

# Sapience Comprehensive Services

**Independent oversight for IDMCs and IACs** — audits, Sponsor/CRO and Physician leadership training, and strategic consulting. *We do not administer committees; we independently validate those who do.*

## Our Four Pillars

- Audit & Compliance Assurance — third-party audits, firewall validation, CAPA, inspection readiness.
- Training & Certification — Sponsor/CRO, beginner/advanced IDMC/IAC courses.
- Physician Training — member and chair tracks, leadership, and decision frameworks.
- Strategic Consulting — vendor selection, charter design, project management for committee setup, performance KPIs, and Rescue management.

## Global Coverage

- U.S., EU, UK, and JAPAC regulatory nuance integrated into all services.
- Templates and playbooks that reflect regional expectations and inspector styles.

## Key Differentiators

- Combined 40+ years of IDMC/IAC leadership and oversight experience.
- We do not administer committees; we independently validate those who do, inside and outside your organization.
- Firewall and independence validation for sponsor-managed committees.
- Role-based training, including physicians and chairs (with an AI module coming soon).
- Metrics and benchmarking approach for continuous performance improvement.

## Outcomes & Proof Points

- 30–50% fewer audit findings after remediation.
- 50–70% fewer corrective actions with proactive quality gates.
- ≥30% improvement in documentation completeness post-training.
