# MARNI YANG'S OMNIBUS REQUEST FOR DISCOVERY IN HER EFFORTS TO ADVANCE HER CLAIMS OF ACTUAL INNOCENCE FOR HER IMPENDING POST CONVICTION PETITION

NOW COMES the Defendant, MARNI YANG, by her attorney, Jed Stone, and moves this court as follows:

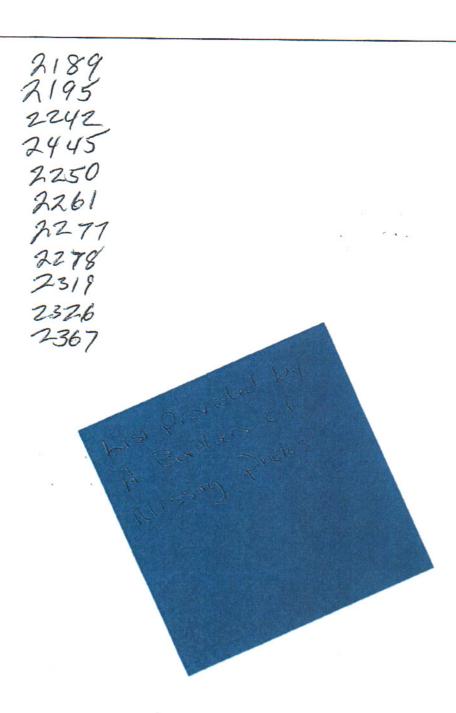

- This is the third in a series of discovery requests in MARNI YANG's efforts to advance her claims of actual innocence for her post-conviction petition.
- This court has already entered orders for the DNA testing of shell casing and unspent cartridges found at the crime scene. It has also ordered the state and Clerk of this Court to turn over fingerprint evidence and a bracelet for DNA testing.
- 3. As Ms. YANG's defense investigation continues, it appears several additional items of evidence must be examined and tested before the defense can file its petition for post-conviction relief based on actual innocence.
- 4. If the state has measurements of apartment 3B at 441 Elm Street, Deerfield, Illinois, the defense respectfully requests that those measurements and any drawings or renderings of that apartment be provided without unnecessary delay.

- 5. Photographs were taken by an evidence technician (Cesar Flores of the Major Crime Task Force). The defense has in its possession many of these photographs. We are missing and request production of the following:
  - a. Photo number 2189
  - b. Photo number 2195
  - c. Photo number 2242
  - d. Photo number 2445
  - e. Photo number 2250
  - f. Photo number 2261
  - g. Photo number 2277
  - h. Photo number 2278
  - i. Photo number 2319
  - j. Photo number 2326
  - k. Photo number 2367
- 6. A copy of the report of ET Flores is attached. On it fourteen photographs are highlighted in purple as having been "taken to scale." In its original discovery disclosure, the state tendered only three "scale" photos. Paragraph 5, subsections a through k identify the missing eleven photos.
- 7. The state has in its possession a Memorex brand compact disc of telephone calls received by the phone of the deceased on the morning of her death. See page 6754 of the discovery disclosure, attached.
- 8. Ms. Yang's defense team requests a copy of that disc.
- In an effort to prepare a claim of actual innocence, Ms. Yang's lawyers seek access to
  or a copy of the "Shell Station video", People's Exhibit No. 6, Evidence number
  RC006.
- Additionally, the People have a video from LeRoy's Barber Shop or North Chicago
   Liquors, evidence number CAF006.
- 11. The YANG defense team seeks access to or a copy of this as well.

- 12. There is a video of surveillance footage from the Shaun Gayle alleyway. Evidence number DT011.
- 13. This motion is a request for access to or a copy of this too.
- 14. Respectfully, the defense seeks access to and inspection of the clothing worn by Rhoni Reuter at the time of her death. These include the following items:
  - RG023 White bra with red strains size 32DDD
  - RG024 Black leather belt with brownish stain
  - RG025 Black maternity dress with reddish brown stains and multiple holes
  - RG026 Tan short sleeve turtleneck shirt
  - RG027 Black thong size small w/stains
  - RG028 Black leggings with multiple holes and stains
  - RG029 Black toe socks
  - RG030 Black Prada Shoes 40 size
- 15. Depending on what is observed at the time of the physical viewing of these clothing items, the defense may want further production of the clothing for microscopic analysis and non-destructive GSR testing.
- 16. A defense investigator and defense counsel seek access to the crime scene of 441 Elm Street, Deerfield, Illinois, Apartment 3B to make measurements and take photographs.
- 17. Production of all audio-wiretap recordings for review by Defendant's investigators.

Respectf	ully Submitted,
One of t	he Attorneys for MARNI YANG

#### ADDENDUM TO MARNI YANG'S NOVEMBER 30<sup>TH</sup> MOTION FOR DISCOVERY

- 1. On November 30, 2017, MS. YANG filed a motion for disclosure of certain documents in an effort to prepare her post-conviction petition alleging actual innocence.
- In her investigation into her claims of innocence, MS. YANG engaged the services of Larsen Forensics & Associates, Inc. and John Larsen, a forensic scientist and retired FBI analyst.
- 3. Larsen reviewed Stone & Associates' motion and prepared the attached addendum.
- Based upon his suggestions, Ms. YANG seeks to include the material highlighted in yellow as additional documents or things sought in the November 30, 2017 motion.

WHEREFORE, MARNI YANG prays that this court enter an order for production of all things noted in both the November 30<sup>th</sup> motion and the attached addendum.
