

ROHINI TEMBHURNIKAR

Data Analyst

(+91) 801013232 | rohinitembhurnikar3@gmail.com | Gondia, Maharashtra | [LinkedIn](#) | [Portfolio](#) | [Github](#) | [Tableau](#)

PROFESSIONAL SUMMARY

Data Analyst skilled in transforming complex datasets into strategic insights using **Python, SQL, and Tableau**. Recently completed a hands-on internship where I built dashboards, automated reporting, and **cleaned** large-scale datasets using **Pandas**. Experienced in end-to-end analytics projects—from web scraping and data prep to insight storytelling and **visualization**.

EXPERIENCE

Data Analyst Intern

TopN Analytics

October 2024 – March 2025 | Remote

- Built **4+** interactive dashboards in **Tableau** and **Looker Studio** across Procurement, Retail, Sustainability, and Executive domains, accelerating reporting efficiency by **40%** and enabling faster decision-making for **3+** stakeholder teams.
- Scraped and processed **1000+** rows of real-time data using **Python** and BeautifulSoup, applied **NumPy** and **Pandas** for cleaning, improving data accuracy by **85%**.
- Collaborated with **cross-functional** teams to translate business needs into analytical solutions, resulting in increased dashboard adoption across departments.

PROJECETS

House Price Prediction | Python | [Link](#)

- Cleaned and analysed **10,000+** housing records to identify patterns in property pricing using **Pandas**, **Seaborn**, and **Matplotlib**, streamlining preprocessing efforts.
- Built and evaluated a **linear regression model** to predict house prices, demonstrating strong performance in estimating market value based on selected features.

Employee Performance Analysis | Tableau, Excel | [Link](#)

- Analysed **200+** employee records to identify trends in salaries, productivity scores, and performance metrics.
- Developed interactive dashboards, reducing HR reporting time by **40%** and improving evaluations transparency.

Music Store Analysis | SQL | [Link](#)

- Processed **10,000+** sales records in **MySQL** to identify best-selling playlists and top customer preferences.
- Optimized sales strategy by analysing genre trends, leading to a **15%** increase in targeted promotions.

Customer Churn Report | Tableau, Excel | [Link](#)

- Analysed **9,000+** customer transactions to uncover key factors driving churn, suggesting to a **5%** increase in retention.
- Delivered actionable insights to support strategic decision-making and improve customer retention strategies.
