soap on pokes,
SOAP ON POKES! You catch my drift?
We are gathered as a special unit from
the university to work out a plan to
save mankind. I am suppose to write
a regular report and send it into the
Governor office for a review on Young
People Reacting To The Covid-19 Disease.

PROFESSOR STAFFORD has TWO GIRL INTERNS handing out
materials to the class the header on the first line
says in bold black letters.

TIGHT SHOT

THE MEANING OF GOOD HYGIENE TO DESTROY COVID-19

STUDENT BILL PINCHES GIRL ON BUTT

She makes a FACE BILL GIGGLES with his PALS

PROFESSOR STAFFORD

Study this students your life may depend upon it. You will be meeting with the Dean next week Monday in a special screening to deliver what students are doing to prevent the Covid-19 disease. This will be on Television as a news special broadcast broadcasting all over the planet.

SHERRY

Can you go over some of the principles of good hygiene Professor Stanford?

PROFESSOR STAFFORD

Thank you Sherry, You go to bed nightly sleep a minimum of 5 to 8 hours. Get up brush your teeth wash your face exercise take a shower everyday. Eat 2 to 3 meals a day. Floss regularly brush your teeth after all meals and snacks. Put on clean clothes. If it stinks don't wear it. Don't let flying insects into your living spaces. Shampoo your pets do not let them stink in your

environment. Mainly do not do anything that you know is negative and can feel it. No one knows exactly how the disease is attacking the planet, that's what you are about. The Covid-19 is fast spreading when it gets a chance. It is a frightful disease that kills very fast. Its very sporadic & psychotic works fearfully internally you are the best soldier against it. If you are diagnosed with it do not get stuck in a hospital bed, take it home and destroy it. Always flush the toilet and clean regularly the floors of your place around and in back of the toilet where bad smells lurk. Do not let any dishes build up in the sink. In short if it is dirty & stinks clean it up.

All at once students raise hands to ask a question

BILL

If my mother gets sick will I die
Professor Stafford!

PROFESSOR STAFFORD

Try and stay on your feet kid. At home
around your bathroom sink where you
keep toothpaste shaving and cologne
keep it clean like spotless clean.
Everybody knows to take the vaccine
and wear a mask, wash your hand regularly.
This is the main thing to do
Keep your hands as clean as you can.
But there is no real promise who will
live and who will die from this pandemic.

BILL

My girlfriend wants to go to Canada
this winter to a ski resort. She
really likes to ski. Should I tell
her its too dangerous because of the
extreme cold on the slopes, would we be
more susceptible?

PROFESSOR STAFFORD

There is no need to hide your life
students. If you have not been diagnose
then you might as well go. The bigger
problem is everything is closed down
so more things will become stale
dusty spoiled and then Covid will

move in and make its kill. Why I am stressing to you to stay on your feet stay as active as possible even if you catch it, start walking everyday. Most studies show that people who exercise ward off colds faster than those who lay in bed.

SHERRY good looking stand up and everyone turns to her

SHERRY

My boyfriend says we should have more sex because our time may be running out. Will sex kill me?

EVERYONE IN THE CLASS LAUGHS

PROFESSOR STAFFORD

Hold it down students, no not by a long shot. But there is a lot to say about sex like are you being careful do you love the person you are having sex with? Do they love you? How long have you known this person. Do you Both have good hygiene

before and after. Because if you are
buying sex you are probably not
washing your hands.

Everyone in the class look at each other and are
feeling nervously comfortable

The bell rings and everyone jump to their feet and
start hitting the door. You hear students passing by
saying stuff like

RANDOM STUDENTS

This is such a cool class.

who's the boss now

I can't wait till someone ask me about Aids

these animals need some excitement
to die.

END SCENE

INT. TENN TUX GENERAL MAXWELL ARMY OFFICES

There is a secrete entrance and a larger office under
the building ELEVATOR. A large lab with SCIENTIST and
EXECUTIVES pass by and say HELLO, GENERAL MAXWELL
stops TENN TUX with a folder in hand

GENERAL MAXWELL

Well look what the dogs drug up?
Nice to see you are being drafted into
our mess. You think we can clean it up?

TENN TUX

That's right I heard the news the
virus sounds really worse each day.
I think we should let our scientist
investigate into this matter.

GENERAL MAXWELL

Already on that we will have a briefing in
Lab 5 at 10AM.

PAN TENN TUX goes in elaborate office STEPHANY is
operating behind a huge computer

STEPHANY

Well look what the dogs drug up!

TENN TUX

I heard that already once. All I
really know is I have to report to
this office and you are a blessing.

TENN TUX notices STEPHANY is really concentrating on
the computer instead of him. TENN TUX looks to see
what she is looking at

STEPHANY

Was I suppose to see this?

TENN TUX

I do not think I could keep
Thread.org from finding out
about everything I have been doing.

STEPHANY

Just a little mischief never
hurt anything.

STEPHANY MOVES SCREEN TENN TUX SMOOCHING GIRLFRIEND

She giggles and squirms around in her seat TEN TUX
goes to a couch and relaxes

TENN TUX

General Maxwell wants me
prepared for a meeting about
the virus. Get that off
the screen and find some options.

STEPHANY

Like what?

TENN TUX

Try something they are not using like
LSD889 I have been studying it all
along and wondering why we are not using
it instead of closing everything down
until we can get a viable vaccine.

STEPHANY

(SHE TYPES)

Oh I like that psychedelic and all?

TENN TUX

Great it's all in the blood. Parts of it goes to the brain. The brain signals other parts of it to attach itself to the Covid-19 and be excreted in various parts of the body. Simple no Covid no sweat.

STEPHANY

Sounds exciting if I could only be the lady with a gun.

STEPHANY PUSHES A BUTTON AND THE PRINTER PRINTS

TENN TUX sees the papers and heads for the printer. STEPHANY gets in the way for some short video exercises before he leaves. They practice some shooting with a computer gun she hands him against a bigger screen projected from the wall.

STEPHANY

(DIRECTING WITH A LAZER POINTER)

Make sure your average is at least 98% then you are ready for the rest of the day.

TENN TUX FIRES A NEAT ELECTRONIC REVOLVER REPEATELY

All kinds of figures and exercises come up on the screen and on the right of the screen shows the average score of hits he is making.

EACH GAME IS QUICK HAS A PERCENTAGE SCORE

After the first game his score is 82 next game is 89 Then 95% last game is 100%

TENN TUX

One man assignment, life's a breeze.

STEPHANY

Your so modest, hurry along they are waiting for you in conference.

EXIT SCENE

INTRO MILITARY BASE FROM ABOVE MONTAGE SHOT

INT. TENN TUX CONFERENCE ROOM GENERAL MAXWELL 3 WOMEN

Three WOMEN SOLDIERS are before a large screen.

GENERAL MAXWELL

TENN TUX let me introduce to you
your 3 comrades that will be helping
you on this mission. Captain Silvers
trained in future sciences and has
a Doctorate in Molecular Biology

Analytical Chemistry & Physics will be
residing here with us helping make
important decisions & Her two
Lieutenants Paratroopers Sara & Betsy
also having degrees in similar fields.
They will be escorting you on
the mission inside the patient.

TENN TUX

Inside the patient, that sounds
like a very paranormal world!?

(TURNS TO THE LIEUTENANTS) Glad to
meet you ladies. I understand this
mission will make an effect on
a global scale. I am impressed
with your knowledge. I am not sure
about the physical part of this mission.
Can I see some of your hand to hand
combat training? I mean since you
are girls I want to know your capabilities.

CAPTAIN SILVERS MANIPULATES COMPUTER FILM SCREEN WALL

ON SCREEN SARA & BETSY are on a training field they
run thru all kinds of exercises. SARA & BETSY are
attacked by various SOLDIERS and defend themselves
with various karate and martial art moves. Targets
appear and they banish different weapons and show
themselves combat worthy.

TENN TUX

Very impressive.

GENERAL MAXWELL

All in all there will be just
over a hundred hardened Paratroopers
accompanying you on this mission. You
will be shrunk with your space ship and
crew to a molecular size injected inside
a person who has the virus. We are
certain this patient is about to die.
We will be monitoring his blood electronically.
You will go around inside the body
killing the virus and all of its
variants. With each victory you
accomplish the patient blood stream
should improve. With that data we
will be able to transmit and send out
world wide a healing radioactive isotope.
This way we will be able to rid this
planet of the Covid-19 & variants.

TENN TUX

If there is no objection
I may wish to bring along
my trusted comrade Ron.

TENN TUX looks around RON steps INTO VIEW really a super tough big guy and grins.

GENERAL MAXWELL

(MOTIONING WITH A POINTER TO SCREEN ON WALL)

Let's get down to business if you
don't mind please.

