## BEFORE YOU START...

The child reads the big, bold type. This contains the most common words, words that can be decoded or words containing the sound being learnt.

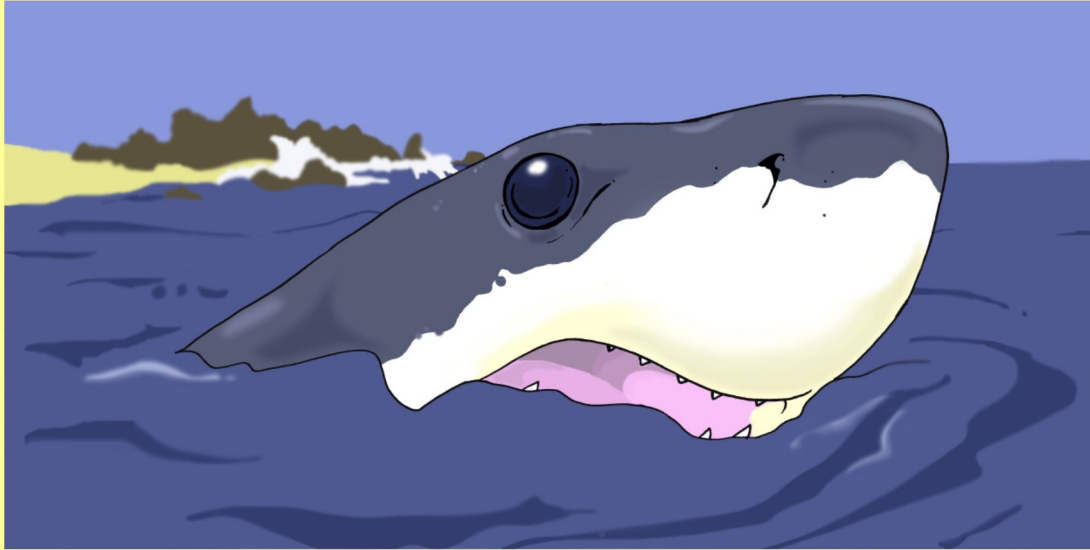

The text in the corner is just for the adult or reading partner. This is to develop the child's vocabulary and promote discussion.

ea

Say "ea" (as in "eat").

Say it **quiet**, say it **loud** and say it **silly**! Trace the letters with your finger... **Let's go!**

*Spyhopping is used by great whites to spot where prey, like seals or sea lions, may be around.*

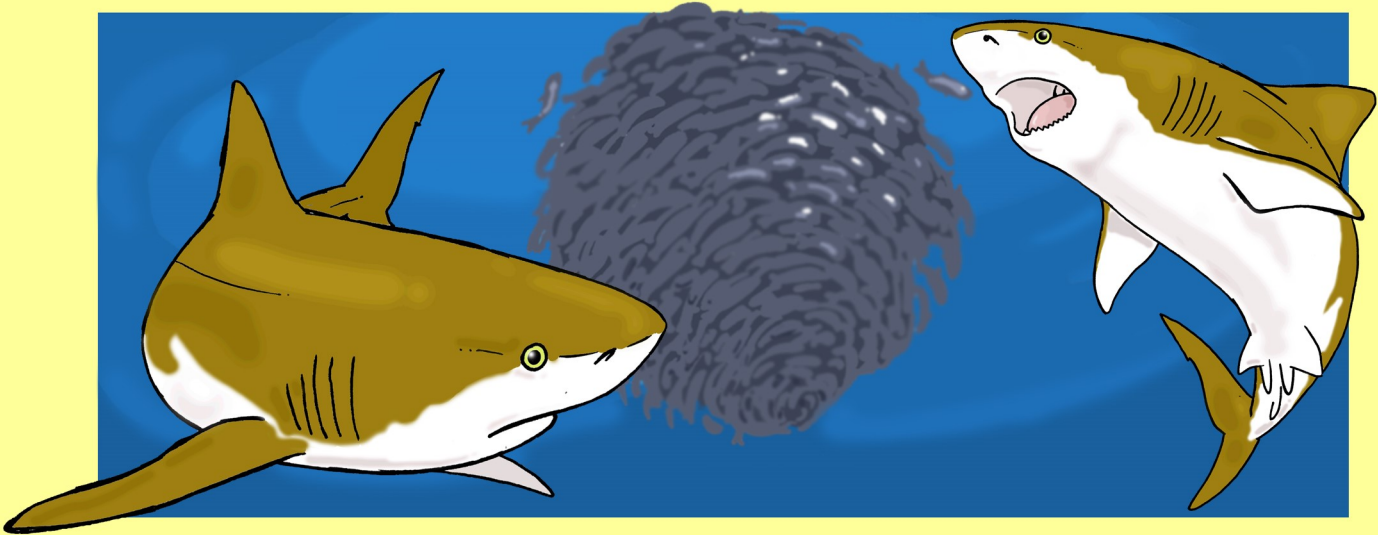

This shark can look at the beach.

