Online Social Skills

WHO WE CATER FOR:

Social Skills Online involves specially crafted, fun and interactive online classes, designed to teach important social and communication skills.
This class is applicable to all who are currently unable to access face-to-face services. Long-term this is an online social skills solution for those in areas without face-to-face services and/or people who are more comfortable interacting online.

CAN YOU LEARN SOCIAL SKILLS ONLINE?

Absolutely! Many individuals find it easier and more engaging learning through online platforms. Social Media and Mobile Phones have created a society where much of our important social connection can be attained through technology.
