 Primo Payment Solutions

FCD's Money Station

"PIN-Based" Bankcard Payment & ATM Style Cash-Back Systems

Your Customer pays the cost !

For "PIN" Based Bankcard Purchases, Payments and Access to Cash

If you want to **eliminate**
your bankcard
processing costs, & the
associated banking /card
& fund restrictions....

**But you realize that
Customers love to pay**
with their Debit &
Checking Cards ...

Then FCD's
Money \$tation
System is Your
ideal solution !

- ✓ For instantaneous
Electronic Cash Payment &
Cash-Back Transactions
- ✓ Formatted to act like an
ATM transaction
- ✓ Customer CAN'T Stop it
- ✓ You can charge a FEE for
system usage
- ✓ Instant "Real time" transfer
of funds to your Bank
account

A "Stand-Alone" or "Clerk-Activated" Dual Functioning **Profit Center**

YOU set the
cash / transaction
parameters

**Your Customer
Pays the
Processing cost**
via your Usage /
Surcharge Fee

Customer can
withdraw funds
from his Credit,
Checking or Debit
Card, as long as he
has his PIN #

**There's NO MONEY
in the machine !**

- ✓ It issues a Ticket for
the transaction
- ✓ It is the receipt of the
cash transfer from his
bank account to yours
- ✓ Clerk takes ticket as
payment for goods
and services...or to
provide the customer
with "cash back"

The System Pays YOU!