SCREEN LIGHTS UP

It's a global map divided into continents and oceans neatly labeled and as GENERAL MAXWELL moves his pointer over the screen into these regions the screen is magnified. A satellite is orbiting the planet giving off radio isometric waves like a radio signal

GENERAL MAXWELL

We plan on setting up communication
powerful radar satellite stations to transmit
the radio healing isotope as we deliver
it from the monitored patients blood count.

TENN TUX

I really am liking this assignment
more and more. (SMILES AT GIRLS)

GENERAL MAXWELL

Each time you are wounded inside
your suit you will be injected with

a pretty powerful healing hallucinogenic.
The LSD889 will heal your body and make you
stronger. This process will slow you
down a little like you are moving in
slow motion as your body absorbs the drugs.
You actually will be able to move faster
staying competitive with the effect
fight better. We are anticipating many
casualties so keep your helmet on and
smoking with needed drugs during combat. You
are up against covid diseased monsters as
hideous as imagination presents itself to the
mind to scare and inflict you with
death. Your suits will be skin tight.

TENN TUX

How will we know the different
locations in the body that is
infected with the covid?

GENERAL MAXWELL

That will not be much of a problem
the patient is crucially infected.
The Covid will find you when it sees
you are in any place healing the patient.
Much like your body sends out white
blood cells to combat any antibody.

Plus their will be an agent to
help guide you. May I present you
with the ships brain Cortana.

A MYSTERIOUS SOUND comes from the ceiling

CORTANA

Hello my name is Cortana. I will
be of your good service on this
mission. You may ask me anything
I will be available 24/7 and wish
you a successful mission.

GENERAL MAXWELL

(STEPS FORWARD)

Tenn Tux will be in charge. Captain
Sillers and I will monitor and assist
here as much as possible.

CAPTAIN SILVERS

(USES A LAZER POINTER ON SCREEN)

First you are to report tomorrow morning
at this address in the city at 8am sharp.
You will be shrunk to molecular size and
placed into a LSD889 plasma solution. We
inject it into our patient affected with
Covid-19 and expected to die. You will

encounter and do battle with all of the Covid & strains as well. As you kill the Covid-19 all the world will have the needed advanced radar signal and we will make A isothermal radio wave transmitted world wide filtering the population.

TENN TUX

Are you certain this will work?

CAPTAIN SILVERS

Nothing is 100% but its the best we could think of. I am telling you The radar beam will be transmitted to labs all over the world that will diagnose the greedy disease and send out billions of radioactive isotopes that will penetrate the body of the world population and kill the Covid.

GENERAL MAXWELL

If you fail at this mission then our world as you know it will be in critical conditions, so failure at this point in space and time is not and option GODS SPEED gentlemen.

EXIT SCENE

ON SCREEN BUILDING THE HEALTH & SCIENCE FACILITY

INT. SMALL ROOM DR. ZENWIG & ASSISTANT NURSE BILLMORE

A sick Covid #1 PATIENT BRUCE in an oxygen plastic tent. DR ZENWIG and his assistant very skinny weak & NURSE BILLMORE Are examining BRUCE looking very sick breathing hard like he's desperately needs air around his eyes is dark and deadly threatening.

TENN TUX and his three girl team are seated in chairs observing at front of room.

DOCTOR ZENWIG

Do you feel this? How about here?

Tell me if there are any discomfort.

THE PATIENT TRIES TO MOVE HIS HEAD

It's easy to see annoyance

NURSE BILLMORE

I think he needs a bit more of our
LSD889 before we take a sample
of the blood.

DOCTOR ZENWIG probes BRUCE around lungs

DOCTOR ZENWIG

Let me see his chart.

NURSE BILLMORE HANDS OVER THE CHART

NURSE BILLMORE

I am sure he was shaking last night.

In his sleep I kept hearing him moving
and moving around in the bed.

DOCTOR ZENWIG examines the chart

DOCTOR ZENWIG

Ok we will administer 500 mg of
LSD889. Then we will draw
a sample of his blood and
I will analyze it in the lab.

NURSE BILLMORE prepares needle. DOCTOR ZENWIG injects
BRUCE. BRUCE calms closes eyes begins to breathe
sleeps. NURSE BILLMORE gives Doctor another empty
needle. In the clinic special lighted lamp you
could see great size of needle. Doctor sticks needle
into patient one of his eyes opens up rolls around
alerted. BRUCE begins to shake. DOCTOR ZENWIG keeps
the needle in the patient and pulls harder on the
syringe blood is filling the syringe to the top.
BRUCE rips out of the oxygen tent and grabs the NURSE
knocking the DOCTOR & his ASSISTANT to the floor. The
NURSE is being swung from side to side the ASSISTANT
VERY SCARED runs out of room. NURSE BILLMORE flings
BRUCE off her DR ZENWIG steadies himself off the floor
loads another syringe handoff to NURSE BILLMORE. TENN
TUX & GIRLS rush from their seats to help subdue BRUCE
who now is throwing everyone around the room in a big
brawl. You realize here that BRUCE is much
stronger because he feels his life is endangered and
is able to throw off TENN TUX and his GIRLS.

BRUCE snarling at his attackers. Its a very frightful experience. Finally TENN TUX & TEAM jump on the #1 PATIENT all at once and is able to get BRUCE back on the bed. NURSE BILLMORE gives the patient a knock out shot. NURSE BILLMORE is shaken up and sits in a chair beside the hospital bed and starts CRYING.

DOCTOR ZENWIG

Now now please do not be so hard
on yourself. Everything is under
control and hopefully we will be
able to find a cure with this new team.

NURSE BILLMORE

Just let me catch my breath here a
little while. Does anyone really
know how this whole ordeal started?

DOCTOR ZENWIG motions TENN TUX and his team out into
the hall. PAN with them

DOCTOR ZENWIG

I know that was upsetting, and believe
me I am as surprised as you are.
To tell you the truth I think the
disease came to this planet from
outer space and attached itself
to plants domestically and started

giving people a regular flu germ
centuries ago until recently it could be
enhanced by man to form
up a powerful Covid-19 epidemic.

TENN TUX

You really think we can beat off this
man made disease version from the planet?

CAPTAIN SILVERS MOVES CLOSE INTO DOCTOR ZENWIG VIEW
Her two lieutenants gather close also

CAPTAIN SILVERS

So doc do we have a chance at the MONSTER?
Or is this going to be another big pharmacy
bill the government is going to ask the
people to pay with taxes.

DOCTOR ZENWIG

Nothing like this has ever been tried
by modern science. You got around a
60% chance of success. But there are
no other options on the table.
So I suggest you pack a lunch.

(EXIT SCENE)

EXT. MILITARY BASE ALL KINDS OF JEEPS ZOOM

MOVE INT. a research facility with a giant chamber
GENERAL MAXWELL & CAPTAIN SILVERS before Giant screen
with Lazer pointers giving instructions to the team on
what to expect within the mission.

GENERAL MAXWELL

First you will feel a little light
and then sleep when you wake up you
will be the size of a molecule transformed
into this space ship. We will inject
you into the patient. You will then
start the mission to save earth.

GENERAL MAXWELL uses his pointer on an equation

GENERAL MAXWELL

We will examine the dead here you
send back and make serums that are
stronger and will give your soldiers
more stamina to fight the Covid.

TENN TUX

I understand that we will be in
danger of being consumed by the Covid.
So there will be nothing left of a
soldier to send back to you.

CAPTAIN SILVERS

That is true and also it is expected
to be so enormous to squash you. So
you only collect some of the paste. This
is why we are taking samples of your
DNA to make you over after Your gone.
Beating Covid will mean man will
become GOD gentlemen. Covid-19 is a
thinking man made disease we must control.
Remember we will develop more antibodies
as your reports and samples come in.
And remember a good soldier never leaves
his comrade behind.

BETSY

I Had read up on some of your reports
you actually want us to capture some of
these living Covid cage them and
send them back here for you to study.
what if they break loose and escape here
on this planet?

CAPTAIN SILVERS

That's a chance we will have to take.
If we are not successful that is what
is forming up for our future anyway.
So failure is not and option.

SARA

Did I understand that each person will be given multiple recovery shots in case they are injured?

CAPTAIN SILVERS

Yes the shots will automatically be injected inside your suit when your body is injured your blood will be monitored and A improved serum stimulant will be mixed and injected to your needs. Since this disease is also a frightful experience the injections will be sedative hallucinogenic and stimulating like a slow adrenalin speed. The stimulant will also come as a smoked vapor you will inhale as a group. You may pause together to make sure everyone is intoxicated by the drugs. Be vigilant you may pray to the almighty because you will need intelligence. So be diligent gentlemen. That is all.

END SCENE

INT. HUGE BUILDING HUGE SPACE SHIP GIGANTIC DOME

TENN TUX SARA & BETSY climb into FRONT GLASS DOME
ENTRANCE. SOLDIERS climb into side entrance.
DR ZENWIG operates computer sends signal to electrical
batteries that electrocute the ship into a small
capsule DOCTOR ZENWIG picks up and places into a
hypodermic needle and places it inside his
pocket.

