

SUPPORT WORKER

JEMMA

PEEL AND SOUTHERN SUBURBS

I'm an energetic support worker with experience in childcare, the disability sector, and hospitality.

I have a strong interest in supporting young adults, especially those navigating mental health challenges. I see myself as a supportive buddy—someone who's there to motivate, set goals, and be present through both the tough times and the good ones.

I'm family-oriented and love all things creative, from baking desserts from scratch to painting, crafts, and finding fun ways to enjoy life on a budget. I'm organised, motivated, and love working with animals.

My goal is always to help others feel supported, encouraged, and empowered in their everyday lives.
