

SUPPORT WORKER

NERI

SOUTHERN SUBRUBS

Hi, I'm Neri, I'm a mum and a big animal lover, and when I'm not working you'll usually find me out in the garden, cooking or meal prepping, or with my nose in a good book. I love being outdoors, especially at the beach on warm sunny days, and I try to make the most of the little things in life. I've always been passionate about disability and the different ways people live, learn, and grow, and being able to support others to achieve their goals and enjoy their day-to-day is something that really makes me happy. Helping people isn't just part of my work-it's something I genuinely love to do.