EXIT SCENE

INT. FADE TO DOCTOR ZENWIG INJECTING THE SICK PATIENT

The straps on the patient have been loosened. The
patient wakes up suddenly grabs the DOCTORS shirt thru
his tent pulls him closer and begins strangling him
till he dies. The nurses all rush in grabs the patient
and straps the patient tightly to the bed.

EXIT SCENE

FADE TO: INSIDE HUMAN BODY THE TIMY SPACE SHIP ZOOMS

At front of ship glass dome you can see inside
body appears magical place of cells
running around in all directions. In front sits
TEN TUX in captain chair and his two LIEUTENANTS

TENN TUX

Sara take us to the lungs and lets look
at the damages there.

SARA

Aye to that Captain!

SARA pulls on the controls and the ship veers off
thru the body.

The lungs look fine in part then you see the corrosion near the bottom. As the ship approaches it begins to shake

And intense wave of some sort hits the ship and knocks everyone around in their seats.

TENN TUX

We are losing control of the ship.

Reverse thrusters by Maxium speed.

SARA

Aye Captain

BETSY

I am receiving messages with the crew they are reporting and attack on board.

EXIT MAIN BRIDGE

EXT. BODY OF SHIP

A slimy pus is penetrating the body of the ship and is killing absorbing the SOLDIERS as the COVID BLOB excretes AGILE COVID SOLDIER & FLYING PARASITES MONSTERS TENN TUX races ahead takes a ball from his hip belt throws in in the air that expands and catches the parasites then he electrocutes the parasites. Other soldiers are in hand to hand battle with the soldier monsters. Sara draws her two edge sword and start slicing the monsters in half. BETSY pulls out a rifle and it ejects foam on a large scale that cover the Covid monsters and the soldiers

SARA follow in front of BETSY with A TWO EDGED SWORD and is slicing the COVID SOLDIERS as they are weakened by the foam. The COVID SOLDIERS & PARASITES give out an EXCRUCIATING SCREAMS OF TERROR as they die. All the other SOLDIERS see what is happening and they start to help in the fighting.

A PANICK STRICKEN SOLDIER MACHINE GUN START SHOOTING

The bullets penetrate the ship and puts everyone in peril internal wiring goes haywire. SARA knocks him out with the butt of her sword.

TENN TUX

Don't shoot your guns we are losing
the ship!

The SOLDIERS with the guns and BUNCHES OF OTHER SOLDIERS are thrown out of the ship thru the hole created by the gunfire.

Everybody there is hanging on by something most of the COVID is sucked out of the ship by the tremendous suction of the hole.

SARA & BETSY pull themselves out of the busted room of the ship and rush into a supply room and shut the door. TENN TUX and RON couple of trapped inside the room SARA and BETSY watch the desperate situation

SARA pushes a button on a canister balloon and it developed instantly into a huge balloon BETSY grabs hold of it and she is propelled toward the hole and it stopped up the hole.

Once the air is stabilized SARA & BETSY can even out the balloon to the wall by pushing it in slowly at the sides to the center. TENN TUX picks up his foam machine gun and captures the remaining COVID PARASITES. Orders them shipped back to earth for experiments to find advanced serums & vaccines

SARA

Quickly give out shots to the wounded.
Scoop up any slime in your sample kits.
Gather the dead in leather pouches
and prepare to send them the Covid back to
headquarters for research.

EVERYONE very busy SEEMS RELIEVED then you hear a
STRONG SOUND FROM THE ENGINE like it is stopped up.

TENN TUX

(Communicates to the brain of the ship)

Cortana what's going on with the ship now?

The ship really starts wobbling like it is losing
complete control.

CORTANA

We are losing control of the ship
because the COVID PARASITES are
plastering themselves to the
Atomic Engine to bring it down.

BETSY

Let get on some space suits and
go and give em a visit.

A lot of the soldiers were killed in the first assault

TENN TUX

Good idea! Ok men what's left of us
quickly we need you to get suited
up & go with us. There will be no
squabbles about this you all
knew the danger involved when
we first picked you to come on
this mission.

SARA

I will get to the deck and guide
you against this mucus so you can blow
it away.

TENN TUX

Roger that!

CUT BODY OF SHIP INTRO SUITING AREA

TENN TUX & BETSY and the rest of the men are putting
on their space suits. As soon as the space ship
helmet is placed on the head a smoke vapor is emitted
into the helmet giving the soldier a dose of medicated
LSD889 altered states of consciousness mixed with
high energy stimulates and adrenalin to allow the
SOLDIERS to face the fear and fight without fatigue

TENN TUX

Everybody try to stick together.
shoot these MONSTERS off of the
ship with these lasers coated
with high velocity electricity.

BETSY

(Emotional)

You got that! Stick together.
Let's hear a Hu Ra!

Inside the dressing room the SOLDIERS all chant
HU RA HU RA HU RA HU RA HU RA

THE SPACE SHIP DOOR SLIDES OPEN

EXT. SHIP TENN TUX & BETSY emerge all kinds of Variant
COVID MONSTERS are attaching themselves to the ship

TENN TUX & BETSY open fire with their LAZER RIFLES the
rest of the SOLDIERS follow suit

The COVID MONSTER is very strong to kill and kill a
lot of the SOLDIERS. One soldier gets one of the
MONSTER attached to his helmet and the COVID MONSTER
tears off his helmet and slashes his head off.

BETSY sees this and blows the COVID MONSTER away with
her rifle. The action is very fast no time to do
anything except encounter the next COVID MONSTER and
defeat it or die.

A COVID CREATURE attacks TENN TUX and is getting the best of him. TENN TUX is seriously wounded BETSY moves in and slices the COVID MONSTER off of TENN TUX with a STRONG TWO EDGED SWORD. The space suit then gives TENN TUX a shot that instantly revives him in around 5 seconds.

TENN TUX

Wow that was close for a moment

I thought I was a goner.

The group make slow progress while they are on their way to the outer exhaust engine port where the COVID MONSTERS have realized they can stop and control the ship.

MESSAGE from CORTANA

COTANA

Captain return to the ship.

the Covid are too strong in

this area. We will have to

make other assessments on their

destruction.

TENN TUX

Everybody back inside the ship!

EXIT SCENE

INT. INSIDE SPACE SHIP BETSY

BETSY

(LOOKING AT CONTROL MONITOR)

Captain we are reducing the
size of our ship to escape
the Covid and try to see more
clearly what is causing the
infection.

BEAUTIFUL COLORS OF THE BODY FROM THE CAPTAIN CHAIR

BETSY adjust her controls and the ship reduces its
size again smaller & SMALLER than a ATOM

EVERYTHING inside & outside the ship changes shapes
again. Now it looks like a dense jungle out side. The
ship hovers just above ground in the jungle

INT. CREW DOCTORS & TECHNICIANS ARE GATHERED AT TABLE

SOLDIERS are getting their shots and moving into the
Atomic chambers a light is moving across them and they
are BEING HEALED FROM THEIR WAR WOUNDS INCREDIBLY.

The dead are laid in a row and a technician has a
giant Lazer light over them sending them CROSS CUT
BACK ON EARTH where they are being examined by another
TEAM OF TECHNICIANS AND A PRIEST.

INT. ARMY BASE CLEAN UP CREW PRIEST DOCTORS NURSES

Samples of the DEAD SOLDIERS blood is being taken and
placed on a cart

PRIEST

LORD have mercy on these souls
that have given their life to
save mankind. Bless this Earth

EXIT SCENE

INT. A JUNGLE WITH ALL KINDS OF CREEPY SOUNDS

Hatch of the ship opens and TENN TUX emerges in a tank
with some SOLDIERS and their gear is heavy Armored
vehicles

TENN TUX

Betsy Sara talk to me.

BETSY

I hear you loud and clear Tenn Tux.

SARA

Oh yea I am bringing up the rear ok.

SARA & BETSY FOLLOW on souped up motorcycles devised
for war TENN TUX SPOTS A SMALL MOUNTAIN

TENN TUX

Let's go up this mountain and camp there.

BETSY

Aye to that Captain.

