

# NAJA JOHNSON

DIGITAL DESIGNER & 3D ANIMATOR/MODELER

CHARACTER ARTIST  
3D ANIMATOR &  
DESIGNER

## BIO.....

### Summary of qualifications

Imaginative digital designer, with a passion for 3D animation and modeling. I have experience in multiple graphic software applications, and have been enthusiastic about artistic expression as a lifelong fascination. I am adaptable and work well with others in creative settings.

### Experience

- Created magazine covers, business cards, and restaurant designs for hypothetical customers and companies. Received exemplary responses from professors.
- Produced character designs for multiple applications such as video games, films, and cartoons using digital software as well as by hand.
- Animated 3D sequences for video games and independent films.
- Utilized 3D modeling to create high and low-poly models and rigs, such as furniture, fantasy creatures, and human characters.
- Developed marketing paraphernalia for training and a consulting design for real world purposes (a project management startup firm).

### Physical Therapy Tech

\_\_\_\_\_ Hospital / \_\_\_\_\_, \_\_\_\_\_  
2020 - Present

- Assists in patient care, mobility, and rehabilitation functions.
- Collaborate with others to provide for patient and staff needs.
- Facilitating the implementation of treatment plans and goals.
