

To whom it may concern,

Pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), I request to inspect, and if necessary, obtain copies of the following public records:

All complete City Council meeting packets, including agendas, attachments, exhibits, supporting materials, and any documents distributed to council members, for the following meetings:

- February 2026 City Council meeting
- March 2026 City Council meeting
- April 2026 City Council meeting

This request includes all materials that were provided to council members in advance of, or at, these meetings, regardless of format.

This is a **non-commercial request made in the public interest**. The requested records relate directly to the conduct of public business and the decision-making of City officials. Access to these materials allows citizens to understand what information is being presented to elected officials and how decisions affecting the community are being made. Disclosure of these records will contribute to transparency, accountability, and public oversight of City operations.

I request to **inspect the responsive records in person** during regular business hours and will make my own copies as permitted by law. This request does not require the creation of any new records.

If any portion of the requested records is claimed to be exempt from disclosure, please provide the segregable portions and identify the specific legal basis for any redactions or withholding.

If no responsive records exist, please confirm that no responsive records exist.

Please advise when the records will be available for inspection.

If any portion of this request is denied, please provide the specific legal basis for the denial.

Thank you for your assistance.

Respectfully,

04/06/2026

Travis Ray
