

BUILDING BRANDS FOR GENERATIONS

PRODUCT CATALOGUE
OCTOBER 2025

HEY THERE!

We're a Melbourne-based food distributor with deep roots in the industry. Our families have been importing quality European products into Australia for over 80 years — now we're building on that foundation with a fresh, modern approach.

We work with a tight selection of local and international brands we believe in. Our focus is on foodservice and independent retail — helping great products get to the right people.

We're hands-on, responsive, and easy to work with. No big egos, no overcomplicated systems — just a team that knows the industry, moves fast, and values good relationships.

We stay across trends and tech, but we keep things practical. It's about doing the job well, staying reliable, and bringing something valuable to the table — every time.

Next Gen Foods — experienced, forward-thinking, and built for today's food industry.
