It is my pleasure to invite you all to our 8th Annual Fall Production Sale.

Our program is focused on breeding cattle with elite phenotype while we continue to build on to their genomic value. As the dollar index's on angus cattle continue to climb at a fast pace. We believe we need to continue to improve these indexes, but also balance the entire EPD profile.

We feel within this offering there are several cattle that have a unique combination of elite pedigrees, superior phenotype, and breed leading EPD profiles.

We are extremely blessed with the results of this past show season. Having raised the current ROV show heifer of the year, owning the current show bull of the year, 5116 is the current donor dam of the year, and Kayden was 3rd in ROV Breeder of the Year.

Although last show season was very successful, we feel the group of show heifers this year has as much potential as any we have offered.

I appreciate you taking your time to look at what our program has to offer.

We are blessed to be in the cattle business and even more blessed by the clients, customers, and friends this business has brought us close to.

God Bless

Barry

Dear Angus Breeders,

Nowatzke Cattle will again offer an elite set of genetics for their annual female sale. Each year, some of the best presented performance and show females are sold at Nowatzke and we hope you can join us for an exciting weekend in the Great Lakes area.

Lot 1 has been a great producer. BNWZ Lady 453-1975 is a direct daughter of the legend, RB Lady Denver 167-453 and is a full sister to BNWZ Bougie, one of the hottest young sires in the breed. Lady 453-1975 sells along with a son, Lot 1A, the featured bull in this year's sale, BNWZ Wrigley 6731. He is an impressive son of RSA True Balance and will continue the tradition of a great herd sire prospect in the sale. The lineage of Lady 453-1975 leads off the performance section of the sale offering and will add value to any program. Bred cows, bred heifers, ET fall and spring females also sell, giving breeders a look into the deep breeding program at Nowatzke Cattle.

The show portion leads off with one of the elite heifers ever sold at Nowatzke Cattle. Lot 51, BNWZ Sara's Dream 6055 is a direct daughter of the famous CCC Sara's Dream 5116. She is a maternal sister to the Reserve Grand Champion Owned Heifer at the 2026 National Junior Heifer Show. Big time things will happen with the lead show heifers at Nowatzke Cattle so we hope you join us October 17, 2026 in Michigan City, Indiana. Barry Nowatzke and his family have been in the cattle business their whole lives. The respect of this program is deep and you won't find a better cross section of performance and show heifer females anywhere in the country. The BNWZ prefix is widely known in the industry and their goal has always been to have customers succeed with cattle from their program. Great people with great cattle is what they are about and we hope you can join us.

It's been a pleasure of ours to work with Barry and his family. We have become great friends and value our working relationship. Let us know if you have any questions, we would be glad to help in any way.
