

Natural Hazard Reports

Pro Group Escrow will in fact accommodate you by ordering your Natural Hazards Report as indicated on the Residential Purchase Agreement & Joint Escrow Instructions.

Pro Group Escrow will send your Natural Hazards Report and signature page(s) with original escrow instructions, normally within 48 hours of opening escrow, to the Buyer, Seller, and both Agents.

The one important thing that you MUST remember is that Pro Group Escrow can not be responsible for the collection of signatures for these reports.

The Natural Hazards Report is a Real Estate Disclosure Document.

If you have any questions, please do not hesitate to contact Pro Group Escrow or your Team Leader.
