**Re:** Selling Home & Resigning from EVPOA Board

At the EVPOA Board meeting last night, I announced that I was selling my home in EagleVail after 25 years and moving to Grand Junction. As a result, I will resign as a board member of the Association effective as of the date of closing.

I feel fortunate to have served the community over the last four years and to have been part of several changes that may improve the EagleVail for years to come. I know we all wish more had been accomplished.

The effective opposition to the 2015 5A initiative, the improved management of the association, reduced costs/dues<sup>[00]</sup>, and, clarification of roles were changes that I was proud to be part of.

I cannot thank the Members of the Association enough for their support in two elections. Specifically, I want to thank my fellow board members led by Judd Watts and colleagues on the Metro Board, including David Warner, for their friendship and collaboration.

I encourage anyone who is thoughtful, free of conflicts and willing to think independently from others to volunteer to serve on the Board. The Board may appoint a replacement to my vacancy. No decision has been made to do so at this time.

As a final thought, I would wish for a few in the community to be more constructive and respectful in their view of the Association and the Metro District. One of the most difficult challenges has been to combat misinformation that seems to be motivated by the desire to impugn individuals that have spent the time to work for the benefit of the community. This phenomena exists throughout society today, and I believe we would all be better off If we could remain friends while disagreeing about policy.

**Best wishes** to all in EagleVail,  
Stephen Daniels
