

*Every person and family have difficulty at some point. Pastors and other Christians should make every effort to be present during these times. To express our care, Christians should call and visit in homes and hospitals during illness, grief, or crisis decisions and provide a network of loving support. We know God is the ultimate healer and helper, but we know He most often works through His people*

*Please pray for those listed below and let us know if you want anyone else added to the list. Don't forget to let us know when your prayers have been answered so that the list can be kept up to date.*

*Additions and deletions to the list can be sent to the following: [ccea4u@gmail.com](mailto:ccea4u@gmail.com)*

*The CCEA thanks each of you for adding these people and families to your prayers.*

*WHEN WE PRAY FOR OTHERS, two people are blessed—the person being prayed for and the person praying. God hears our prayers and understands that we want what is best for those for whom we are praying. We can more easily put our own problems in perspective as we pray for someone with terminal illness or for lonely people who need caring, loving people in their lives. Our prayers form a circle of blessing around us and the people for whom we pray.*

## *Prayers for Healing*

Thank you for praying for my friend's granddaughter. She is 8 years old. Her name is Maddie Cressman.

While attending an "end of school" party an accident occurred and something fell and hit her in the head.

She has a fractured skull, and the bone entered parts of her brain.

Maddie had brain surgery and will need another, but I just learned that she has been moved to Step-Down at the hospital.

She is unable to swallow liquids but managed to eat about a cup of applesauce. She hasn't been able to speak very much but is more alert.

She has an older brother and sister. Her sister was born with Brittle Bone Disease, so the family has had to deal with medical issues for a long time. This just adds to their stress. Your prayers are truly appreciated.

Thanks, and love,  
Norma
