THE MOBILEHELP GUARANTEE

MEDICAL ALERT CUSTOMER Anonymous
MobileHelp Rating ★
Received Fall Detector on a Saturday. Had problem with battery last Thursday night. Was in a panic going to fall, pushed button. Next thing I knew I was in emergency room being treated for an injury. So grateful for assistance of MobileHelp getting me treated by my family as I was breathing quite badly from a compound fracture of my ankle. MobileHelp literally saved my life.

OUR GUARANTEE
No long-term contracts and no equipment fees.
100% cellular, no landline required.
Risk-free 30-day trial period.

2022 CMS Reimbursement Updates for RPM Healthcare Solutions

Remote Patient Monitoring (RPM) uses technology to collect and send patient-generated data to clinicians who treat and provide care to patients outside of traditional medical settings. More often than not these patients are living with chronic conditions. RPM allows healthcare providers to monitor the health status of these patients through frequent and comprehensive access to vital signs and related data, as collected and submitted by the patient. When integrated with electronic health records (EHR) or electronic medical records (EMR) for tracking and assessment, remote monitoring can facilitate proactive clinical intervention and reduce incidences of hospitalization and/or hospital readmissions. By partnering with a trusted digital healthcare solutions provider, and using Medicare reimbursement for RPM implementation, healthcare organizations can maximize care, avert serious (and, potentially costly) health crises, implement effective treatment programs and generate revenue.

DURABLE

Adjustable Louvered Roof

ATTRACTIVE

Our most popular new product gives you the ability to control sun and rain in your outdoor space. Louvers rotate 160° to provide incredible air flow and shade without trapping heat above you.

As the signature innovator in pool enclosure design and engineering since 1988, Absolute Aluminum has continued that tradition with our new pool enclosure designs and technologies. Our **Expanded View** is changing how we view enclosures. Using the latest technology in fasteners to prevent corrosion and rusting from environmental conditions. Standing water issues are remedied with Easy Drain® offered exclusively from Absolute.

NEWS FLASH!
Absolute Aluminum has proudly acquired Sunstate Awnings

In the month of June to celebrate our recent addition we will offer 5% off all fabric awnings!

Awnings truly make a wonderful decorative addition to any building. In addition to being beautiful, the best part is that they are incredibly practical. They reduce glare and heat from the sun. They will protect you from about 98% of the sun's UV rays. They'll also protect your furnishings from the damaging rays of direct sunlight- and reduce your inside temperatures by about 15°. Available in a variety of designer styles and colors, awnings can accommodate any architectural design. Lets customize your awning today! Call us at 941-497-7777.
