Fees and Payments

Monika is a professional adviser who receives payment for the advice and services provided. This remuneration will be in the form of a fee for service, except in the case of insurance where you have the option to choose that Monika's services be paid on a commission basis by the insurance company.

Initial consultations are free and at that time all costs will be explained.

Fee for service - Fees are charged according to the work undertaken by your adviser and may be charged on an hourly basis or as a flat fee. A fee may be charged for the initial work in developing and implementing a strategy, as well as for ongoing monitoring and reviews. Under a fee for service agreement, initial and ongoing commissions received by BAN TACS will generally be rebated back to you.

Commission – In the case of insurance services you can choose to have your adviser remunerated by receiving commission from the insurance company. Should you choose a 'fee for service' model regarding your insurance, your premiums will be reduced, instead of BAN TACS Financial Solutions receiving any up front commissions.

Ban Tacs Financial Solutions will receive ongoing commission for the personal insurance services they provide. This will help support our free no claim processing service. That is, in the unfortunate and stressful event that you need to make a claim, we will endeavour, at no charge, to take away from your family the stress of having to deal with the insurance company.

Whilst there are a number of commission rates available, with effect from 1 January 2019, Life Insurance commissions are capped at 77% (including GST) of the premium for the first year of the policy, reducing to a maximum upfront commission of 66% (including GST) from 1 January 2020. Ongoing commission on Life Insurance is capped at 22% (including GST) on renewals.

Commissions are not an additional charge to you, they are paid by product providers for insurance or investment policies.

Our fees and charges vary according to the scope and complexity of the advice required. The scope of the work and the fees charged for services are agreed with clients prior to commencing work.

As a guide **Monika's** advice fees are \$300 per hour including GST.

The Statement of Advice provided to you by your adviser will clearly set out all fees, charges and commissions payable.
