NEW MEMBERS:

# Bakersfield Art Association

November 2020

**The BAA Art Center reopened in September and will remain open through November!  
Wednesday—Saturday 11 am—4 pm.**

## November Featured Art

**Mark Engelein** will be the featured artist at the **BAA Art Center** through November. The Art Center WILL be open for November Wednesday—Saturday, with a virtual show on the Bakersfield Art Assn. website, the Art Association Facebook and Instagram pages will be available. There will regrettably be no First Friday reception.

While at Cal Poly, San Luis Obispo, Mark studied drawing, watercolor, and ceramics as part of his training to be an architect.

He used his drawing skills to represent visions of design concepts as part of his professional activity. Art has also been a means of personal expression for much of his life.

He began to use ink sketching as a means to create memories of places he visited, while on a river cruise from Amster-

dam to Budapest, in the year 2000. He learned that a sketch embeds the memory of an experience more deeply and indelibly than any photograph.

After retirement he attended an Urban Sketching workshop in 2018 held in Costa Rica, conducted by James Richards who utilizes watercolor to enhance his ink sketches.

When the Pandemic hit, he used this new-found time, to reactivate and enhance his watercolor skills, which he had not used as his primary medium for over 40 years.

The show at the Bakersfield Art Center is made up of Watercolor Paintings created during the Pandemic shut down. Mark says, "This show is called Favorite Places, as I have been creating paintings from my photographs of places I have had the good fortune to have visited."

## Dagny's November Featured Artist

**Dagny's BAA Art Gallery** 1600 20<sup>th</sup> Street. **Susan McQuerrey** will be the featured artist at the Dagny's BAA Gallery through October . See page 3.

## PRESIDENT'S MESSAGE

(by Toni Lott)

Here comes the holiday season. This is a wonderful time for that special one-of-a-kind gift. Original art is sought after by those in the know and folks that just love colors and images.

The Art Center will be open 11/27 & 28, Black Friday and Saturday, so don't forget to come by and check out the work by local artists. We will be spending the month of October bringing in new pieces.

I want to encourage visiting the Art Center. We are taking every precaution to protect artists, staff and visitors. Classes are held with students spaced at least 6 feet apart. Face masks are required and we can provide one if you forgot yours. Surfaces are cleaned and hand sanitizer is available.

There will be new artists showing and their art is special and different. We encourage all creative people to try to show their work. It gives you a push to learn and grow in your abilities. Please contact the Art Center at (661) 869-2320 for more information about joining this special group.

## BAA MISSION STATEMENT

It is important for us to revisit the Objectives and Purposes for which the BAA was formed (the Mission Statement).

- To provide an opportunity for study and improvement in art technique;
- To encourage an interest in and an appreciation of art in the community;
- To provide opportunities for exhibition and for sales of member's work.
- To recognize the works of other artists; and
- To offer scholarships to the community for art education.

Call Charlotte White at 330-2676 to register.

## The Myth of the 30% Rule, Things to Consider

According to internet lore, if **you change 30% of a copyrighted work**, it is no longer infringement and **you can use it however you want**. This, as a rule, **is false**.

[The 30 Percent Rule in Copyright Law -](#)

[Gerben Law Firm](#)

How do I change a picture to avoid copyright?

The only way to **avoid copyright** infringement is to create original work or by getting permission to use it. Ultimately the only way to know that you have changed enough of the **copyrighted** image is to get sued. Once in court, the judge will decide if there was enough **change** between the original work and yours.

No matter what one does to change a photo with Photoshop or another program it is still copyright infringement (theft). Do not even think of doing such a thing. If you modify a **copyrighted image**, and then **use** it publicly: yes, it is a **copyright** infringement.

**When is an image manipulated enough to become an original creation? Images can be manipulated**, which can create problems. The simple answer is that you have to manipulate an image to the degree that it becomes an original work.

Not **editing photographs**. If you have ever been photographed by a professional wedding photographer or any professional photographer, you may have come across a clause in their contract which states that you must not edit the photographs that they deliver to you.
