**BACKGROUND:** My name is Cohen (Coco) Loewrigkeit, and I am 16 years old. I have been riding motorcycles since I was 4 years old, and I have now raced flat track motorcycles for five years. I currently ride a Honda CRF 450R and I have also started road racing, and I have obtained my license riding a KTM RC 390. I have been to AMA Amateur Nationals for the past two years, and I earned a National Championship Award for the 2025 Series. I continue to race in the Texas outlaw series (Lone Star Flat Track Assoc.) and in 2025 I earned class championships in the Pro Singles, Open Pro, and Pro-Am classes. My family and I have worked very hard to be as competitive as we can. We did not have any experience when I first started racing, but we get better each year, and we continue to learn and to focus on the fun and excitement of racing. I started my first job this year, and I work throughout the week, focus on my academic studies, and continue to train as much as I can (I ride daily, and I continue to improve on my strength and cardio training). I have been blessed with many amazing sponsors who have given me the opportunity to race over the past five years. I always strive to be an awesome representative for their brands and to make sure I do my absolute best to make them proud.

**GOALS:** I would like to continue to improve on the 450cc in the upcoming season. I want to get better at understanding how to set the bike up and to make sure it operates at peak performance. I would like to go back to AMA Nationals again and to earn a podium in the 1/2 mile and mile races. I really would like to start getting more experience in road racing, as well. I think I can ride in the 600cc class. I would like to be able to participate in enough races to place within the top 5 of that class in the CMRA Series. Finally, I would also like to attend 3-4 races in different States in 2026 (in addition to Amateur Nationals in Illinois).