*Great white sharks can leap out of the water in pursuit of seal prey. This is called a breach.*

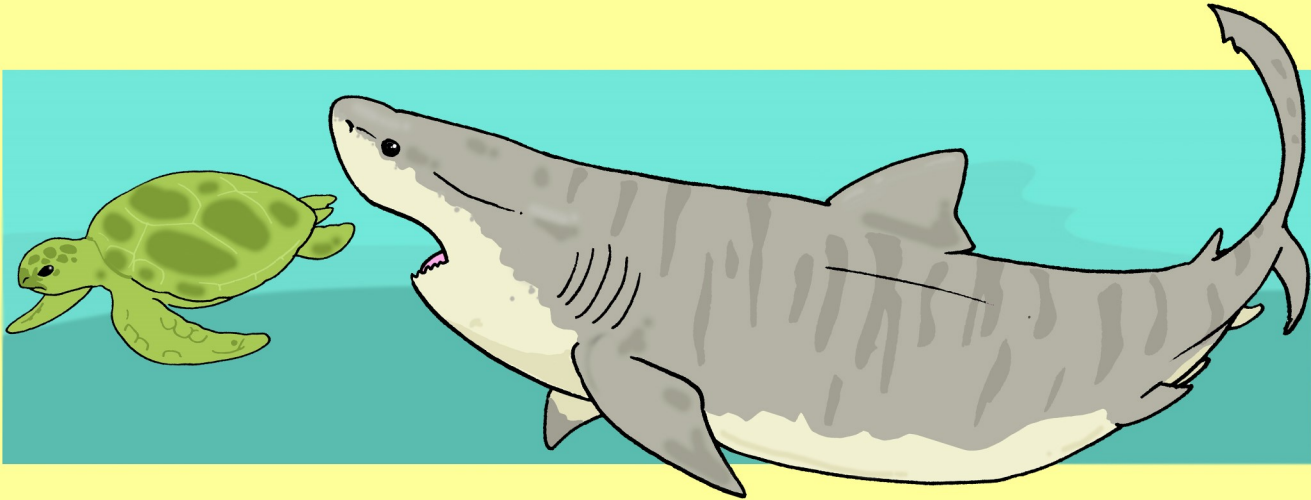

A shark leaps. It wants to eat a seal.

*Bronze whaler sharks scare fish  
into bait balls making them  
easier to catch.*

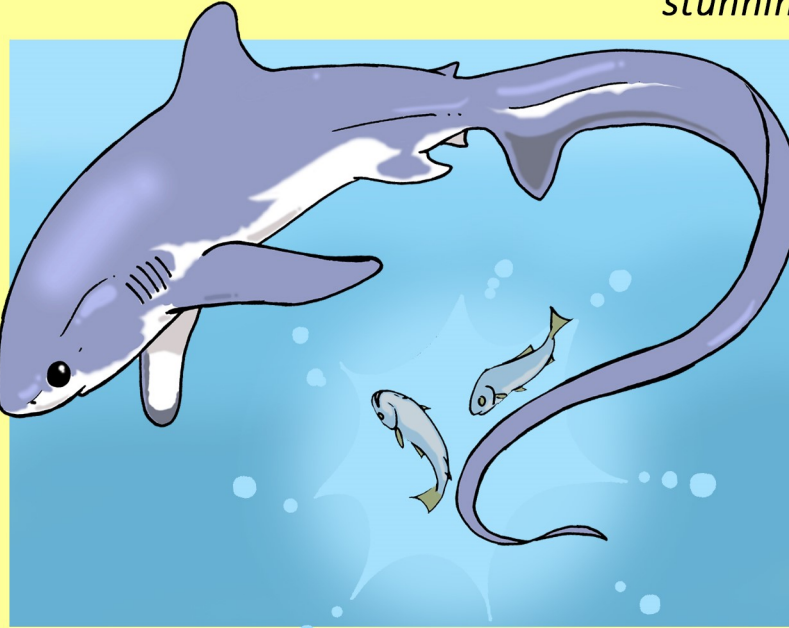

Sharks can help to trap a feast.

