

SUPPORT WORKER

SHAANI

SOUTHERN SUBURBS

After dedicating many years to raising my family, I'm excited to return to the workforce and focus on a role I'm genuinely passionate about - support work. I bring a wealth of personal experience supporting both children and young adults in everyday life, and I'm confident in creating calm, respectful, and person-centred environments.

Now based in Rockingham, I'm looking for opportunities during school hours to fit around my family life.

I'm a big Eagles fan, love cooking, reading, and playing PS4 - definitely a bit of a nerd at heart! I also volunteer as a wildlife rescuer, which reflects my caring nature and love for helping others in all forms.