JEEPS & TANKS & MOTORCYCLES CLIMB THE HILL

A giant MONSTER attacks the men. The whole company
fires back WITH ARTILLERY MASSIVE EXPLOSIONS. SARA &
BETSY motor around daringly firing off their
motorcycles MISSILES and cannon shells they explode on
the monster wounding the monster with machine gun
fire. The MONSTER has multiple hands and is grabbing
the machines and throwing the men out & eating the men
right and left. The monster is squashing the men on
the ground to paste. TENN TUX exits his damaged tank
serious battle DIRECTS one of his men that has a fire
tank on his shoulder to light up the DEMON MONSTER it
grabs the FIRE TANK SOLDIER and is swirling the
SOLDIER around spewing out flames on the GOOD
SOLDIERS. RON is operating a flying machine. RON
flies over the MONSTER and drops on the MONSTERS head.
RON pulls out a sword and buries it into the head of
the MONSTER. The MONSTER drops the man with the fire
tank that quits spewing all of the good soldiers.
TENN TUX jumps up on one of the armored vehicles and
directs it to fire into the mouth of the MONSTER. The
soldier with the fire tank gets up and starts the
stream of fire onto the MONSTER. The MONSTER whales
about the forest. The rest of the company give
pursuit and kill the MONSTER before it could
escape because it was wounded.

EXIT SCENE

EXT. NIGHT CAMPFIRE

TENN TUX

Wow this mission is incredible
when that MONSTER attacked us I was
not sure I would ever see daylight
I was seeing everyone of us losing
in this mission.

BETSY

Wonder if Cortana knows how many
more spots on this body are still
infected by the Corona-19 virus?

TENN TUX LOOKS AT A ARM COMPUTER CORTANA

She is listening to the conversation pushes button on
arm she responds

CORTANA

Several spots you have a long
way to go to hit down the virus.
I suggest to set diffuser
pods displacement of our advanced
LSD889 serums in several veins
leading to the body lungs and limbs.
In order to complete this task you

will have to get back to the ship and
change your dimension back to plasma.

TENN TUX

(SPEAKS TO HIS SOLDIERS AROUND FIRE)

Command post says that the infection
will be able to sense us. So if you
thought we were the hunters think again.

SARA

This virus just loves human blood.
Collect some samples from the
environment here and get ready
to move out back to the ship soon.

A PERIMETER HAS BEEN ESTABLISHED AROUND HILLTOP

All the men are dug into small trenches. TENN TUX
SINGS A SONG BETSY PLAYS ON THE GUITAR.

BETSY

Music soothes the soul of man. I
am less scared with every note I keep
playing.

SARA

It's not getting me. I'm not giving
up without a fight and you can count
on that.

RON a man of valor comes up to the fire and reports

BETSY

The men on the perimeter are restless
they say that sounds can be heard in
the forest. Very scary sounds!

SCREECHING SOUNDS IN THE NIGHT LIKE A WOLF MONSTERS
(HOWLIIIIIIINGGGGGG. RRRRRRRGGGGGGUUUUUU)

RON

Cortana reported yesterday nothing is incoming
only outgoing samples no incoming meds
or new men since Dr. Zenwig could not be
revived so I think that we should forget
about any more collection of samples from
this place and get the hell out of dodge.
Like move out back to the ship right now!
Start getting this pods idea distributed.

SARA

This place gives me the willies
What do you say Tenn Tux are we
staying here or moving out?

TENN TUX looks at his arm computer punches some buttons, looks up at SARA

TENN TUX

Ok the blood count says we are all exhausted. Rest here now even if you cannot sleep move out early in the morning.

Later that night in a fox hole BILLY RALPH

BILLY

Hey Dude you got a smoke, give me one.

RALPH

You know we are not suppose to have any nicotine on this mission, strictly prohibited.

BILLY

Yea well you should have thought about that when you were packing you duds because I saw you sneak in that carton.

RALPH pulls out a pack of cigarettes and hand one to BILLY. BILLY lights up and blows the smoke into RALPHS face.

RALPH

Try and keep that a little to yourself
Dude, after all if we are caught we will
be doing KP for a year when we get back.

EXIT FOXHOLE

INT. COMMAND CENTER CAPTAIN SILVERS TELETYPE MACHINE
CAPTAIN SILVERS speaks as the machine types a message

CAPTAIN SILVERS

As you know Dr Zenwig could not be revived
so we cannot replace any of your dead and
a lot of the advanced serums will not be
shipped because he kept most of the formulas
in his head. Bottom line he did not trust a
soul. What's worst it's, we can see it's
not safe where you are. Our charts
are showing a large army of the Virus is
swarming. Get to the ship and advance
to other locations Cortana will give you
the concordance to drop the pods.

CAPTAIN SILVERS LOOKS UP AT THE CEILING AND CONTINUES

She is real worried and runs her fingers thru her hair
and paces back and forth then back to the computer
reads a report to TENN TUX

CAPTAIN SILVERS

You got other problems Tenn Tux our
internal reports are picking up
alien elements inside your own men.

EXIT SCENE

EXT. CAMP INSIDE FOXHOLE OF RALF & BILLY

The two men are smoking & drinking whiskey from a
flask laughing and joking with each other. In the
bushes they hear something strange and close they
become silent and peer out of the foxhole at the
bushes that are shaking.

BILLY

(SUDDENLY LOOKING SCARED)

Did you just hear something?

RALPH

(OBVIOUSLY HE DID)

No I didn't hear nothing!

Here take another cigarette.

BILLY takes another cigarette takes a deep puff with a
swig of whiskey. A monster jumps in the hole and eats
them alive

EXIT SCENE

EXT. A LARGE GROUP OF MEN TWILIGHT DAWN

SARA

Two men did not report in this
morning when we broke camp.
We checked their foxhole. Not
enough remains to put in a coffin
just slime and blood we put in a
plasma bag for the science department.

TENN TUX

(TENN TUX SHOUTS TO MEN)

Commandos watch your six! Forget chow
double-time back to the ship.

They race back to the ship a large army of the COVID
attack and is killing TENN TUX SOLDIERS they retaliate
with their weapons as they retreat. It's a race that
the GOOD GUYS ARE LOSING as they race out of the
jungle. The ships hatch is open so the remaining
SOLDIERS race in the hatch quickly closes and CORTANA
DETONATES AA FIREY EXHAUST BLOWS OFF ALL OF THE COVID

CORTANA

I see your accompaniment is
looking a little aggressive.
I've left the hatch open and
gave Covid a bit of our toast.

INT. SPACE SHIP CREW TENN TUX BETSY & SARA

They are flying the ship again thru the beautiful insides of the body.

TENN TUX

Smooth sailing now lets get to
the Coordinates to drop the pods.

CORTANA from the ships internal sound system

CORTANA

Not so fast Tenn Tux. Looks
like you have another aggressive
host of germs attaching the ship.

The ship begins to nautically shake

BETSY

Yep we got em again Tenn Tux!

SARA

(SUSPICIOUS AND FEARFUL)

One of the MONSTERS escaped the
exhaust and has multiplied?

Aggressive little creatures yes.

BETSY

(EXAMING HER PORTAL CAMERA)

Multiple attached all over to the right
side of the ship and they are eating
into our hull and engine.

TENN TUX turns to RON

TENN TUX

Ron get what's left of A Company
ready for a trip outside. We got-a
give these creatures a scrap.

RON

Aye Captain!

RON SHOUTS to the crew

RON

Ok dudes swallow that chow its time
to brush your teeth, get on those
suites and your machine gun in hand,
pack some extra artillery.

EXT. FADE TO GROUP IS WALKING THRU PORTAL OUTSIDE

In space suits gathered together outside of the ship
There is a small hole in the helmet all the SOLDIERS
put a joint in the hole and the natural breath of the
SOLDIERS draws on the joint. Inhaling the smoke like
this allows nothing to escape and they are very
potent.

They rest for a while on one knee in a circle and
smoke the herbs mixed to allow them extra
strength and intelligence against the intense fear of
the MONSTERS like a peace pipe the smoke is released
into their helmets and inhaled slowly like eating a
chocolate energy bar from the air inside helmet.

RON

All of you here with me are
committed soldiers to search down the
Covid and destroy it before it
can destroy the earth. That means

THE SOLDIERS DISPERSE LOOKING FOR THE MONSTERS

No where in sight TENN TUX and SARA looking wander into two different directions.

Everyone has a camera pod on the top of their helmet that is tied into the command post of the ship that BETSY or CORTANA can give direction too. The size of the space ship is huge in its tiniest form.

They drift in different directions at that moment a MONSTER that was invisibly cloaked becomes physical and slashes two men in half and then attaches itself to them in another form and starts absorbing them. RON and SARA open fire plasma bullets blast off part of the MONSTER as it absorbs victims. The MONSTER is hurt Ron jumps on the DEAMON with a huge bowie knife slashes into its eye body fluid escapes and the MONSTER shakes RON off with a whipping movement of one of its arms. SARA and her men & TENN TUX all open up their guns on the MONSTER it falls dead and drifts into outer space

TENN TUX and his part of the men hear the sounding guns and rush the scene. Before they can get too SARA another MONSTER forms up on three of his men slashes them in half and starts gorging them down. TENN TUX and his men pull out their Samurai swords that are strapped onto their suits and start cutting the MONSTER into pieces. The MONSTER dies after absorbing the SOLDIERS then slowly drifts from sight into outer plasma space

RON

Keep alert.

