

Sustainability Policy

1. Purpose

Northern Trading (Cumbria) Limited is committed to conducting its waste management, waste brokerage, and haulage operations in a responsible and sustainable manner. We recognise our responsibility to minimise environmental impact, use resources efficiently, and contribute positively to the communities in which we operate.

2. Our Commitments

We aim to:

- Comply with all relevant environmental legislation, permits, and regulatory requirements
 - Support the waste hierarchy by prioritising prevention, reuse, recycling, and recovery over disposal
 - Work with licensed and authorised waste carriers and treatment facilities
 - Reduce fuel consumption, emissions, and vehicle idling across our transport operations
 - Improve route planning and operational efficiency to minimise environmental impact
 - Reduce energy, water, and resource consumption within our offices and operations
 - Minimise waste generated from our own activities and promote recycling wherever possible
-

3. Supply Chain Responsibility

We will work with suppliers, subcontractors, and disposal partners who share our commitment to environmental protection and sustainable practices.

4. Continuous Improvement

We are committed to monitoring our environmental performance and identifying opportunities for improvement, including:

- Reducing carbon emissions where practicable
 - Improving operational efficiency
 - Supporting customers in achieving their environmental objectives
-

5. Responsibility and Review

Responsibility for implementing this policy rests with management and all employees. This policy will be reviewed annually to ensure its continued effectiveness.
