

Can you complete our butterflies and moths activities?

- Select a butterfly or moth, paint one half of the and fold over to create a symmetrical insect artwork. You can try to copy colours or create your own!
- Find a way out of the **maze** so that the caterpillar can change in to hummingbird hawk moth.

Extend your learning!

A free downloadable e-book at www.livingworldeducation.com/explorers will give more information about butterflies and moths with a short quiz!

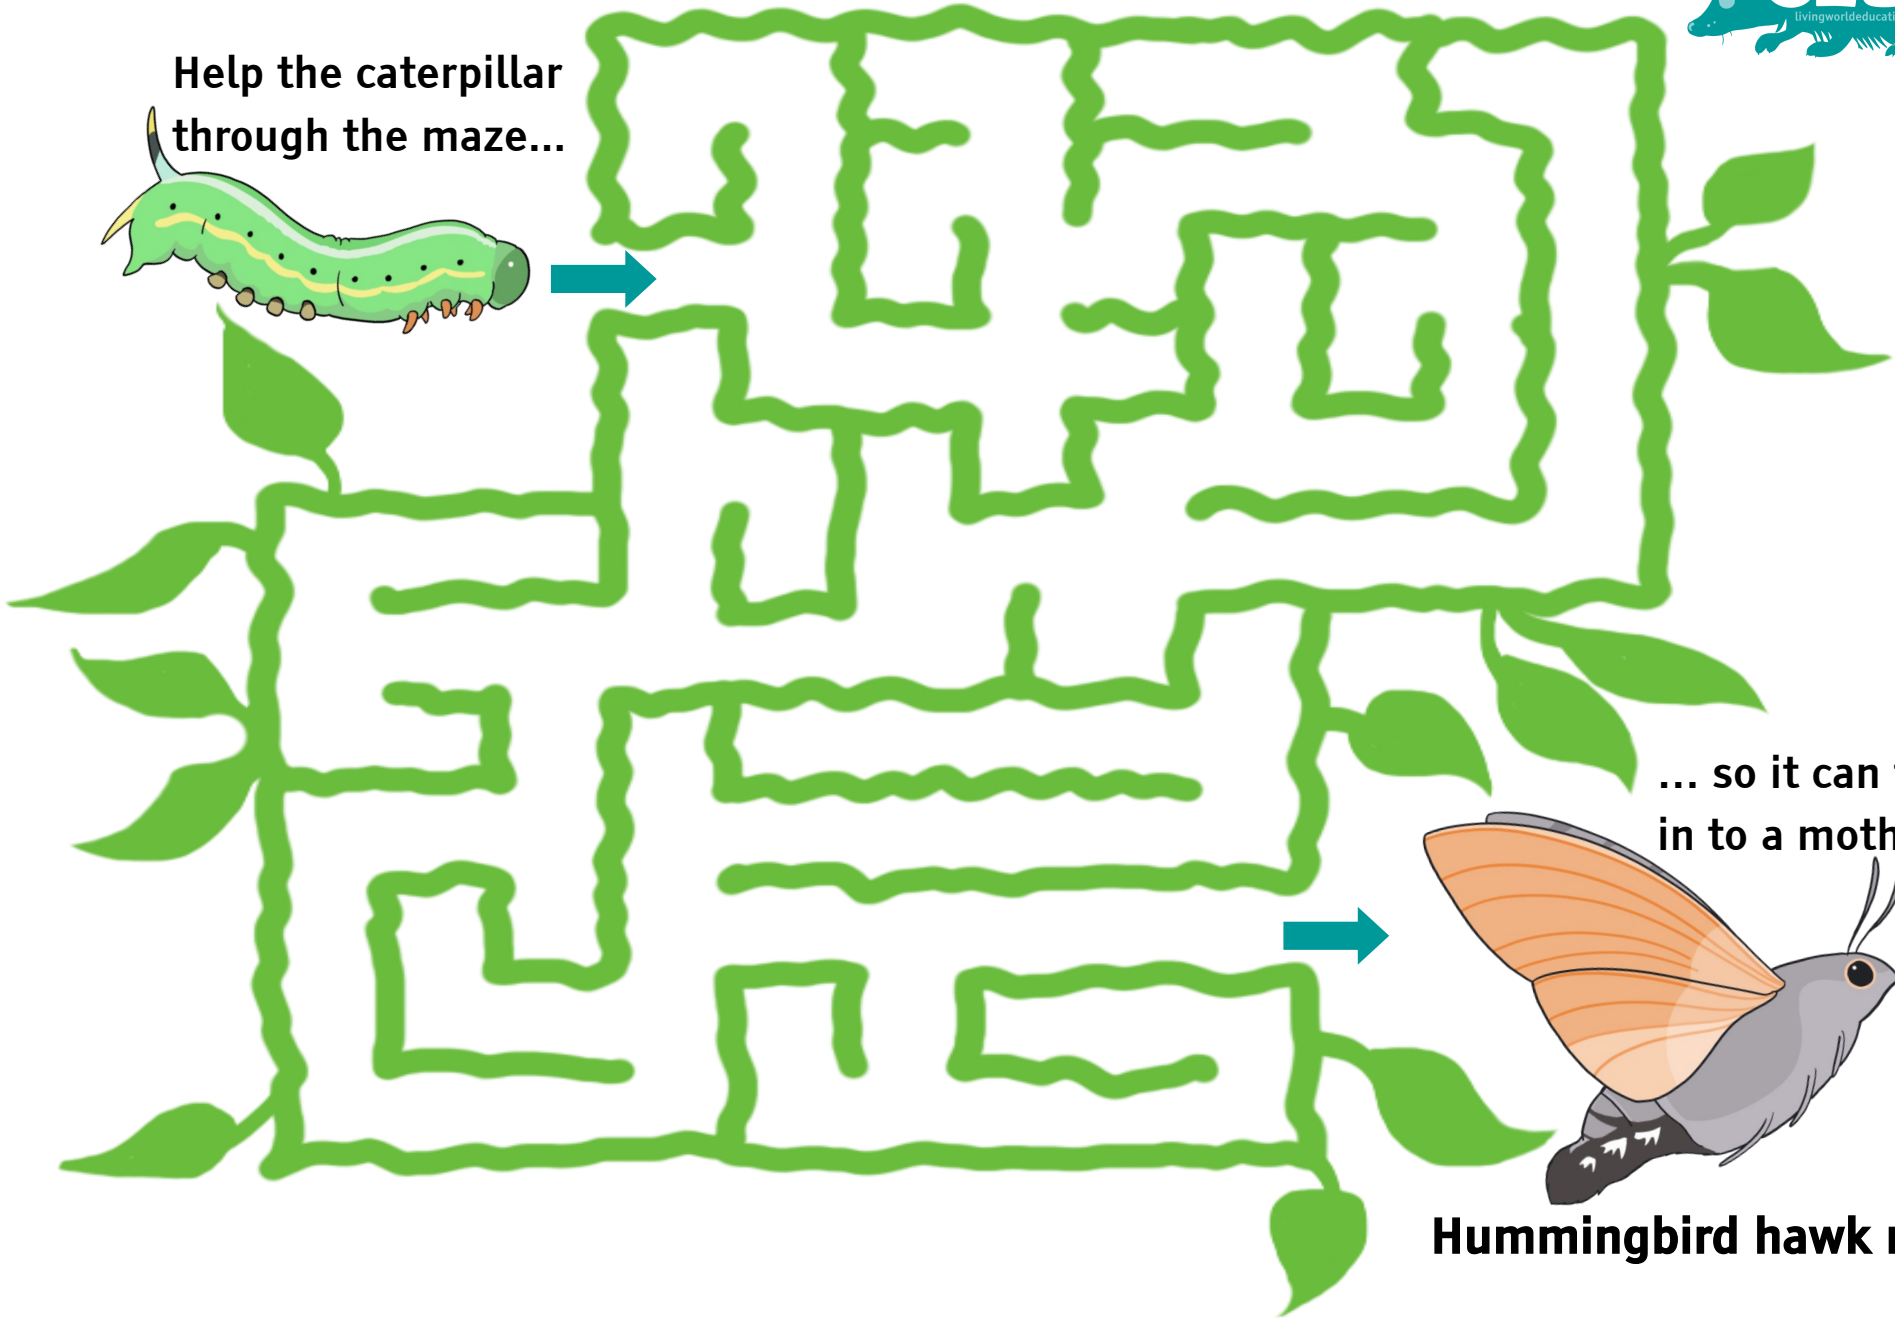

www.livingworldeducation.com/wildlifegardens has links that will give more information about the to encourage these insects with ideas as to which plants to select.

