

TATTOO AFTERCARE INSTRUCTIONS

Randy Adams Tattoo Studio

6467 E. Lancaster Ave.
Fort Worth, TX 76112
817-446-0272
Randyadams.com

You were TATTOOED in a clean, modern tattoo studio, with sterilized instruments and pigments. If you follow these simple directions, you will have a quick healing and attractive tattoo.

Remember the life of your tattoo is dependent on the care it receives in the first few weeks.

You are hereby notified of the possible risks and dangers associated with the application of each tattoo. These risks and dangers include, but are not limited to, at least the following:

- 1.) the possibility of discomfort or pain;
- 2.) the permanence of the markings;
- 3.) the risk of infection;
- 4.) The possibility of allergic reaction to the pigments or other materials used.

1.) REMOVE BANDAGE NEXT MORNING.

If bandage sticks, wet area with warm water.

- 2.) **WASH THOROUGHLY WITH SOAP AND WATER.** (Do not scrub hard.)
- 3.) Lightly pat dry and then with clean hands, apply a small amount of anti-biotic ointment. Massage in like you would a hand cream. Use the anti-biotic ointment for the first few days then switch to a good hand cream such as **LUBRIDERM OR CUREL.** (DO NOT APPLY A HEAVY COAT OF ANTI-BIOTIC OINTMENT- the skin must be able to breath in order to heal.)

DO THIS FOR ONLY TWO WEEKS.

Your tattoo will act like a sunburn; it will flake and peel. Keep your tattoo moist; apply cream 3-5 times a day for the first two weeks.

TIPS

- * USE STERILE BANDAGE (S) OR OTHER STERILE DRESSING (S) WHEN NECESSARY.
- * DO NOT APPLY VASELINE OR ALCOHOL.
- * DO NOT RUB, PICK OR SCRATCH AT YOUR TATTOO.
- * FOR AT LEAST 2 WEEKS, MINIMIZE EXPOSURE TO THE SUN, AND DISCOURAGE SWIMMING IN FRESH, SALT, OR CHLORINATED WATER.

YOUR TATTOO IS YOUR RESPONSIBILITY AFTER YOU LEAVE THE STUDIO.

If you have any questions feel free to call us.

THANK YOU!

The client should consult a healthcare practitioner at the first sign of infection or allergic reaction, and report any diagnosed infection, allergic reaction, or adverse reaction resulting from the application of the tattoo to **ARTIST** and to the Texas Department of Health, Drugs and Medical Devices Division, at 1-888-839-6676.
