World Cogeneration Day September 4th

Happy World Cogeneration Day! Contribute to the success of [World Cogeneration Day](http://WorldCogenerationDay.com)
Help Make this "Day Event" Even Bigger

During September are the annual World Cogeneration Day events; and it's certainly another triumphant global celebration of the benefits of cogeneration and CHP. Through your social media posts, e-mails and financial donations, please help us tell the world about how Cogeneration is one of the best energy sources of all time!

World Cogeneration Day is organized by a coalition of business, contractor, non-profit, and educational institutions who share the vision that CHP can make global businesses more competitive, reduce energy costs, enhance grid reliability, and reduce emissions. Participants in World Cogeneration Day focus on improved educational outreach options for CHP thus increasing demand for these valuable technologies. Further, our outreach efforts help to make citizens and policymakers more aware of CHP and ensure that their economic, reliability, and environmental benefits are recognized. We'd like to help the world appreciate that CHP can be more than twice as efficient as the separate generation of heat and electricity and that this greater efficiency translates to both lower energy costs and reduced emissions.

Breaking Records

Your social media posts, e-mail messages, events, celebrations, and financial donations help achieve the educational goals and outreach objectives for this one-day celebration of the benefits of cogeneration, and the people who make it happen.

Each year your positive, factual messages reach more people and through our social media and marketing channels we hope to triple our upcoming results with a bigger megaphone.

If you have a Case Study, story, or event that you are celebrating, please send it to us to post on the web site. It's not too late.

WHAT PEOPLE ARE SAYING ABOUT CHP-FUNDER.COM and [World Cogeneration Day](http://WorldCogenerationDay.com), "Good Stuff!"... According to participants, the CHP-Funder.com web platform is the most effective way to match multinational funders with qualified cogeneration and CHP projects. "World Cogeneration Day is elevating the awareness of CHP in the world and providing recognition."

This newsletter includes a curated collection of top stories from www.CHP-Funder.com, [World Cogeneration Day](#), and the global media, showcasing the latest in Combined Heat and Power (CHP) innovation and the investors that fund cogeneration. Please get in [touch](#) if you'd like to be a guest contributor, or if you have any feedback or tips.

Your Donations will Help:

- o Amplify the cogeneration message on more social media channels
- o Bring a wider global audience to the party
- o Accelerate our success from the prior year
- o Increase the number of speakers, webinars and Zoom Events
- o Target the blogs, tweets, likes, posts and social footprint
- o Build on our reputation for excellence
- o Help us Stand Out within a crowded internet

We help solve the problem of misinformation and faulty messages by bringing light, energy, and fun to a celebration of the world of cogeneration; Cogeneration Reimagined.

Increasing Awareness

People love this new "Day Celebration" of Cogeneration and have given accolades, testimonials and pats on the back. We appreciate your kind words and contributions; they give us the motivation to break all records this year.

Donate - To donate, simply press the "[Donate Now](#)" button on the web site or by using the PayPal link below using any credit/debit card. A receipt is provided. We thank you for your generous donation.

Donate in Honor of Someone Who Leads the way in Cogeneration.

Do you know someone who deserves to be recognized and honored for their work in the field of cogeneration leadership? Do you wish to honor and recognize a "future leader" of Cogen; the Next Generation? Consider donating in their honor.

Donate Here Button on PayPal

https://www.paypal.com/donate/?hosted_button_id=C5ZARXCDBLTU8

Donors and Volunteers - If you wish to be more involved in the project, please reach back to us with ideas and thoughts. We are eager to have volunteers, sponsors, donors, and leaders. Request a Zoom call, and we'll jump on it.

Supporters - If you wish your Logo on the site as a supporter, please provide one back to us via e-mail.