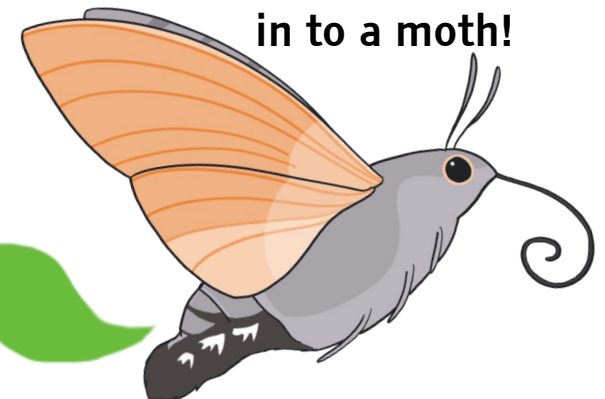

MOTH MAZE

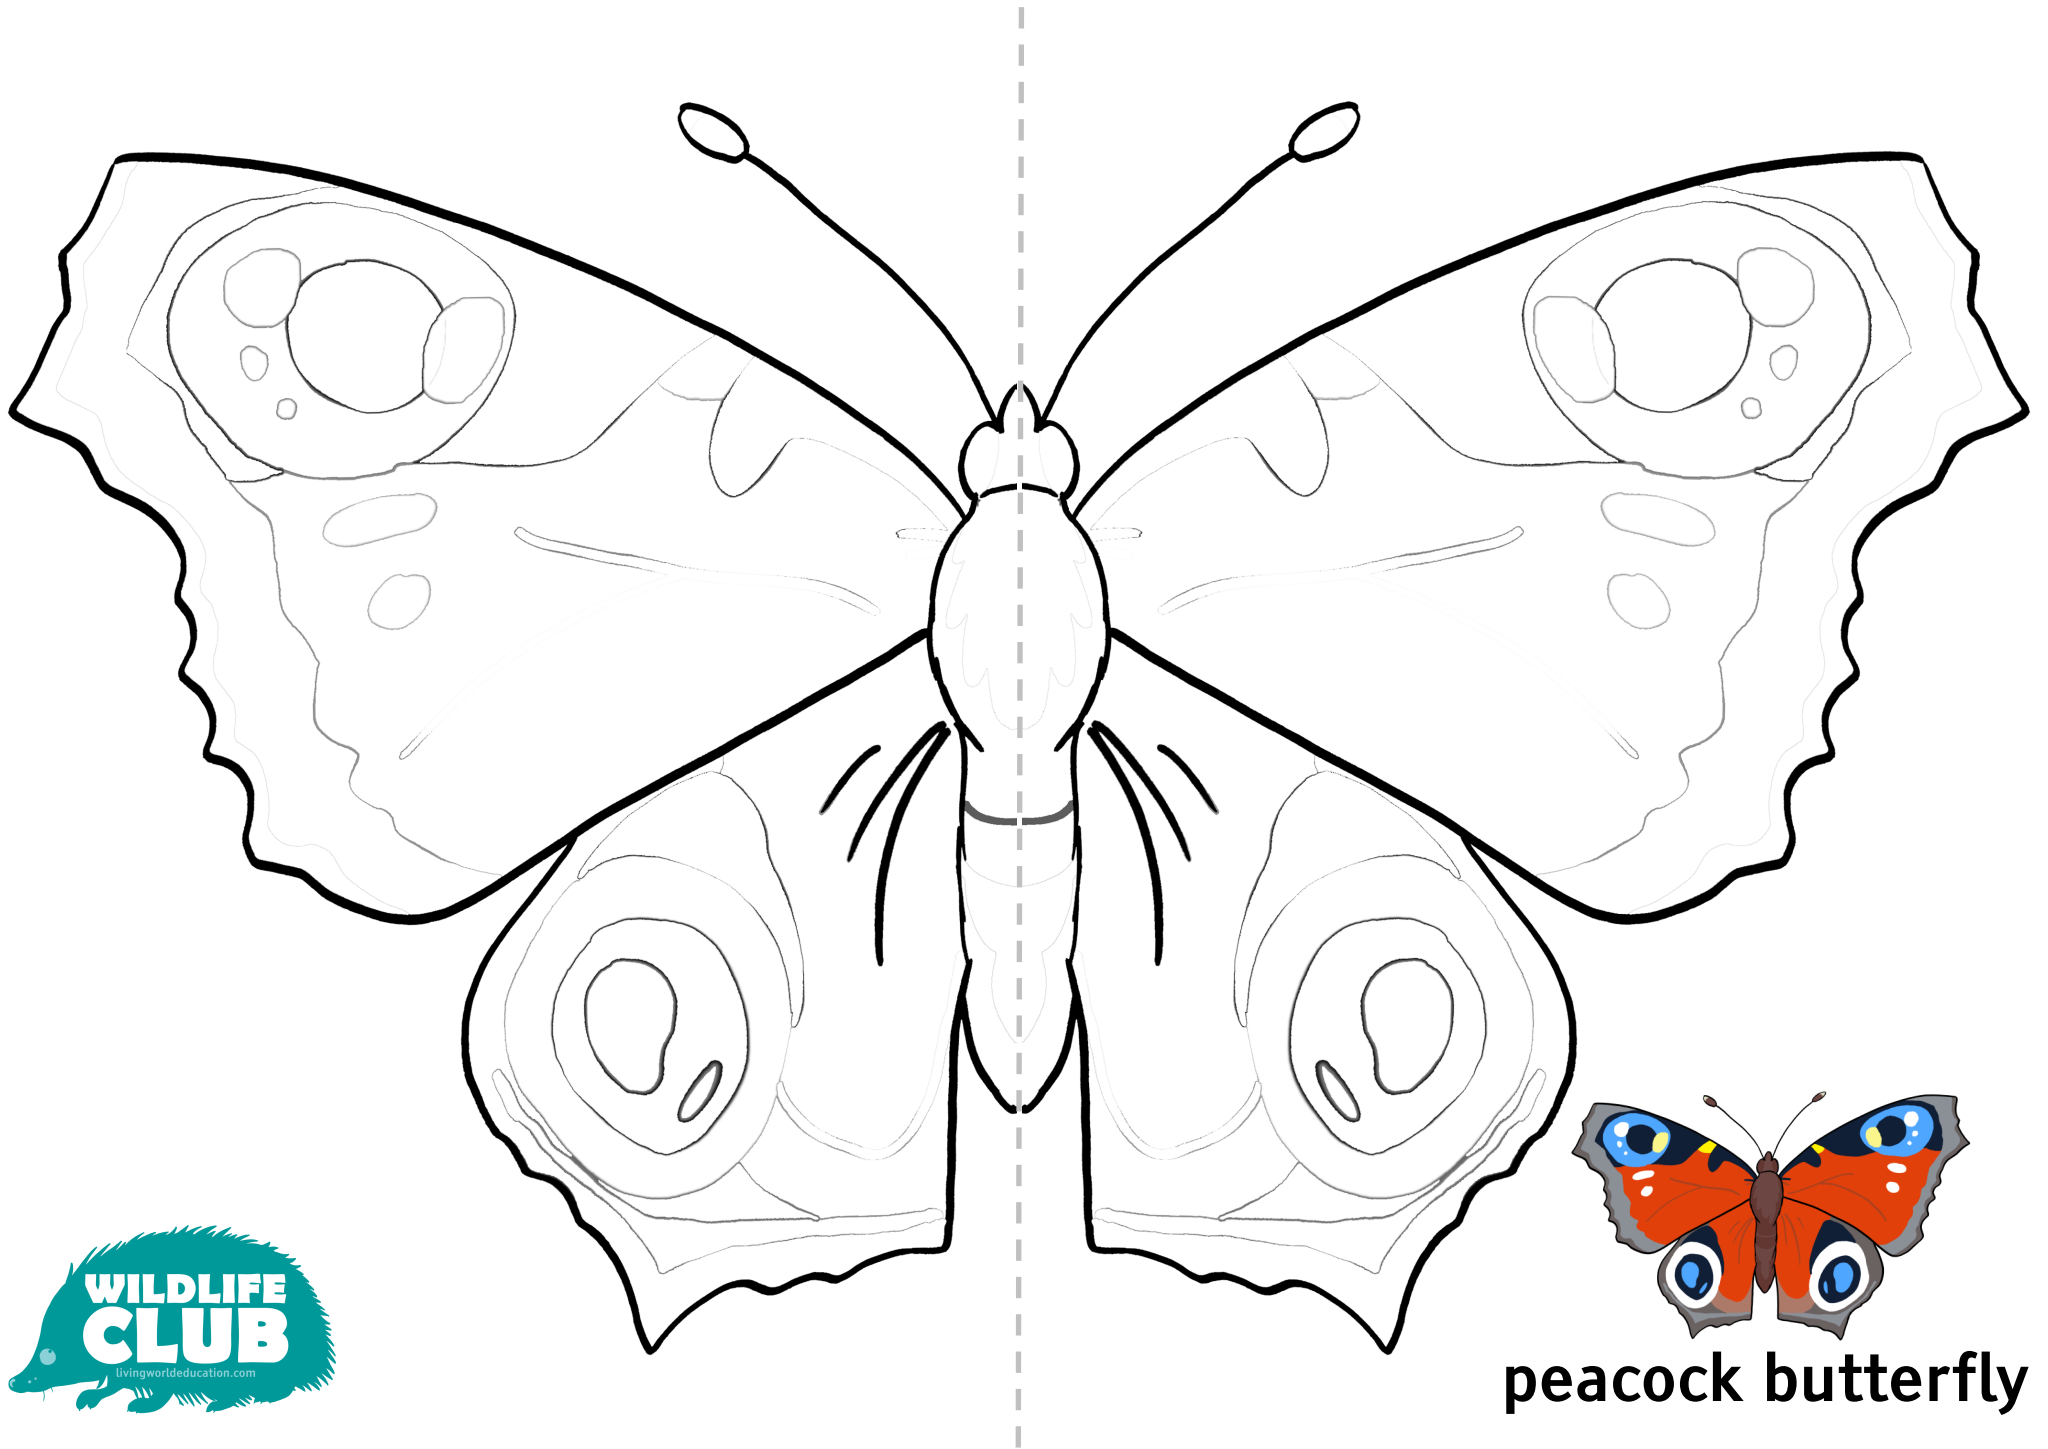

Help the caterpillar
through the maze...

... so it can turn
in to a moth!

