### Nottinghamshire/Derbyshire PIP maintenance prices 2021

The prices below are a guide based on one full-size football pitch located in Nottinghamshire or Derbyshire. Discounts may apply to multi pitch sites.

All prices are subject to VAT.

#### **Verti-Draining - £350**

Aeration of the whole pitch with 20-24mm tines to depths up to 10", unless other requirements specified.

#### **Verti-Quake - £300**

Variation on aeration using rotating steel blades to cut through the soil, creating a wave action which shatters compaction to a depth of up to 10".

#### **Slitting - £200**

Quick aeration with minimal disruption to a depth of 8".

#### **Fertiliser Application - £250**

Price for application at 35g/m<sup>2</sup> of time of year specific, controlled release 10-week longevity sportsfield grade fertiliser. Various different options available for fertiliser quality and longevity can be quoted.

#### **Weed Spraying - £250**

Fully licensed and insured spray application of high quality, amenity specific selective weed killer.

#### **Overseeding - £275**

Disc seeding in two directions, with extra passes where required (in high use areas). Seed not included but can quote options (£300-£1000 depending on rate and seed

### **Top Dressing Application + Brushing In - £POA**

Does not including top dressing, but can be quoted for depending on requirements (approx.£30-£40 per tonne, 20 – 100 tonnes required).

### **Scarification - £POA**

Various options available to help remove thatch and unwanted grasses.

### **Pitch Preparation - £POA**

Cutting and brushing light rolling and striping of the pitch (Quadriplay)  
As a one off or regular visits.

### **Full Maintenance Programs – from £350 per month**
