BEFORE YOU START...

The child reads the big, bold type. This contains the most common words, words that can be decoded or words containing the sound being learnt.

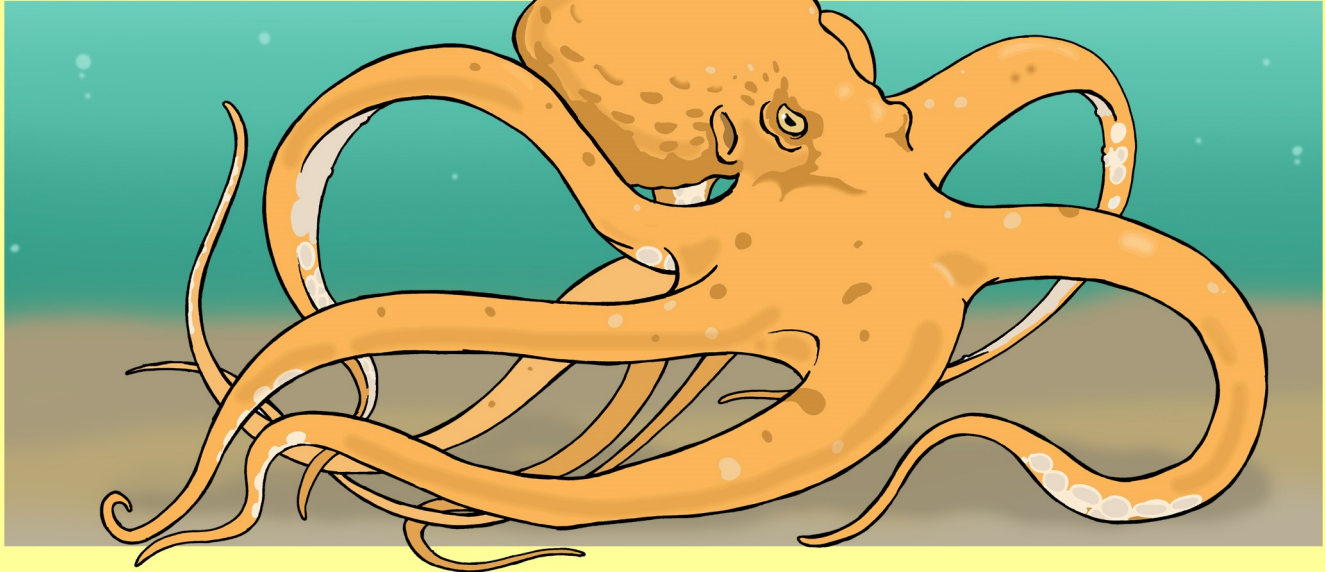

The text in the corner is just for the adult or reading partner. This is to develop the child's vocabulary and promote discussion.

ay

Say "ay" (as in "bay").

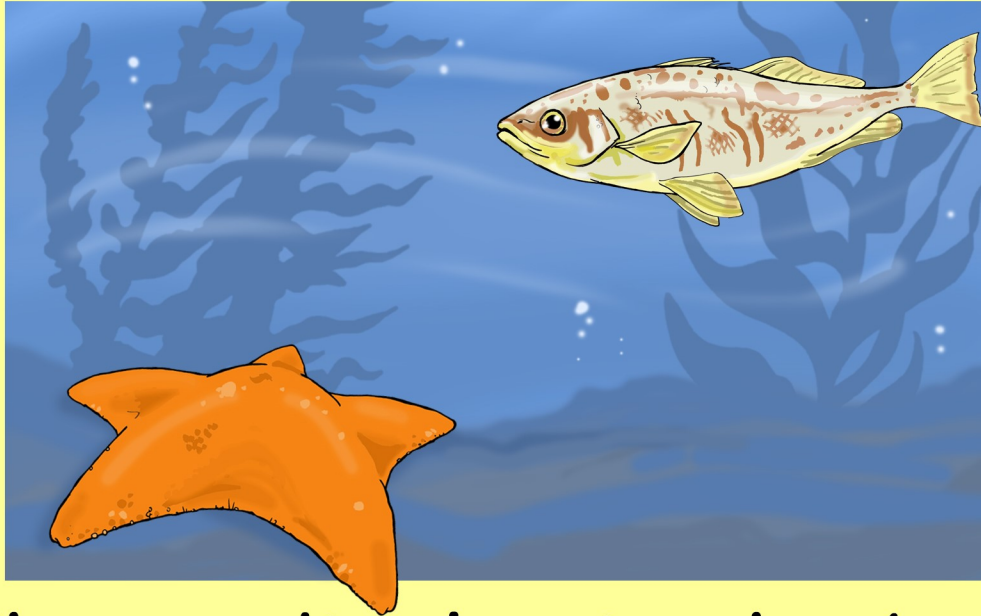

Say it **quiet**, say it **loud** and say it **silly**! Trace the letters with your finger... **Let's go!**

Monterey Bay, in California, is home to many amazing creatures, including the giant Pacific octopus.