TENN TUX

Sara you and Ron take half of
the men and meet us on the
other side of the ship.

SARA

Roger that captain!

There is a giant engine exhaust panels that allow the ship to turn sideways if needed SARA takes her SOLDIERS in for investigations flashlights come on instantly on their suit and reveals a BIG MONSTER eating away at the hole trying to pry its way with a TINY LAZER shooting out of its brain and its TEETH are gnawing at the metal into the hull of the ship. SARA and all the men with her open up on the MONSTER. The MONSTER looks up in agony and slashes three men to death. RON switches on his electrical mechanism and gives the MONSTER a real big dose of electricity. the MONSTER opens its mouth in agony, SARA throws a grenade into its mouth and blows it up. The TROOP run out of the hole.

CORTANA

That was close if it got to
the engine then I was next people.

SARA

(RADIOS TO BETSY ON THE BRIDGE)

Betsy have Cortana open up a
exhaust from engine 26A

BETSY

Roger that Sara!

CORTANA

Initiating drive to engine 26A

Out of the engine fire comes out blowing the MONSTER insides into outer space the ship moves a little. TENN TUX and his men note the movement of the ship. TENN TUX motions to his men to advance toward SARA & RON. Another bigger gigantic MONSTER forms up invisibly from the air and start attacking SARA and her crew. MONSTER grabs two of the SOLDIERS and begins to try eating on them they are fighting the MONSTER off for their life. RON lays down and shifts his rifle on a small tripod and releases a smaller missile shoots direct hit into the MONSTER belly injured badly. SARA and the rest of her crew open up then RON jumps on the extended arm of the MONSTER and starts whacking on the extended limb with a giant bowie knife to release one of the SOLDIERS. SARA slides under another limb open up on the remaining limb and it falls off the SOLDIERS scared to death are dragged from the MONSTER kicking and screaming by two other SOLDIERS. SARA backs off and RON pumps another missile that slides into the MONSTER before it blows up the MONSTER and it dies floating gently away from the ship into outer plasma space.

TWO SOLDIERS

(PANIC)

Ahhhhhh ahhhhhhhhhhh ahhhhhhhhhhhh!!!

GOD help us help help help

Get it off Get it off nasty devil!

SARA

(GIVES SIGNAL GOOD TO RON & HER MEN)

Move to the top of the ship hurry!

RON

That was close! The next time

I see one of those creatures

it won't like the look on my face.

BETSY

(LISTENS INSIDE HER HELMET)

I just got a message from Cortana

she says we have cleared enough of

the Covid away from the ship. Come

inside and we can escape to where

we need to be to drop the pods.

RON

(RADIOES TO TENN TUX)

Cortana advises everyone inside ship.

TENN TUX ARRIVES WITH HIS MEN INSIDE SHIP

TENN TUX

(GIVES ORDER TO BETSY)

Take us to the heart.

MONSTERS FORM UP OVER SHIP ATTACHES TO SHIP

TENN TUX regains his seat at the helm of the ship
BETSY adjust the controls of the ship makes a whirling
sound and starts to reduce its size. Everything
outside the ship turns into another plasma level of
rich blood. The MONSTERS dissolves into a creamy paste
ship zooms off.

CORTANA SPEAKS thru the ships sound system

CORTANA

All is well you are safe from the
Covid for now. Dinner is prepared in
the dining hall. I suggest you get
some rest after that attempted siege
because you will need it for the
next excursion on this journey.

TENN TUX

(OVER INTERCOM) Ok crew you hear that
get some chow & rest, take a break.

EXT. MASSIVE BEAUTIFUL SCENE

The ship glides thru the body maneuvering around
blood vessels and different parts of the body.

EXIT SCENE FADE OUT

FADE IN

INT. ARMY HEADQUARTERS SERGEANT MAJOR GENERAL KNOTTS

Conversation between the two around the Generals desk
inside a military bunker office environment

SERGEANT MAJOR

We got a message thru one of our
drones that two of our CIA Operative's
are captured (PAUSE) this morning.

GENERAL KNOTTS

So do you know the exact location?

SERGEANT MAJOR

Yes we know that. One of our
spies reported that a certain
Mid East rebel by the name of Hadeem
has them in his military compound.

GENERAL KNOTTS

How many rebels does he have there?

SERGEANT MAJOR

About 200 and they all are well trained
ready to die for Hadeem.

GENERAL KNOTTS

Gather the troops we will give them
a chance to die like men. That's much
better than to die from Hadeem.

END SCENE

INT. GRAND TENT HADEEM TWO AMERICANS CROWD OF REBELS

Prisoners are sitting in two chairs before two video cameras on tripods the gathered group of rebels yelling and sneering and throwing trash at prisoners

HADEEM

Turn on the cameras. (LIGHTS ON

THE AMERICAN FACES) Now you

Two Americans were found in

the desert, correct?

There is a BIG MAN off the video cameras with a long whip behind he lashes their back on wrong answers. producing SCREAMS IN TERROR for wrong answers

MIKE

We are just tourist hiking

around in the desert. Not

particularly searching for

anything just taking pictures.

HADEEM

Do you know who's desert

this is?

DAVID

I know that is and easy question.

The Desert belongs to the Ancient

Pharos and chariots they rode on.

HADEEM

That's exactly why you are
infidels! It is my desert!

HADEEM gets closer in their face

HADEEM

Do you understand that?
Do you understand that!?

WHIP CRACKS IN AIR ABOVE HEADS both comment together

MIKE & DAVID

YESSSSS!!!

Now HADEEM turns to the LARGE AUDIENCE OF SOLDIERS

HADEEM

I Have and announcement the Infidels
have taken a very contagious flu
germ from the environment call Covid.
They have made Covid-19 a mechanical
germ much greater with a massive kill
rate and turned it into a war machine.

HADEEM walks around the tent looking into the eyes of his SOLDIERS who shout for his glory

HADEEM

Now they are here in our land for
what purpose? For what purpose?
for our land!

HADEEM turns now to the PRISONERS

HADEEM

I ask you again, what were you two
doing in the desert? Why are you here?

MIKE

Really we are innocent, we were
sent out to scout around the land
for possible sites for oil.

DAVID

And we found oil yes plentiful oil.
We can make you a deal. Tell
us where your boundaries are and
we will tell our oil companies
to drill there for oil.

MIKE

You will be rich out of all
your dreams. All of you will
live like kings for the rest
of your lives.

HADEEM reacts violently slapping PRISONER LAUGHING

DAVID

Don't you understand you are
rich now. All that is necessary
is that you let us go and give
us a chance to make the deal with
our oil companies.

HADEEM

You Infidels never get enough
do you. I know why you are here
scouting out how Covid reacts to the
desert. That's it isn't it you want
our land and oil after we are destroyed
by your new germ book called
Covid-19. You think the Covid-19
germ released here will convince
us to do your bidding!

The whip rages across their back, the CROWD of warriors rage in shouting

HADEEM turns to his AUDIENCE

HADEEM

Now the entire world is having
to put on a mask to escape the
Covid-19 germ these Infidels
have thrown on us.

HADEEM marches around for admiration the CROWD REACTS

HADEEM

What are we going to do?
We know all about mask and
how to use one, we will exploit
all the Infidels they will be
made to pay a heavy price for
bringing about this curse upon
the world.

HADEEM pulls out his big knife and stabs MIKES blood spurts out everywhere then he grabs him by the hair and whacks off his head

HADEEM

(HOLDING UP MIKES HEAD)

This is the head of the serpent!

The CROWD roars two girls escort SHEBA out from behind a curtain and roughly throw her to HADEEMS feet. she cries for mercy

SHEBA

Oh great Hadeem don't do this
I am innocent of all these lies
against me. Please I beg you Hadeem
remember when we were together all
those moons in the sky as lovers.

HADEEM throws MIKES head against DAVID and grabs SHEBA in his arms

HADEEM

Yes I remember everything all
those kisses and little white lies.
And you did not think I knew about
your clandestine moves against
me and my people. Now you and your
people who are on their way will pay
with blood.

HADEEM kisses SHEBA and stabs her in the back thru the heart at the same time. The blood comes between their mouth and SHEBA falls to floor. HADEEM spits on her

HADEEM then is thrown another giant sword from one of his warriors and he slashes DAVIDS head off with one clean sweep.

HADEEM shouts to his SOLDIERS

HADEEM

The Americans are on their
way. Kill the Americans, your
chance for redemption is now.

All the SOLDIERS had sword and machine guns hidden in their garments they pull them up and lift them above their heads and run out of the huge tent shooting their guns.

EXIT TENT

EXT. ARMY ATTACK HELICOPTERS are in the sky approaching the military base of the TERRORIST some of the helicopters are filled with SOLDIERS that makes it to ground and unload lots of SOLDIERS.

