“ These are the times that try men’s souls ”.

Thomas Paine

Especially, if you are in business !!

Unfortunately, Paine’s words still ring true . 200+ years of trial and error still plague the U.S. business marketplace.

The American Business of today faces problems of deciphering best practices in payments processing, and ready & available capital access when it is needed.

FCD exists to provide you the services and capital solutions you desire to take your operation to the Next Level.
Everybody Wins !!

We are aligned with Institutional and 3rd Party Lenders and Providers, who take an **“Out of the Box – Can Do”** approach in providing access to their programs. **They want to say “Yes”**

We invite you to contact us. You’ll quickly discover that **We’re on “Your Side”**, and are completely committed to helping you discover and secure the solutions that will meet your needs !

At some point in time, every business, has the need for more money.

Cash Flow is the life blood, and Capital, is the oxygen that keeps a business alive

Access to Capital is crucial to the life or death of every Business Operation

The Capital exists. However, the capital access environment is in a constant state of flux.

FCD works within this maze. Our job is to help those in need, to obtain the services and capital they seek.