Let's spend a day in the bay.

*There is so much to see under the water,
from fish and seaweeds to
beautiful sea stars.*

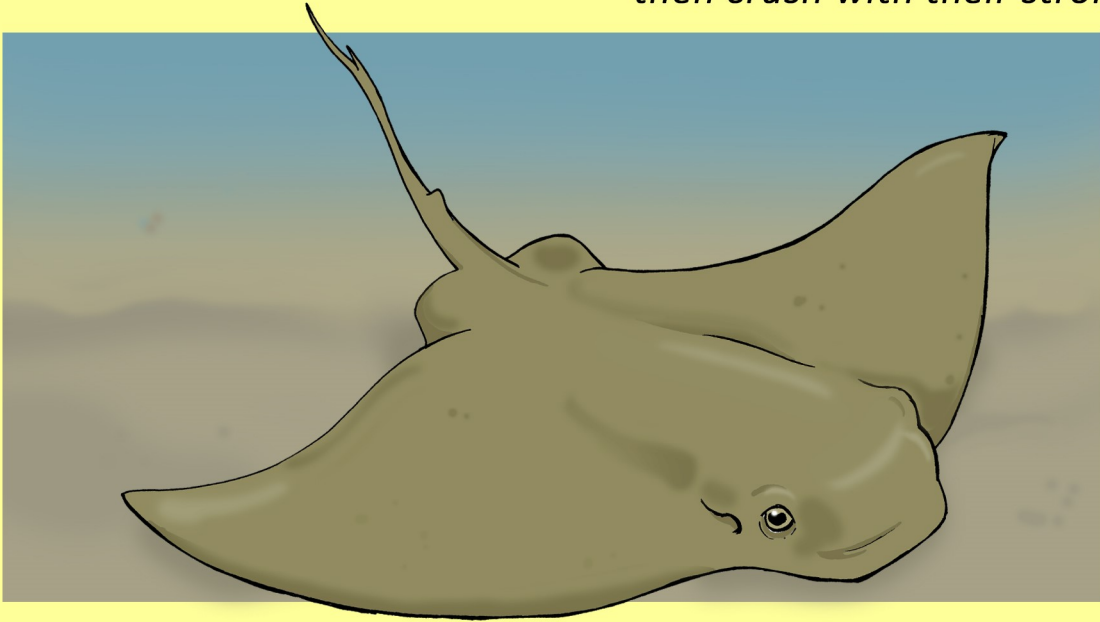

What a display in the bay!

