

SUPPORT WORKER

DANIELLE

CENTRAL & NORTHERN SUBURBS

I'm Dan, a dedicated support worker with many years of experience in different roles.

I'm passionate about helping people build their skills and confidence, especially when it comes to engaging youth in the community. My approach is all about creating safe, welcoming spaces where people feel supported and encouraged to grow.

Outside of work, I love to travel, cook, bake and be in nature often using these hobbies to connect with others and share new experiences. I truly care about making a positive difference in the lives of those I support, always striving to help them achieve their goals and feel empowered
