EAGLE ORDNANCE™

American Tradition - Swiss Precision

Precision Meets Tradition

Eagle Ordnance is poised to redefine the U.S. ammunition market by delivering premium, precision-engineered rounds through our collaboration with Beretta-owned European ammunition factories. Our unique approach combines heritage, technology, and quality to address the growing demand for reliable ammunition.

Our launch offering, the **5.56×45 FMJ (M193) 55-grain premium round**, is manufactured in Switzerland by a facility trusted by over 30 global military forces including the Swiss Army, ensuring unmatched accuracy, quality, and consistency.

By leveraging state-of-the-art production facilities, **Eagle Ordnance** can meet the needs of a rapidly growing customer base with a focus on reliability and superior accuracy. **Eagle Ordnance** is well prepared to accommodate large scale manufacturing demands. Whether for civilian use, law enforcement, or defense applications.

Product Lines

Starting in **Q1 2025**, **Eagle Ordnance** will offer **four (4) distinct ammunition lines**, addressing diverse array of market needs:

- **Swiss Line:** Premium quality ammunition with accessible pricing-balancing performance, quality, and affordability.
- **Tactical Line:** Tailored for law enforcement requirements.
- **Target & Practice:** Cost-effective rounds for civilian and law enforcement training.
- **Red Line:** Non-standard ammunition in Soviet calibers, fulfilling a high-demand gap in the U.S. market.

Caliber Offerings

Our current lineup includes the following:

- **5.56×45** (55gr. FMJ, 64gr. FMJ, 62gr. Green Tip)
- **7.62×51** (FMJ 147gr.)
- **7.62×39** (FMJ 123gr.)
- **9×19** (115gr, 124gr.)

Eagle Ordnance is dedicated to meeting a wide range of ammunition needs at competitive rates. Beyond our current offerings, we have the capacity to deliver hundreds of millions of rounds in a diverse array of calibers, ensuring reliable solutions for any requirement. The company prides itself on its ability to adapt to customer needs, ensuring delivery of the highest quality ammunition available.

EAGLE ORDNANCE™

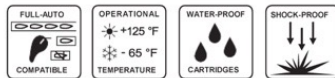

American Tradition - Swiss Precision

5.56×45 FMJ (M193) 55gr

Non-corrosive, versatile round with best-in-class accuracy

Optimal solution for long twist barrels

Premium ammunition

Cartridge	5.56×45 / .223 Rem.	
Projectile	FMJ, 3.6g/55gr	
Projectile material	tombac jacket, lead core	
Ballistic coefficient G1	0.280 (ICAO)	
Primer	SINOXID	
Case material	CuZn – alloy (Brass)	
Cartridge weight	11.6g	
Performance		
Term of reference	MC-MOPI	
Temperature range	-65.2 °F to +125.6 °F (-54 °C to +52 °C)	
Mean case mouth pressure + 3s	max. 64,542 psi (4,450 bar)	@68.8 °F (21 °C)
Mean velocity at 10.9 yd. (10m)	3,225 ± 49 fps (983 ± 15 m/s)	510 mm barrel
Mean energy at 10.9 yd. (10 m) (Min – Max)	1,739 J (1,687 – 1,793 J)	
Accuracy at 328 yd. (300 m)	$s_H; s_V \leq 60$ mm	
Penetration at 328 yd. (300 m)	5 mm steel plate, S235JR, 60°	
Packaging		
Standard cardboard box	10rds /stripper clip, 50rds /cardboard box, 1,000rds /carton box, 50,000rds / pallet
