COLLECTION

QUICKSHIP COLLECTION

We are one same source, in Florida, for different architectural solutions.

Stay ahead with our **carbon neutral solutions** using on-trend products with unparalleled durability

Applications

Ideal for health care, hospitality, institutional, educational and commercial sectors, among others.

- Table tops for interior and exterior use.
- Lockers.
- Worksurfaces.
- Toilet and dressing room partitions.
- Countertops.
- Urban furniture

Advantages

Carbon neutral: Produced under a system that measures, controls and balances emissions. We compensate our footprint and favor the environment.

High resistance to impact.

Moisture resistant.

No substrate required.

It is easy to install using inserted screws or by using adhesives.

Easy to clean with all kinds of non-abrasive liquid detergents, disinfectants and solvents commonly used.

antimicrobial

Antimicrobial: Our wide range of HPL contains silver phosphate glass antimicrobial technology to preserve the surface and preserve degradation caused by antimicrobial growth.

Inert material, preventing the growth of fungi or moss on the surface.

Fire rated: for public projects (EN 13501, class B-s.1,d0)
Class A, Fire rated compact
Class B, Standard compact (ASTM E84).

Customizable with digital print (YouLab). Ask our representatives for more info.

Available on our full range of colors, designs and some gorgeous finishes. Please contact us for further guidance.

Product Portfolio

COMPACT

Extremely durable, thick, structural non-porous high pressure laminate (no substrate required) for interior use, such as: wall cladding and tabletops.

EX² COMPACT

Extremely durable, exterior compact laminate for horizontal applications.

PANELEX

Thermostable architectural panel for exterior vertical application, used as wall cladding in ventilated façades.

OPAK

Our super-matte laminate developed with high end technology for the most demanding applications, requiring the highest scratch resistance. **Properties:** Low reflectivity, anti finger print, water repellent. **Applications:** Kitchen counters, work surfaces such as desks and conference tables, toilet partitions, among others.

COMPACTSLAB

High performance countertops.

Imagine a climate positive, highly renewable countertop, thin and elegant with structural characteristics beyond natural stone with the best performance for kitchen environments.

Toilet Partitions

Antimicrobial toilet partitions solution, made of compact; thick and solid high pressure laminate. Design and functionality for washrooms and high humidity areas.

Ideal for shopping malls, airports, universities, schools, hospitals, restaurants.

REAL

Exclusive embossed in-register collection.

An amazing level of realism to both sight and touch for striking surfaces in both thin and compact laminate.