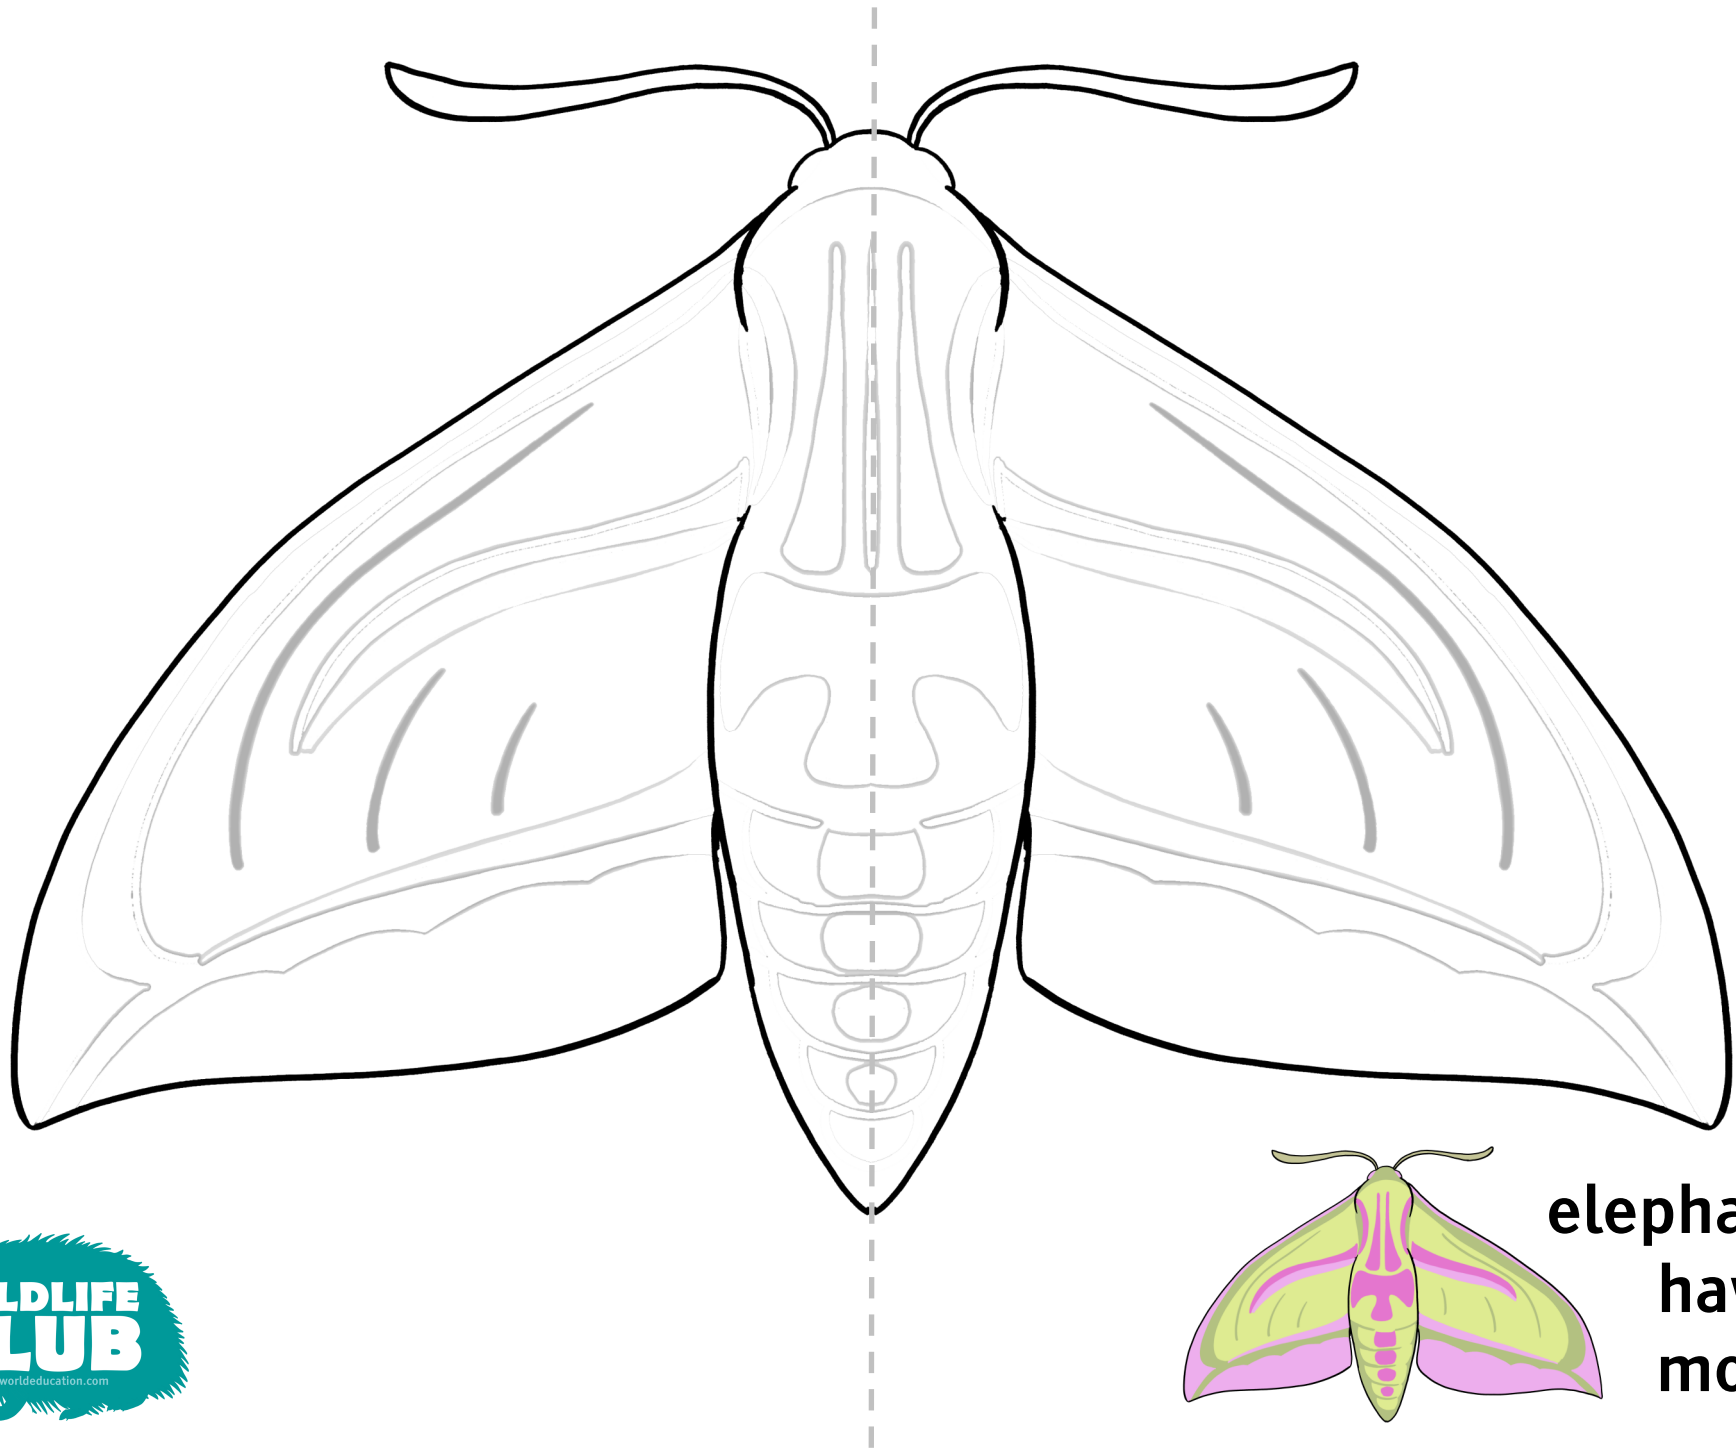

Hummingbird hawk moth

peacock butterfly

**elephant
hawk
moth**