Out of the sand a small and large PLATFORM OF MECHANIZED MACHINE GUNS AND ANTIAIRCRAFT MISSEL LAUNCHERS pop up from their positions and start firing at the helicopters and striking them to the ground blowing them up. But there are a lot of survivors enough to continue the small war.

The men from the tent come out and start slashing them up and they retaliate killing the TERRORIST in short it is a small and large scale combat zone. A lot of the men from the helicopters are destroyed. They try to retaliate when they scrabble off the sand they fell on. The AMERICANS throw grenades at the REBELS and blow them up & the machine guns. Then it finally comes down to a battle with fist karate and swords. Some of the TERRORIST are throwing their knives into the GOOD SOLDIERS on the field.

HADEEM wields his giant sword and is very mighty killing every VICTIM he comes across

GENERAL KNOTTS and SERGEANT MAJOR are in a small division of tanks approaching the battle at top speeds across the sand. HADEEM sees them coming pulls out a small telephone device and pushes a button under the sand a horrendous amount of tubes stick out of the sand in the immediate path of the tanks are blown sky high.

HADEEM

Today the Infidels die of
their stupidly.

The small large war continues as the men from the tanks crawl out and regroup behind the tanks GENERAL KNOTTS and SERGEANT MAJOR are not dead

SERGEANT MAJOR is all out of breath and definitely looks shaken when his tank hit one of the mines. SERGEANT MAJOR CRAWLS OUT OF HIS TANK AND MEETS GENERAL KNOTTS

GENERAL KNOTTS

Sergeant Major how many men
do we have? We are going to
need more reinforcements.

SERGEANT MAJOR

Around 75 Sir

GENERAL KNOTT

Get them over here and ready
to teach these savages a lesson.

GENERAL KNOTTS grabs one of the men with a radio on
his back and starts calling for air support

GENERAL KNOTTS

Roger Rabbit this is Hornet Nest.
Do you read me now come in Roger Rabbit

High in the sky 6 JET PILOTS together CAPTAINS JET a
BIG RABBIT outside ROGER RABBIT in pretty letters

ROGER RABBIT

I Hear you General. How is the
desert sand treating you?

JET PILOTS fly above the earth thru the clouds
overlooking a huge smoke cloud rising from the
desert. The planes are flying in perfect formation.

GENERAL KNOTTS

We just got the wind knocked out of us

our concordance is 29 degrees
Longitude and 42 degrees Latitude.
There is a lot of smoke in the horizon.
It's an easy target for you, how about
giving these savages a little pepper.

ROGER RABBIT

Yes we see the smoke, will do General.

ROGER RABBIT tuns his jet down in the sky and the
other five JET PILOTS follow suit.

On the horizon you see almost immediately a huge
cloud of smoke getting bigger in the air

ROGER RABBIT

See what you mean General we will
be there in a minute. Hold your
positions and we will dust these
bandits for you.

ON SCREEN JETS RADAR look over the battle field.
Torpedos slide in the tubes reading for delivery

UNDERGROUND CENTER & JET PILOTS & SOLDIERS

INT. The encampment below ground a modern bomb
shelter computer center of intelligent bandits are
viewing the horizons of the battle and all of the
computers they are operating have eyes on the sky as
well

The UNDERGROUND BANDITS fire their MISSILES out of the sand from their computers and guide the MISSILES at the incoming JETS

ROGER RABBIT

We have incoming missiles squad members
disembark & scramble.

All the JET PILOTS break away immediately and the MISSILES are chasing them all around the sky above. The battle below is raging.

INT. THE INTELLIGENT BANDITS are controlling the MISSILES with their computers joysticks. The PILOTS are pretty good at making the MISSILES miss a few times but the INTELLIGENT BANDITS just redirect the MISSILES each time they miss. Two of the JET PILOTS have made the MISSILES miss them a couple of times then they dramatically run into each other.

ROGER RABBIT turns his plane all over up and down and causes the missile behind him to collide with other MISSILES in the air. For a moment you think he is safe then the INTELLIGENT BANDITS fire off another two MISSILES after him and he is hot struggling for his life in the sky

The INTELLIGENT BANDITS are like mischievous dangerous children laughing as they are blowing up all the JET PILOTS

INTELLIGENT BANDITS

Oh wee I missed that one. Ha ha got
you. Tell your father good night.
Oh you think that is smart, try and
catch this one. Got ya!

GENERAL KNOTTS turns to SERGEANT MAJOR

GENERAL KNOTTS

Did you see what I just saw.

SERGEANT MAJOR

Yes Sir.

GENERAL KNOTTS

Get the rest of the men over here
with whatever guns and ammo they
got.

GENERAL KNOTTS

And get on that radio call Base Zero
and tell them we are out here in
the middle of the desert penned
down by a gang of bandits.

From another advantage point of the TERRORIST the sand
opens up and a GROUP OF MINI TRUCKS come roaring out
runway. They are moving at top speed circling the
last of the first set of WARRIOR GOOD GUYS.

The TERRORIST open up on them with their machine guns
and all hell breaks loose. GENERAL KNOTTS men open up
heavy fire & blown up trucks sending the
BANDITS FLYING in the sky

GENERAL KNOTTS & SERGEANT MAJOR pick up guns and start
firing at the bandits as well killing them SERGEANT
MAJOR is a cracks hot and every time he shoots he
kills a bandit. However the bandits outnumbered the
remaining good guys

HADEEM and his ground SOLDIERS charge the remaining GOOD GUYS running at them between the blown up trucks and murder them with long swords in one hand & pistols in the other.

GENERAL KNOTTS looks on with haste as he sees clearly that the first strike team has been destroyed

GENERAL KNOTTS

Where is that radio?

SERGEANT MAJOR is on the radio

SERGEANT MAJOR

Base Zero do you hear me come in.

Base Zero do you hear me come in.

BASE ZERO

This is Base Zero I hear you...

SERGEANT MAJOR

We need reinforcements. I repeat
we need reinforcements immediately
at 29 degrees Longitude and 42 degrees
Latitude. Do you read me Base Zero.

BASE ZERO

I got no reinforcements here at
Base Zero. Everyone is out on
an emergency called in last night
along the border. I repeat we do

not have spare guns. I can call
Washington for you but that will
take 3 days. You will have to bear
arms by yourselves.

SERGEANT MAJOR reports to GENERAL KNOTTS shaken

SERGEANT MAJOR

Looking like we got nothing there
at Base Zero.

The men from the tanks that were still alive had
removed big machine guns from inside the tanks and
were spread out in a circle getting ready for the
TERRORIST.

GENERAL KNOTTS looks on his men

GENERAL KNOTTS

Ok you men of the United States
now is the time to lay down a bunch
of Terrorist. Open Fire

All the machine guns go off at once and the TERRORIST
all over are blown sky high.

HADEEM with a group of his SOLDIERS form up behind one
of the overturned trucks, he pulls out his cell phone
and calls his UNDERGROUND MODERN TERRORIST.

HADEEM

We got these tank guys unloading
on us give them a taste of our
Cactus.

INT. TERRORIST UNDERGROUND MODERN WAR ROOM

ON SCREEN two small drones emerge from a tube out
of the ground. The drones fly around and view the
forces of GENERAL KNOTTS.

HADEEM and his men open up fire from their guns to
distract GENERAL KNOTTS men.

FORE MISSILES are then emitted thru the sand into the
air. the missile fly around the FIGHTING MARINES and
then fly directly into the circle killing them all
except GENERAL KNOTTS

The TERRORIST rush the scene and captures the GENERAL

GENERAL KNOTTS

(HOLDING UP ONE HAND IN SURRENDER)

Ok Ok you got me, what do you want?

HADEEM

We were all wondering how you plan on
using this new weapon Covid-19 on
our rich land of oil?

All of the TERRORIST around HADEEM raised their
weapons and SHOUTED and FIRED THEIR GUNS in the air.

GENERAL KNOTTS

How do you think, like any other
weapon to protect the United States
and the free world!

HADEEM

This is my world out here in this
desert. Are you going to spread it
around out here to protect my
free world.

All the TERRORIST LAUGH with HADEEM

GENERAL KNOTTS

You can laugh now about this.
But this is serious business
out here what you are doing is
wrong and you know it.

HADEEM

What I think is you have created
this disease and its variants are
now forming and fuming up in our
blood to destroy the planet. You
have generated A mechanical disease
to control the population into doing
what you think is right. Feeling

coercive General? I am feeling a lot of things General and one of the main things is you. I am feeling right now your ass is on the line. My line General!

GENERAL KNOTTS

No No No we are all under the threat of the disease. And if you do not start making the right decisions about the way things are in each instant then you will suffer the consequences like anyone else.

HADEEM

Do you know why you are still alive General?

GENERAL KNOTTS

No I don't know why why is that?

HADEEM

Because our missiles missed you but General now I got your ass.

