

Maverick's Mission was started in honor of our son Maverick Baker who passed away in February 2022.

Maverick was a remarkable kid who brought out the best in everyone. Maverick's contagious smile and laugh left a lasting impression on everyone he met. He enjoyed spending time with his friends and family. Maverick was a very gifted athlete who gave his very best and always had a team first mentality. Maverick enjoyed meeting new people and was always willing to start the conversation. He lived life to the fullest and wanted the best for everyone.

Maverick's Mission is to continue to provide help and support to individuals who need it. Mental Health Awareness, charity work, educational programs for mental health and suicide prevention, public speakers, peer support groups, coach training, a team counselors / social workers who will assist in getting anyone help that reaches out. Fundraising for organizations, programs, and individuals that could use help.

Maverick's Mission will also have a program called Mav's Voice. Mav's Voice will be a educational program to discuss his story and how his story is important to promote change and kindness within schools, organizations, and communities.