*Moray eels show their powerful jaws
to warn off unwanted attention.*

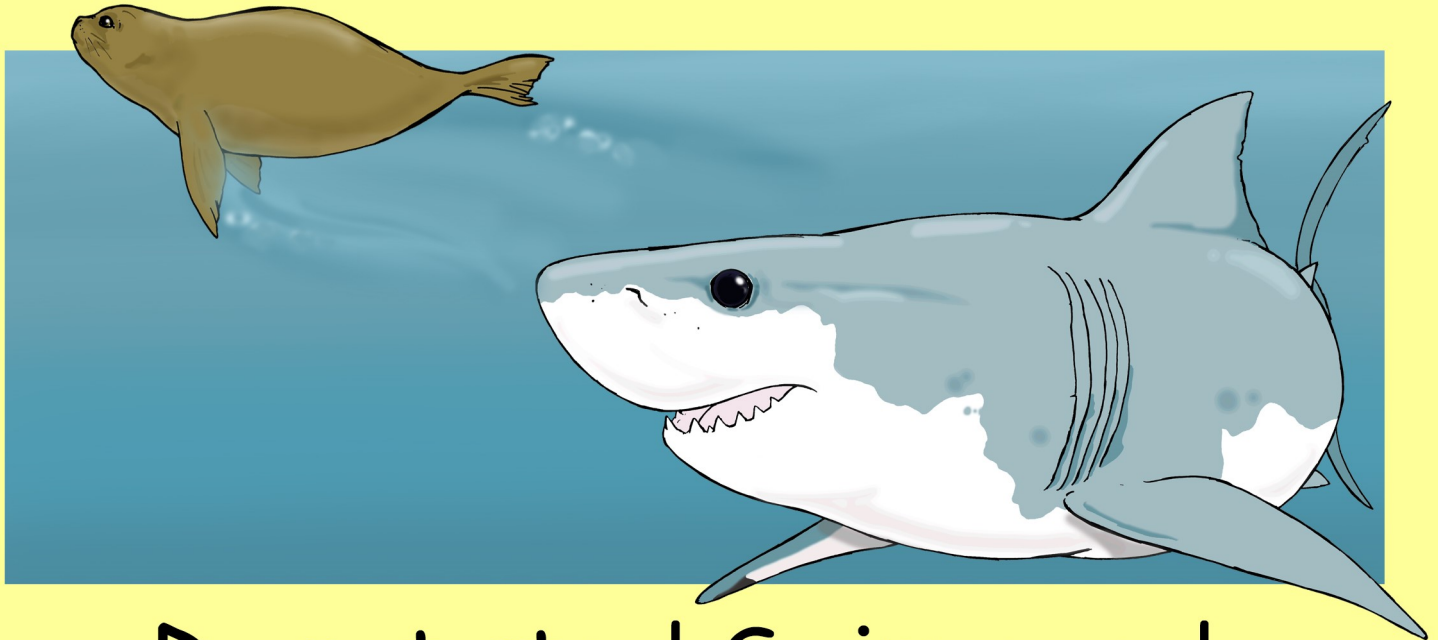

The moray says stay away!

Bat rays investigate the floor of the bay to find shellfish, like clams, which they then crush with their strong teeth.

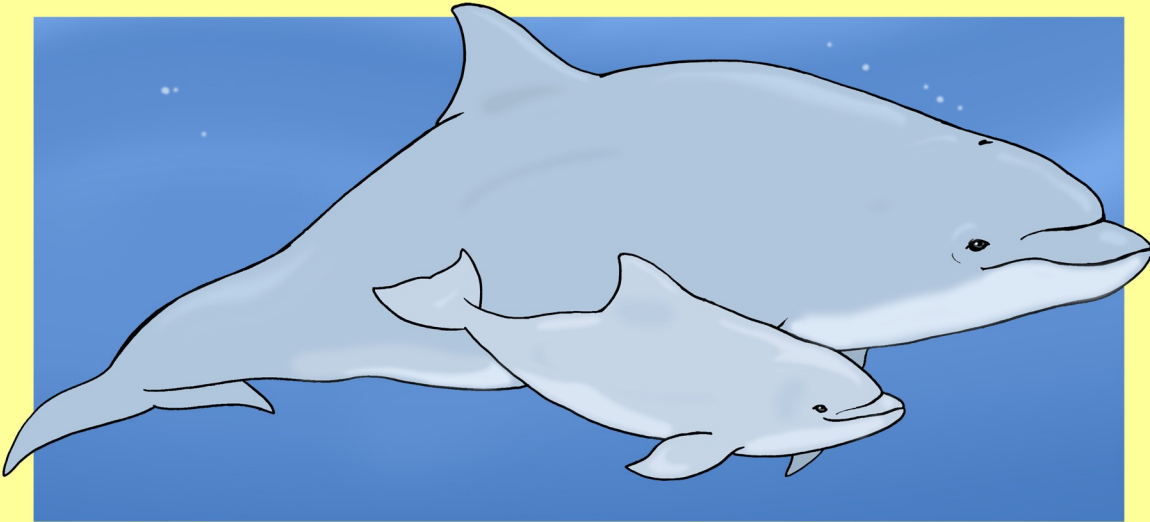

A bat ray lay on the sand.

Great white sharks hunt for elephant seal pups. The pups are small, but they are agile, fast swimmers.