*Tiger sharks like a wide range of prey,  
but are also known to eat junk items  
including car number plates!*

Sharks like to eat meat.

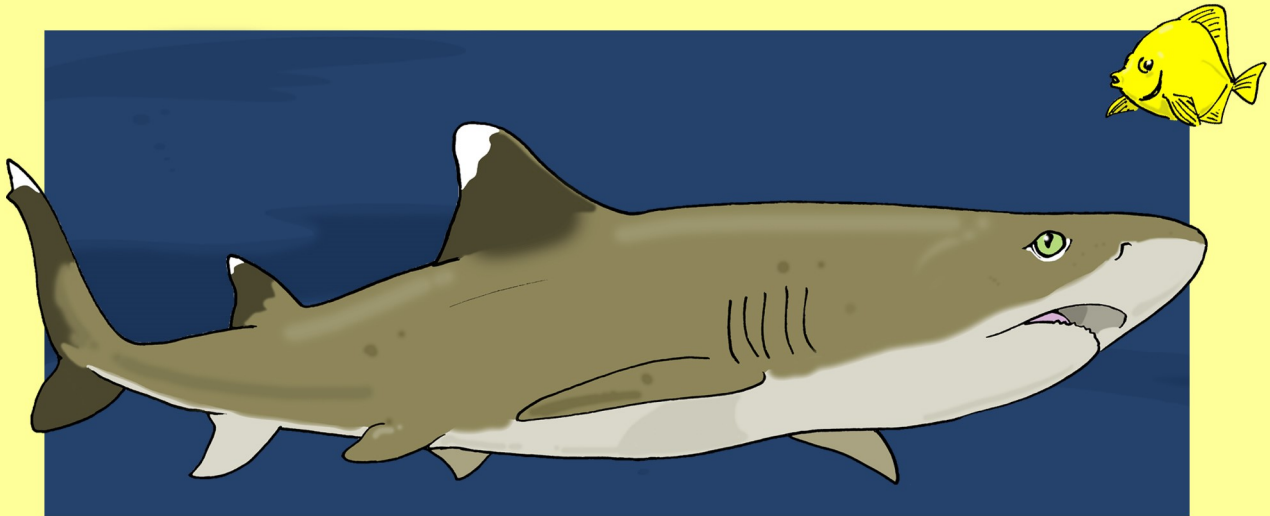

*Thresher sharks have incredibly long tails. This tail is used like a whip, stunning their fish prey.*

The shark can slap for a meal.

*This whitetip reef shark, stop the spread of disease by eating weak or injured fish.*

Sharks will hunt weak fish.

