STARCOMM

SOLAR SECURITY TRAILERS

RELIABLE ON-SITE VIDEO SURVEILLANCE

STARCOMM's solar security trailer is a stand-alone surveillance and deterrent platform engineered to protect remote assets and locations. The system is capable of operating unattended and self-powered for extended periods of time.

Customize cameras based on your needs. Access real-time footage from PTZ, License Plate Recognition, Thermal (FLIR), bullet, and dome cameras through our desktop portal or mobile app. Setup custom notifications that alert you to possible theft or jobsite safety protocol issues.
