

# Seeds and Trees

*Reading just got wild!*

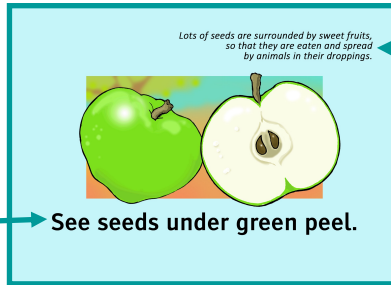

Treefrog Phonics books and resources are  
written and illustrated by Colin Marshall

**Copyright Living World Education, 2025**

# BEFORE YOU START...

The child reads the big, bold type.  
This contains the most common words, words that can be decoded or words containing the sound being learnt.

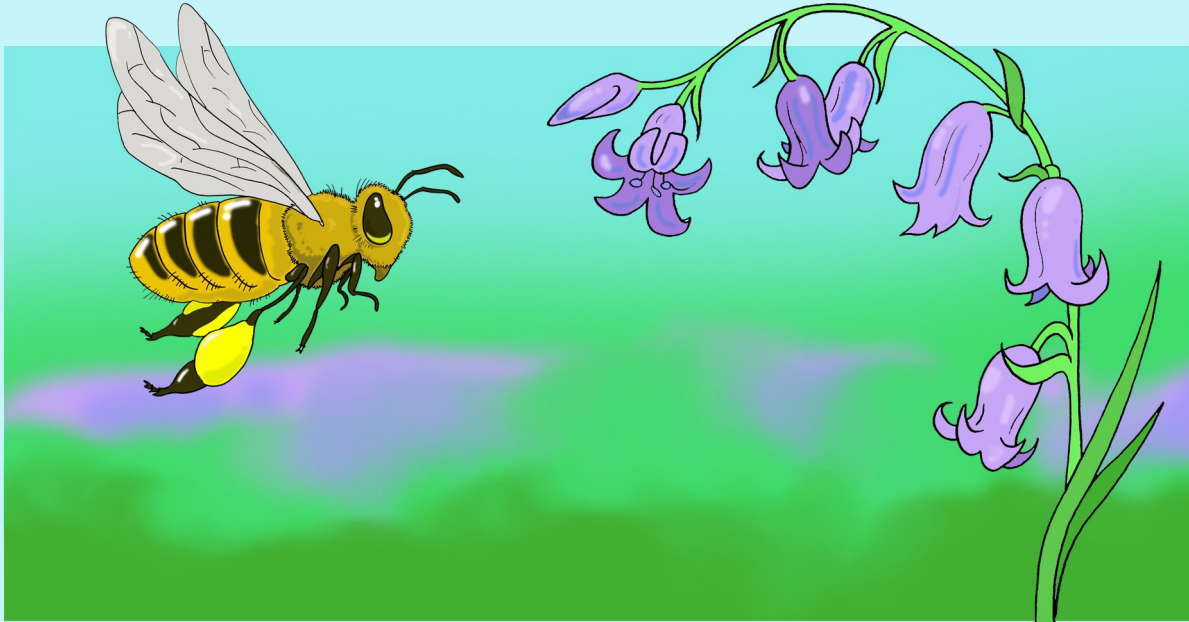

The text in the corner is just for the adult or reading partner. This is to develop the child's vocabulary and promote discussion.

# ee

Say "ee" (as in "seed").

