

Shade & Ornamental Tree Guide

Arborvitae

Green Giant - evergreen, mature size 60' height 20' wide, rapid growth rate, moist soil condition

Ash

Green - deciduous, mature size 60' height 50' wide, rapid growth, can handle moist soil conditions, **N**

Red - deciduous, mature size 80' height 40' wide, rapid growth rate, moist soil condition

Beautyberry - deciduous, mature size 10' height 10' wide, rapid growth rate, moist soil condition

Crape Myrtle

Country Red - deciduous, red flowers, mature size 15' height 6' wide, rapid growth rate, moist soil condition

Dynamite - deciduous, red flowers, mature size 20' height 15' wide, moderate growth rate, moist soil condition

Muskogee - deciduous, pink/lavender flowers, mature size 30' height 20' wide, rapid growth rate, moist soil condition

Natchez - deciduous, white flowers, mature size 30' height 30' wide, rapid growth rate, moist soil condition

Chinese Parasol - deciduous, mature size 50' height 20' wide, rapid growth rate, moist soil condition

Chinese Pistache - deciduous, mature size 35' height 35' wide, rapid growth rate, moist soil condition

Cleveland Pear - deciduous, mature size 40' height 20' wide, rapid growth rate, moist soil condition

Cypress

Bald - deciduous, mature size 90'x40', rapid growth then moderate growth, moist to wet soil condition, fall color, knees in wet areas, **N**

Italian - evergreen, mature size 60' height 5' wide, rapid growth rate, dry-moist soil condition

Leyland - evergreen, mature size 70' height 20' wide, rapid growth rate, moist soil condition

Pond - evergreen, mature size 70' height 20' wide, slow-moderate growth rate, moist soil condition

Elm

Drake - deciduous, mature size 40' height 50' wide, rapid growth rate, moist soil condition

Frontier - deciduous, mature size 25' height 15' wide, rapid growth rate, moist soil condition

N - Native to Area

Flowering Plum

Purple Leaf - deciduous, mature size 25' height 25' wide, moderate growth rate, moist soil condition

Fringe Tree

Chinese - deciduous, mature size 25' height 25' wide, moderate growth rate, moist soil condition

Grancy Greybeard - deciduous, mature size 30' height 20' wide, slow to moderate growth, can handle moist soil conditions, **N**

Ginkgo - deciduous, mature size 60' height 40' wide, moderate growth rate, moist soil condition

Holly

Savannah - evergreen, mature size 45' height 15' width, moderate to rapid growth rate, moist soil condition, **N**

Magnolia

Ann (Japanese) - deciduous, flower deep rich purple-red color, mature size 15' height 12 wide, slow growth rate, moist soil condition

Bracken's Brown - evergreen, mature size 50' height 30' wide, rapid growth rate, moist soil condition

D.D. Blanchard - evergreen, mature size 70' height 35' wide, rapid growth rate, moist soil condition

Little Gem - evergreen, mature size 25' height, 15' wide, slow growth rate, moist soil condition

Jane (Japanese) - deciduous, flower red-violet with white center mature size 15' height 12 wide, slow growth rate, moist soil condition

Southern - Evergreen, mature size 75' to 50' wide, slow to moderate growth rate, dry to moist soil condition, **N**

Sweetbay - semi-evergreen, mature size 60' height 40' wide, moderate growth rate, wet to slight dry soil condition, **N**

Maple

Bloodgood (Japanese) - deciduous, mature size 20' height 15' wide, slow growth rate, moist soil condition

Brandywine - deciduous, mature size 50' height 40' wide, moderate-rapid growth rate, moist soil condition

Emperor (Japanese) - deciduous, mature size 15' height 12' wide, slow growth rate, moist soil condition

Green/Sugar - deciduous, mature size 35' height 20' wide, rapid growth rate, moist soil condition

Red - deciduous, mature size 50' height 35' wide, rapid growth, moist to wet soil condition, **N**

Silver - deciduous, mature size 80' height 50' wide, rapid growth rate, moist solid condition

N - Native to Area

Oak

Live (red oak) - deciduous, mature size 90' height 40' wide, rapid growth then moderate growth, moist to wet soil condition, fall color, knees in wet areas, **N**

Nuttall (red oak) - deciduous, mature size 80' height 50' wide, rapid growth rate, moist-wet soil condition

Overcup (white oak) - deciduous, mature size 80' height 50' wide, moderate growth rate, moist-wet soil condition

Sawtooth - deciduous, mature size 70' height 60 wide, rapid growth, moist soil condition

Willow (red oak) - deciduous, mature size 75' height 50' wide, moderate growth rate, moist soil condition

Peach

Weeping Pink Cascade - deciduous, showy bright pink flowers mature size 15' height 15' wide, moderate growth rate, moist soil condition

Pecan

Caddo - deciduous, mature size 90' height 75' wide, moderate growth rate, moist to dry soil conditions

Elliot - deciduous, mature size 90' height 70' wide, moderate growth rate, moist to dry soil condition

Jackson - deciduous, mature size 70' height 40' wide, moderate growth rate, moist to dry soil condition

Native - deciduous, mature height 75' 50' wide, moderate to rapid growth, moist to dry soil conditions, **N**

Pine

Southern - Evergreen, mature size 100' height 50' wide, moderate to slow growth rate, moderate wetness soil condition, **N**

Spruce - Evergreen, mature size 90' height 40' wide, slow growth rate, moist soil condition, **N**

Popular

Tulip - deciduous, mature size 100' height 40' wide, rapid growth rate, moist soil condition, **N**

Redbud

Heart of Gold - deciduous, mature size 25' height 35' wide, rapid then moderate growth rate, moist soil condition

Merlot - deciduous, mature size 15' height 15' wide, moderate growth rate, moist soil condition

Native - deciduous, mature size 25' height 25' wide, slow to moderate growth, moist soil condition, **N**

Rising Sun - deciduous, mature size 12' height 12' wide, moderate growth rate, moist soil condition

River Birch

Native - deciduous, mature size 50' height 35' wide, fast growth, moist-wet soil condition, **N**

Heritage - deciduous, mature size 50' height 40' wide, rapid growth rate, moist-wet soil condition

N - Native to Area

Serviceberry

Autumn Brilliance - deciduous, mature size 25' height 20' wide, moderate growth rate, moist soil condition

Native- deciduous, mature size 25' height 20' wide, moderate growth rate, moist to dry soil conditions, **N**

Sweet Olive - evergreen, mature size 25' height 15' wide, slow-moderate growth rate, moist soil condition

Sycamore

American - deciduous, mature size 100' height 50' wide, rapid growth, moist soil condition, **N**

Vitex

Shoal's Creek - deciduous, violet flowers, mature size 15' height 15' wide, rapid growth rate, moist soil condition

Wax Myrtle - evergreen, mature size 20' height 15' wide, rapid growth rate, moist-dry soil condition

Willow

Weeping - deciduous, mature size 50' height 50' wide, rapid growth rate, moist soil condition

Zelkova

Green Vase - deciduous, mature size 80' height 60' wide, moderate-rapid growth rate, moist soil condition

N - Native to Area
