- Paul Whintors – Skating/Shooting – 604-329-6736
- Sean Skinner – Skills/Stickhandling – 248-877-6441

PROFILE

Ready to be an Offensive Threat & Asset on a Top-Rated Academy team for the 26/27 season. My desire to always improve and natural goal scoring ability will be a great contribution to your club!

My love for hockey comes from all of the different opportunities the sport gives me to continue improving my athletic ability and life skills. It allows me to fully engage my competitive nature while consistently building strong character through adversity.

I'm a 100% team player. Three things I love about hockey that contribute to my team's success are: scoring goals & making plays, being physical & using my size, continuously improving my speed/quickness to be one of the fastest players on my team.

I'm excited about my future in hockey as I advance to the next level while continuing to be a top leader in an Academy and eventually the Junior, College and Pro leagues.

SCHOOL (GRADES K – 7)

Honored to be a part of St. Catherines Elementary - a school that pushes for strong academics while grounding students in integrity, kindness and purpose.
