

SUPPORT WORKER

RENEE

SOUTH WEST

Hi, I'm Renee! I love anything creative - baking and decorating cakes, crafting, cooking, and growing plants are my favourite ways to unwind.

My passion in this field is helping people live independently and stay connected with their community. Whether it's supporting daily routines, running errands, or just being a consistent presence, I aim to make each day easier and more enjoyable.

I value building strong, trusting relationships with clients and families and believe good communication is the key to great support.
