WYATT CHAINSAW SADLER

BACKGROUND

Hello all, my name is Wyatt Sadler. My racing family calls me Chainsaw. I got that name from them when I first started racing because my first motorcycle had a chainsaw engine.

I started racing on a Hoverheart dirt bike from amazon. I then moved up quickly to a Honda CRF50 that I still race, 2023 I added another motorcycle Kawasaki KX65, 2024 I am being sponsored on a Honda CR85 by Livewire Motorsports.

My first year of racing 2021 I won the 50cc National Championship award and received free leathers. 2023 I won 50cc State Championship and received a trophy.

My ambition is to become Professional Flat Track racer and be able to encourage others to join the sport.