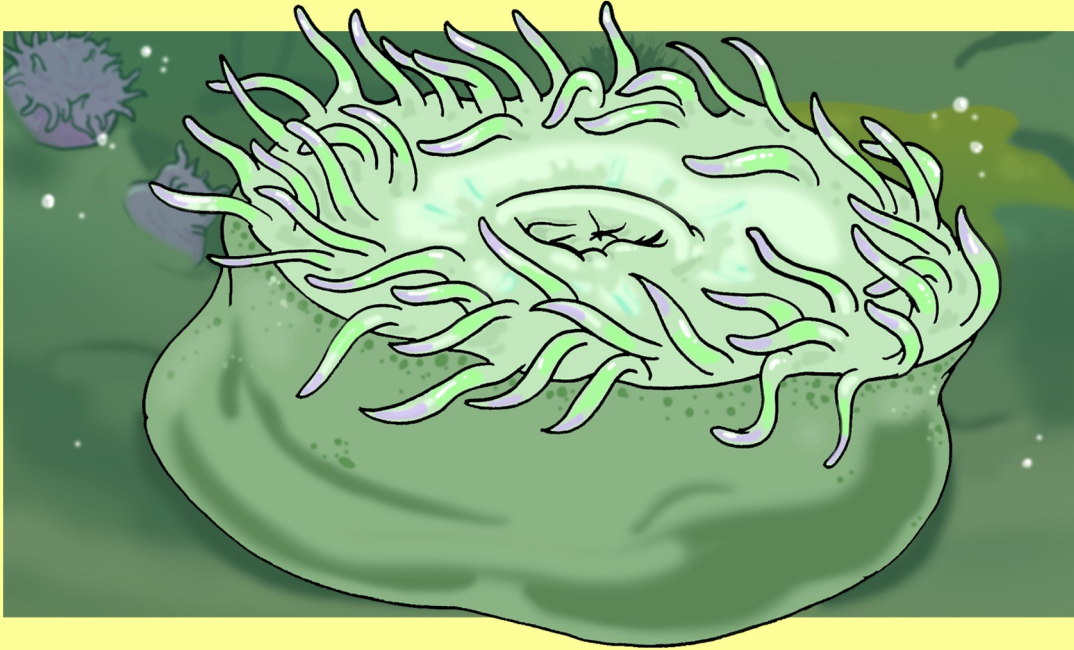

Do not stay! Swim away!

A bottlenose dolphin calf needs lots of care, as there are many dangers in the ocean.

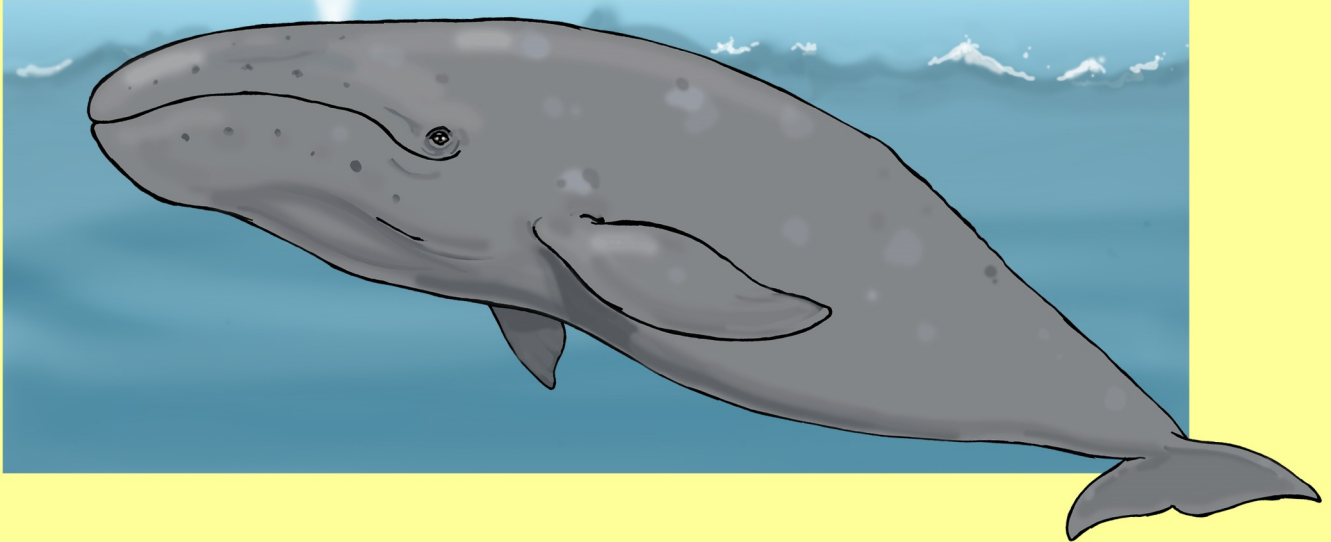

Do not stray away from mum.

Anemones have tentacles that collect microscopic food from the water.

I stay still and sway.

Gray whales need to breathe air. When they surface, they spray jets of moist air which can be seen from afar.

This spray is from a gray.

*Sea otters rest their food on their tummies
as they rest at the surface.*

I lay back like a tray.

*The fur of sea otters keeps them warm
as they swim down, searching
for spiky urchins to eat.*

We play all day in the bay.