All the TERRORIST with HADEEM LAUGH

GENERAL KNOTTS

Next time ours won't miss you.
You can bet on that.

HADEEM

Ha Ha Ha Ha Ha

HADEEM jumps on GENERAL & straitens him up

HADEEM

Shit and piss in your pants General!

HADEEM wraps his hands around the GENERALS neck

HADEEM

Shit and piss in your pants General!

Shit and piss in your pants General!

Shit and piss in your pants General!

Shit and piss in your pants General!

Its obvious shit and piss starts flowing from the GENERAL into his pants. The front of his pants become wet and his rear end starts to bulge, the GENERALS face gets red & he stinks HADEEMS MEN

HADEEMS' MEN

Pew oh pew you stink General

HADEEM

That's it.

HADEEM throws the GENERAL on the ground on his stomach
shouts to HIS MEN

HADEEM

The General here has a fire in
the back of his pants. Put
it out.

HADEEMS' MEN back off in discuss. HADEEM approaches
them closer and more fierce.

HADEEM

I Said put it out! Put it out!
Put it out!

Up close to each one of them till they move quickly
over the GENERAL and start kicking him in the ass.

HADEEM looks at the GENERAL in discuss

HADEEM

(MOTIONS TWO OF HIS SOLDIERS)

Pick him up and point him in
the direction of the middle of
the desert and turn him loose.
So he can bake in the sun.

HADEEM SMIRKS to GENERAL being carried off

HADEEM

Just think if you live they
may find a cure from your blood!?

GENERAL KNOTTS

I will kill you for this!

The two soldiers pick him up and point

ONE TERRORIST

Walk in that direction

ANOTHER TERRORIST

Yes and do not run because the
sand is very hot.

The GENERAL begins to walk away from the last of the
TERRORIST and a drone from the sky flies over him and
drops a fire bomb on him and he starts burning to
death and screaming

INT. THE CREW SARA CAPTAIN SILVERS CREW

TENN TUX examines new shipment of medical vaccines sent to the ship from earth with instructions for distributing to the body blood system medical pods. Taking fluids and making samples to study and make new crew making vaccines and improvements for boosters

(RADIO MESSAGE INSIDE THE MEDICAL PODS)

SARA is on hand and plays the message from CAPTAIN SILVERS

CAPTAIN SILVERS

As you know Doctor Zenwig was murdered by the patient so we are not sure if these vaccines will work. We used his old notes and what we could think to combat the virus. Although we have examined all of the dead bodies you have sent back and developed these advanced pods full of vaccines to distribute all over the patient blood vein system. If your team can make improvements on the samples I would suggest that. All of us here at home base are sitting on pins and needles for you. Because of the importance of this mission we worked tirelessly to bring back Dr. Zenwig, we tried everything now you must do the same. (THE TAPE ENDS)

SARA

Ok you scientist examine the medicine
make any improvements you can. Get
this shipment ready to deploy ASAP.

SARA on INTERCOM COMMUNICATES with TENN TUX

SARA

I have been examining this new
shipment of medicines. It looks
pretty good. They want us to
deploy them along the veins of
the patient. I suggest we travel
to the heart this way we can get to
outgoing blood and the incoming
blood much faster to kill the Covid.

TENN TUX

Ok Betsy take us to the Heart
of our little Ginny Pig patient
and lets start distributing some
medical pods of our latest antibodies.

BETSY

Roget that captain. I know this
patient is going to feel a lot
of relaxation as the pods releases

some of the most potent killers
of this Covid germ know to man.

TENN TUX

You can say that again. (INTO A
MIKE ON HIS JUMPSUIT) Ok Sara
get everybody suited up we are
going out there again and clamp
down these pods in various locations.

END SCENE

EXT. SHIP THE COMPANY OF SOLDIERS EXITING SHIP

The space suits are elaborate and have jet propellers on their backs to boost them thru the blood. They also have lights on their helmets to help them see. The blood is very colorful and pretty powerful so they have to move themselves around very careful and agile groups of two SOLDIERS carry one pod the other SOLDIERS are armed protecting the SOLDIERS that are carrying the pods.

A SWARM OF MONSTERS FORM UP IN THE BLOOD

They attack the company of men carrying the pods. The SOLDIERS battle the MONSTERS with Lazer guns and swords. The MONSTERS have shields and guns. The good SOLDIERS SHOOT WITH GRENADE GUNS at the MONSTERS and blow them up. The bad MONSTERS jump on the good SOLDIERS and tear their heads off the shoulders slash thru their suits with their teeth and in general are killing a lot of the good guys. TENN TUX grabs a pod and opens its contents on the monster the contents attaches itself to the MONSTERS and immobilize them. The blood stream carries the MONSTERS off. Everyone is greatly relieved because there is only a few SOLDIERS left with the pods they are carrying.

TENN TUX

Careful with that pod soldier.
There is not many pods left to
do the job. And we do not want
to injure our little ginny pig.

SARA

That was a little rough but
we are still alive. Are we
going to have enough pods left

BETSY

I think we are going to win. All
we need to do is stay close and
quickly distribute the pods in the
incoming vein Right Atrium and the
out going vein Aorta. That should
infiltrate the entire body.

TENN TUX

Yes while we are here lets finish
this everyone keep it very smooth.

A BIG MONSTER FORMS UP IN THE BLOOD STREAM

The monster eats a couple of SOLDIERS and then turns
on TENN TUX & SARA & BETSY is holding one of the pods
SARA releases some of the contents. The monster is
immobilize and is carried off in the blood.

TENN TUX

That was close, keep moving
people. We still got a ways
to go. Cortana?

CORTANA SOUNDS UP IN HIS HELMET

CORTANA

I hear you Captain, how may
I be of assistance?

TENN TUX

Send out the rest of the men
with all of the medical pods.

CORTANA

Aye to that captain.

The new pods arrive. The company continues to deliver the pods in different streams inside the blood veins they travel faster all around the body delivering pods because the blood stream acts like a river and is circulating all around the body and back to the heart along with the jet thrusters inside the suit helping the men navigate. Some of the veins looks old and rusty with cholesterol & the COVID ugly when the pods release the LSD889 it improves the lining of the vein and makes everything look beautiful again. Some of the pods just needed to be released and they would expand and retract and move into and out of the heart and all over killing the COVID DISEASE IN THE VEINS.

Time flys by and all of the pods are finally delivered almost all of the men in the company were killed doing this job. The bodies that were retrieved were sent back to home base.

EXIT SCENE

INT. TENN TUX & BETSY & SARA & RON 4 SOLDIERS

Ship mess hall everyone is eating silently the rest were all killed delivering the pods.

TENN TUX

I can hardly believe that this disease was able to consume all of our men.

BETSY

Everyone on earth should be very grateful with us for our service.

SARA

Got any idea when we are returning?

BETSY

I am beginning to like this place living inside the defeated Covid-19.

TENN TUX

We will hang tight here for a while.
But I feel that we have done everything we could with what we had. In short prepare to get the hell. Outa here people.

RON

This world will never stop.

SARA

I heard that!

CORTANA

(OVER THE SHIPS SPEAKERS)

There is a unidentified message
coming in from somewhere inside
the body of the patient.

TENN TUX BETSY & SARA RON HEADS UP

This is threatening news. They all quickly leave the
mess hall and race to the helm of the ship to see if
they can tell where the message came from and who it
is. Below yet visible the ship IS A BALL OF LIGHT.

TENN TUX

Sara take us closer to the light

SARA

Aye to that captain

THE SHIP MOVES TOWARD THE LIGHT

As the ship gets closer to the ball it is absorbed
into a different dimension. It's a paradise with
bountiful spectrum of illumines light. Birds all
kinds of fruit trees and nut trees.
Grapes are plentiful and birds sing in the crisp
clean air. There is a rainbow in the sky
and it looks like it has just rained because water is
dripping from the leaves on the trees. The sun is out
its a blue sky with some white clouds.

BETSY

This looks like a paradise.

SARA

Lets go out and investigate.

TENN TUX

Not a bad idea. What's left
of us Suit up.

RON

I am leading the way. What
ever the white crystal is will
have to deal with me first.

EXT. WHAT IS LEFT OF THE SOLDIERS MARCH OFF THE SHIP

They test the air and it is very clean so they take
off their helmets and pile them by a tree beside the
ship.

TENN TUX

Lets investigate spread out but
stay within ear shot and give
a shout if you find anything.

RON TENN TUX 2 SOLDIERS SPLIT SARA & BETSY 2 SOLDIERS

This is a hidden paradise lots of green vegetation and
flowers and trees. As they explore a woman of unknown
origin appears before RON

KIRA

Welcome we have been expecting you.

TENN TUX

(RAISES HIS HAND TO HALT)

Sara Betsy on me.

KIRA

(REALIZES HE IS CALLING HIS TEAM)

Yes you may bring your friends

my councilor wants to meet with you.