*Great hammerheads use their wide head to pin down stingray prey.*

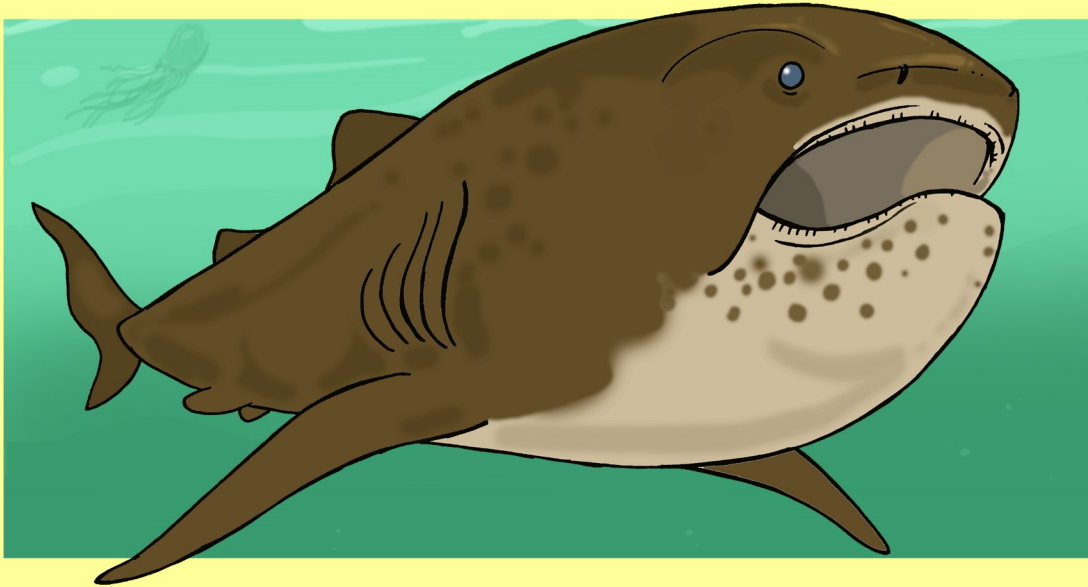

This shark can hunt for a meal.

*Nurse sharks use sensitive barbels on their snouts to detect food hidden on the seabed.*

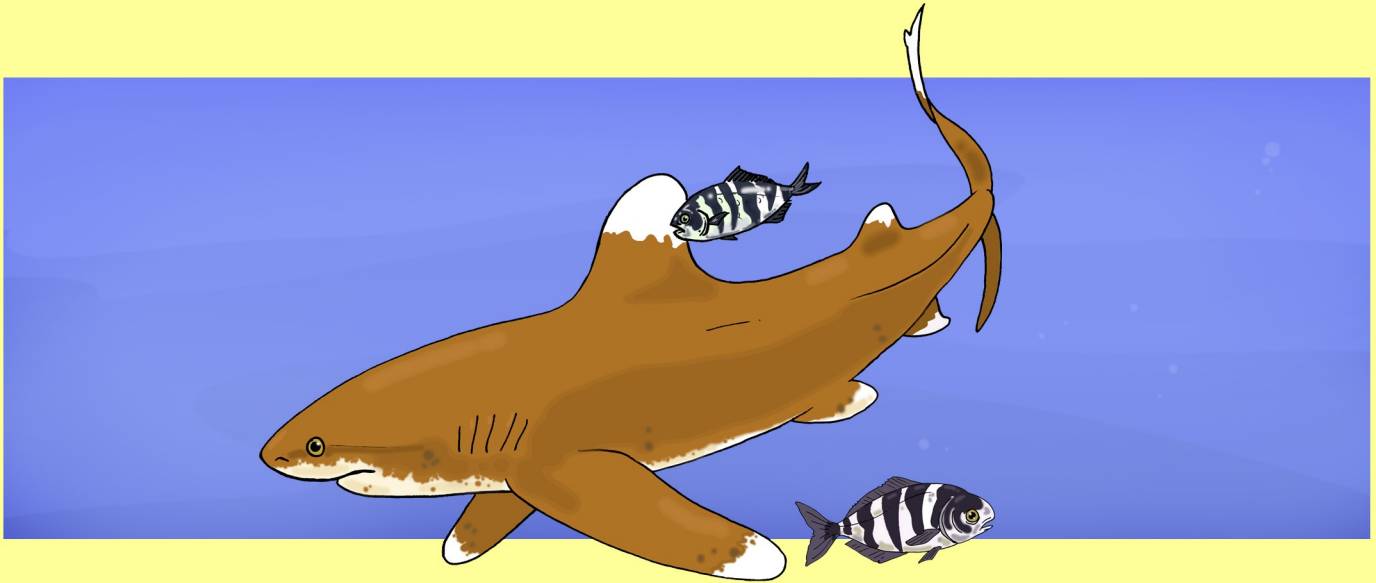

**This shark will look for a meal.**

*Megamouth sharks may be massive,  
but they only feed on tiny creatures  
and jellyfish.*

**This shark is a big beast.**

*The striped pilot fish helps this oceanic whitetip shark by eating pests and cleaning its rough skin.*

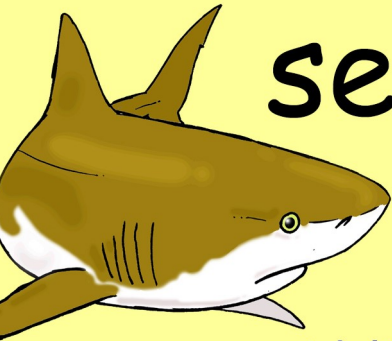

The fish help a shark get clean.

beach eat meat

reach beast meal

east clean beat