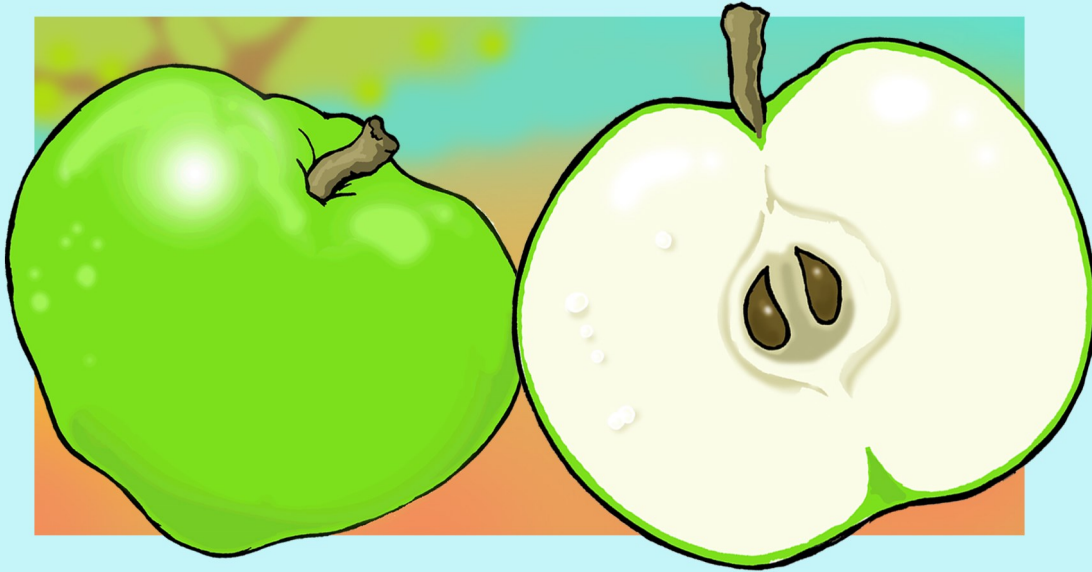

Say it **quiet**, say it **loud** and say it **silly**! Trace the letters with your finger... **Let's go!**

*Bees transport pollen between flowers.  
This causes them to produce seeds.*

**A bee can feed here.**

*Lots of seeds are surrounded by sweet fruits,  
so that they are eaten and spread  
by animals in their droppings.*

**See seeds under green peel.**

*Brightly coloured fruits, and the seeds they contain, are eaten by birds like this waxwing.*

**I need seeds from trees.**

*This jay has an amazing memory and  
knows exactly where it has hidden  
its stash of acorns.*

**I get big seeds in the trees.**

*Woodmice scamper through the leaves  
as they search for food that has fallen  
from the trees above.*

**My teeth help get in the seed.**

*Squirrels bury acorns to feed on during the freezing winter months.*

**I hid it deep with my feet.**

*Some acorns are forgotten, and they  
remain buried and inactive during  
the cold winter season.*

**Seeds sleep, deep in the mud.**

*Spring sunshine warms the soil, the seed begins to germinate. This means the seed coat splits and it grows roots and a green shoot.*

**The green bit pops free.**

*Some plants, like dandelions, spread their seeds by wind. The breeze carries away these tiny seeds far and wide.*

**This weed is full of seeds.**

*Butterflies enjoy the high energy  
juices from soft, ripe fruits  
like blackberries.*

**I feed with glee. It is sweet.**

# HANDWRITING

Scamper after mouse...

Where is the  
mouse going?

Trace the words, then transfer them on to the line.

bee

seed

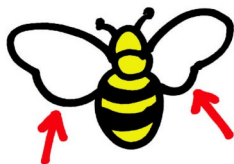

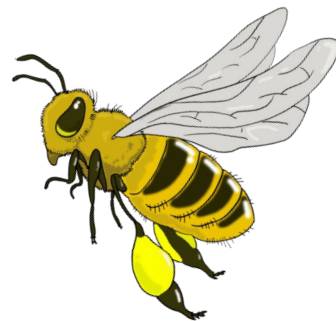

tree

# WRITING

Can you use this word bank to create some sentences about bees?

wings

yellow

black

fly

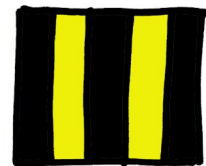

honey

flower

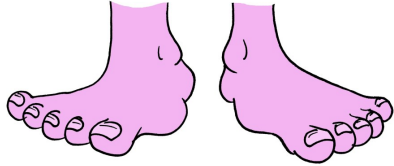

hive

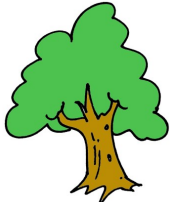

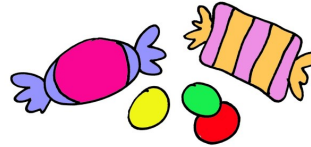

stripes

What a lot of \_\_\_\_\_.

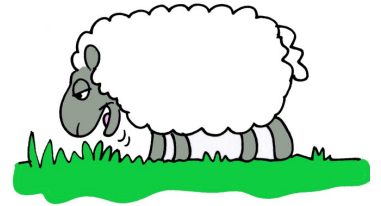

These \_\_\_\_\_ smell!

Yum! Lots of \_\_\_\_\_.

Look at this big \_\_\_\_\_.

The \_\_\_\_\_ will \_\_\_\_\_ on grass.

sheep   feed   teeth   tree   sweets   feet

# Seeds and Trees

"ee" like "seed"
