

UpStage Players Builders Club Is Seeking New Members. Come Check Out Our Group Monday, Feb. 3, 6:30-8 at the Greenhouse in Euclid!

What is Builders Club? A service program where kids develop and organize service projects, organized by kids in the Middle School age range and we have picnics and fun stuff like in the pic.

Who? Any elementary or middle school student that's interested in getting involved in something fun, something new, helping their community, building leadership skills, and making new friends. We are not connected to a particular school. You do not have to be in UpStage Players Theatre to participate.

Why join? To help others, to learn leadership skills, to collaborate with others, and to build friendships and a stronger community.

When? The first Monday of the month October-May. Other activities and service projects as scheduled.

What Service Projects Have you Participated In? Performances Live at a Nursing Home, Make holiday cards and build bears for seniors, canned food drives, make pet toys for Neighborhood Pets, Cutest Pet Contest, Neighborhood Clean ups, Big Clean, Thank you campaign for Front Line Workers, Toothbrush collection, collection for Rainbows Babies and Children Hospital, Toys for Tots

Is it all work? Although service projects are fun, we do other things than just serving. Some of our activities include picnics in the park, annual holiday party, Ice Skating, Bowling, Pizza Parties, Costume parties, attending plays, going out for dinner, and much more!

Is there a cost? In general, Builders Club is free. However, if we go out to eat, you bring money, and if we have a potluck, you bring something to share. Other activities and events may also require a small donation, but the cost limit never exceeds \$20. We do raise money for organizations.

How to get more information? Email Builders Club Moderator Carrie Walsh-Hilf at cwalsh-hilf@euclidschools.org