TENN TUX

Where is your councilor?

KIRA

Not far from here. They sent

me here to fetch you to their

council.

RON

Who is they? That's nice I have

been wanting someone to make sense

of all of this from the very start.

TENN TUX & HIS TEAM FOLLOWS KIRA HEROLD APPEARS

SARA & BETSY catch up and they travel thru the woods over a long distance and finally come to a VILLAGE. They walk inside the VILLAGE and CHILDREN play at their feet and VILLAGE PRETTY PEOPLE wave at them like they have been friends for a long time. A man HEROLD comes up to greet them & escorts them before and ocean cliff overlooking the sea.

HEROLD

(HOLDS UP HIS HAND TO GREET THEM)

Howdy I see Kira found you all.

You look well I hope in fair health?

TENN TUX

(LOOKS AROUND AT HIS COMPANY)

What's left of us, yes we are fine.

And you, you look better have you been
plagued by the Covid-19 MONSTERS!?

HEROLD

Yes, No, however we have been receiving
the spirits of those killed
by the Covid-19 and found you.

TENN TUX AND HIS COMPANY

They all look around at each other in amazement

RON

Did you ever think about lending
a hand we have lost a great
amount of our soldiers.

BETSY

(NOT WAITING FOR AN ANSWER)

Are we in heaven?

HEROLD

Precisely you are in what
you know as The Promise Land.

TENN TUX

Well that explains a lot where
is the LORD?

AT THAT INSTANCE A LARGE GROUP OF PEOPLE ANGELS

They appear without walking all around TENN TUX and
his group. HEROLD gives out a small laugh and so
does his group of PEOPLE ANGELS. The ANGELS are lit
up with a florescence light watching

HEROLD

You are the LORD!

ALL THE ANGELS ASSUME HE IS RIGHT

TENN TUX

You mean I am GOD?

HEROLD

Yes you are GOD like a seed
that has been planted. GOD is
growing inside you.

TENN TUX & GROUP look indifferent puzzled

BETSY

We came here to destroy the
Covid-19 and the variants and
look for permanent solutions.

HEROLD

Yes we have seen your work very impressive.

But still although planned permanent will
needs improvements. You know the Covid
is very adaptable Cyborg creatures.

RON

What do we need to do to make it
permanent like indefinite permanent?

HEROLD

The way your medical foundations
are set up could be vastly improved.

BETSY

How so?

HEROLD

Your doctors all have a license
to practice after completing certain
strenuous degrees and procedures.
This is all good but what has been
left out is degrees and procedures
of knowledge in herbs magic & cosmetology.

SARA

Come on Tenn Tux lets get out of
here we did our job!

TENN TUX

Not so hasty Lieutenant the man
has a point we may as well
listen to him while we are here.

BETSY

(TAKING SIDES WITH TENN TUX)

I get what you are saying but
Where does cosmetology come
into play.

HEROLD

When the earth was first formed
up slowly the trees dropped leaves
and limbs in patterns that formed
up mankind natural cosmetology.

TENN TUX

That's pretty impressive.

AT THIS MOMENT THERE IS A GIANT EARTHQUAKE

RON is knocked down with the rest of the TEAM. But
HEROLD and all of the angels were not bothered or
physically disturbed by the shakes. They
were held in suspended animation with TENN TUX.

The COVID MONSTERS began to approach at a huge rate so massive that it was obvious that TENN TUX and his people were to be destroyed.

At this moment all the angels dissolved into HEROLD and he became a tremendous light and dissolved the MONSTERS slowly giving them pain then all at once

HEROLD

That is what you call a relapse.

The medicine pods you set out
are strong and is a ingenious idea.

It's just the Covid-19 has
strong variants and has many forms of
Cyborg syndromes so although the
pods are working good they also
can be overcome. As you see in
this case.

TENN TUX

Okay you convinced me.

We will tell them back on
earth what you said.

BETSY

(MORE CONVINCED)

Weather they will believe us
that's another story.

HEROLD

We are very patient here in
Heaven and am glad you were
intelligent enough to listen.

SARA

Can you escort us back to our ship

HEROLD

Yes I understand the Covid is
very energetic and hungry for
your blood, of course.

HEROLD escorts group back to their ship

TENN TUX

Thanks for the guidance if
we could pay you in money
you know we would.

HEROLD

We will watch over your pods
a lot and make sure they are
improving as time goes by.
And I know you wanted to
know why we did not intercede
beforehand. THE MYSTERY OF
GODS LOVE IS HIS WORK!

TENN TUX tries to shake his hand farewell HEROLD see his gesture giggles a little steps back and bows to TENN TUX and his crew, they all decide to wave and board the ship. They man the helm and take off

TENN TUX

Sara take us to our home base!

SARA

Roger that Captain!

SARA manipulates some computers and the ship is electrocuted back to the army base.

INT. The crew everyone disembark the ship CAPTAIN SILVERS

CAPTAIN SILVERS

You made it that was close. Good news Bruce is much better and walking around. We are sending out radio radioactive isotopes. The world should be getting much better soon.

TENN TUX

If anyone ever ask you if you have seen JESUS just tell them you are looking at him. (AND LAUGHS) THE END

THE CRUCIAL PURPOSE OF THIS OUTLINE IS TO GIVE SOME INSITE THAT YOU DID NOT GET WHEN YOU WERE READING THE SCREENPLAY. THIS OUTLINE WILL HELP THE DIRECTOR MAKE TRUE SCENSE TO THE FUTURE AUDIENCE WHEN DIRECTION THE FILM. ITS VERY IMPORTANT THAT ALL OF THE ADDED DIALOGUE BE SHOT TO MAKE BETTER SENSE OF THE WHOLE SCREENPLAY.

TENNY IS A TYPICAL TEENAGER THAT IS FRIENDS WITH ALL OF HIS STUDENT FRIENDS. BY LOOKING AT HIM AT FIRST GLANCE YOU WOULD SAY HE IS A VERY ACTIVE ATHLETIC TEENAGER. HE LOOKS A LITTLE ROUGH BECAUSE HE DRIVES A BUILT UP SPORTS CAR AND HANGS OUT WITH ALL OF HIS TEENAGE FRIENDS THAT REACT TO LIFE THE SAME WAY. HE IS A TEENAGER THAT IS IN THE IN CROWD. HE IS AVERAGE HEIGHT AND WEIGHT WITH SANDY GOLDEN BLOND HAIR THAT IS JUST OVER HIS EARS. HE HAS GREEN EYES AND A GOOD TAN FROM HANGING OUTSIDE A LOT. HE IS ABLE TO BE VERY SERIOUS BUT DOES NOT REALLY CARE ABOUT ANY ISSUES IN PARTICULAR. DRESSES IN BLUE JEANS TEE SHIRT TENNIS SHOES TO SHOW OFF HIS GOOD PHYSIQUE.

TENNY at high school pulls up in his car

TENNY

Hey Sandra how do you like
my new car? Would you like to
go for a spin.

SANDRA

Sure lets take a ride to the
ocean. I want to check out the
waves. I heard on the radio
that some really big waves
were coming in over that hurricane.

TENNY

You know it hop on in.

ARMY GHOST ARE FIRST SEEN IN THE FRONT YARD AS A HAZE EXERCISING TOGETHER IN A UNIT. THEN THEY ARE SEEN IN THE FRONT YARD AT ANOTHER PRECARIOUS TIME AS A SNIPER SQUAD HUSTLED IN PATCHES WITH THEIR BLANKETS OVER THEIR BODIES. SHE HAS A LOUD VOICE AND IS NOT AFRAID TO USE IT AGAINST WHOEVER OR WHATEVER IS INSIDE HER HUSBANDS BRAIN. SHE LOOKS WEALTHY ENOUGH IN HER ROBES AND DOES NOT WANT ANYONES ELSSES MONEY.

THE SPIRIT OF COVID IS A GROSS DEMON THAT DEVISES ITSELF IN MANY FORMS. THE SOUND WAVE THE SPIRIT PUTS OUT TO THE PRESIDENT IS SEDUCTIVE AND CONVINCING THAT THE PRESIDENT HAS MADE THE RIGHT CHOICE TO ACCEPT THE MONEY AND BE BETTER OFF WITH THE POWER HE WILL ACQUIRE BY PROMOTING THE COVID IN A WAR DISEASED CHEMICAL THAT WILL ALLOW HIM TO CONTROL HIS ENEMIES.

Then the soldier can activate the Covid's
electrocution or corral it for experiments.

TENN TUX

Thats pretty neat!

CAPTAIN SILVERS

Your space suit is pretty neat also.
Their is a hole in the top side of the
helmet to put your hallucinogenic cigarette
and when their is not time for that
there is a pipe compartment to keep full
so it will light up and you just breathe
the smoked drug to give you boost of energy.
