MODERN COMFORT IN A COUNTRY SETTING

Our fully renovated Guest House sits along a quiet, tree-lined street, and features three bedrooms, each with a new queen-sized bed, private bath and A/C. The upstairs bedrooms are airy and bright, with exposed beams and skylights. The downstairs bedroom features views of our ancient Tamarack tree and kitchen garden. There is a downstairs living room with an oversized mirror that can be used for relaxation or bridal party preparations. The property includes a lawn area and ample off-street parking. Overnight guests enjoy access to our woodland trails and boat launch.

For fire safety, maximum occupancy of the Guest House at all times is 6 adults. Cleaning and resort fees are included in our rates.
